SUBJECT PROPERTY INFORMATION			
Location (address):	10353 E Mississippi Avenue; Denver, CO 80247		
Assessor's Parcel Numbers:	06154-04-046-000		
Area in Acres or Square Feet:	80,819 SF (1.855 AC)		
Current Zone District(s):	B-1* (Ordinance 44 1994)		
PROPOSAL			
Proposed Zone District:	S-MX-3		
PRE-APPLICATION INFORMATION			
In addition to the required pre-application meeting with Planning Services, did you have a concept or a pre-application meeting with Development Services?	<input checked="" type="checkbox"/> Yes - State the contact name & meeting date <u>2/15/24 - MS Teams</u> <input type="checkbox"/> No - Describe why not (in outreach attachment, see bottom of p. 3)		
Did you contact the City Council District Office regarding this application ?	<input checked="" type="checkbox"/> Yes - if yes, state date and method <u>3/21/24 - Zoom</u> <input type="checkbox"/> No - if no, describe why not (in outreach attachment, see bottom of p. 3)		

REZONING REVIEW CRITERIA (ACKNOWLEDGE EACH SECTION)

<p>General Review Criteria DZC Sec. 12.4.10.7.A</p> <p>Check box to affirm and include sections in the review criteria narrative attachment</p>	<p><input checked="" type="checkbox"/> Consistency with Adopted Plans: The proposed official map amendment is consistent with the City's adopted plans, or the proposed rezoning is necessary to provide land for a community need that was not anticipated at the time of adoption of the City's Plan.</p> <p>Please provide a review criteria narrative attachment describing how the requested zone district is consistent with the policies and recommendations found in each of the adopted plans below. Each plan should have its' own subsection.</p> <p>1. Denver Comprehensive Plan 2040</p> <p>In this section of the attachment, describe how the proposed map amendment is consistent with <i>Denver Comprehensive Plan 2040's</i> a) equity goals, b) climate goals, and c) any other applicable goals/strategies.</p> <p>2. Blueprint Denver</p> <p>In this section of the attachment, describe how the proposed map amendment is consistent with: a) the neighborhood context, b) the future place type, c) the growth strategy, d) adjacent street types, e) plan policies and strategies, and f) equity concepts contained in <i>Blueprint Denver</i>.</p> <p>3. Neighborhood/ Small Area Plan and Other Plans (List all from pre-application meeting, if applicable):</p> <hr/>
<p>General Review Criteria: DZC Sec. 12.4.10.7. B & C</p> <p>Check boxes to the right to affirm and include a section in the review criteria for Public Health, Safety and General Welfare narrative attachment.</p>	<p><input checked="" type="checkbox"/> Uniformity of District Regulations and Restrictions: The proposed official map amendment results in regulations and restrictions that are uniform for each kind of building throughout each district having the same classification and bearing the same symbol or designation on the official map, but the regulations in one district may differ from those in other districts.</p> <p><input checked="" type="checkbox"/> Public Health, Safety and General Welfare: The proposed official map amendment furthers the public health, safety, and general welfare of the City.</p> <p>In the review criteria narrative attachment, please provide an additional section describing how the requested rezoning furthers the public health, safety and general welfare of the City.</p>
<p>Review Criteria for Non-Legislative Rezoning: DZC Sec. 12.4.10.8</p> <p>For Justifying Circumstances, check box and include a section in the review criteria narrative attachment.</p> <p>For Neighborhood Context, Purpose and Intent, check box and include a section in the review criteria narrative attachment.</p>	<p>Justifying Circumstances - One of the following circumstances exists:</p> <p><input type="checkbox"/> The existing zoning of the land was the result of an error;</p> <p><input type="checkbox"/> The existing zoning of the land was based on a mistake of fact;</p> <p><input type="checkbox"/> The existing zoning of the land failed to take into account the constraints of development created by the natural characteristics of the land, including, but not limited to , steep slopes, floodplain, unstable soils, and inadequate drainage;</p> <p><input checked="" type="checkbox"/> Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. Such change may include:</p> <p style="padding-left: 20px;">a. Changed or changing conditions in a particular area, or in the city generally; or,</p> <p style="padding-left: 20px;">b. A City adopted plan; or</p> <p style="padding-left: 20px;">c. That the City adopted the Denver Zoning Code and the property retained Former Chapter 59 zoning.</p> <p><input type="checkbox"/> It is in the public interest to encourage a departure from the existing zoning through application of supplemental zoning regulations that are consistent with the intent and purpose of, and meet the specific criteria stated in, Article 9, Division 9.4 (overlay Zone Districts) of this Code.</p> <p>In the review criteria narrative attachment, please provide an additional section describing the selected justifying circumstance. If the changing conditions circumstance is selected, describe changes since the site was last zoned. Contact your pre-application case manager if you have questions.</p> <p><input checked="" type="checkbox"/> The proposed official map amendment is consistent with the description of the applicable neighborhood context, and with the stated purpose and intent of the proposed Zone District.</p> <p>In the review criteria narrative attachment, please provide a separate section describing how the rezoning aligns with a) the proposed district neighborhood context description, b) the general purpose statement, and c) the specific intent statement found in the Denver Zoning Code.</p>

REQUIRED ATTACHMENTS

Please check boxes below to affirm the following **required** attachments are submitted with this rezoning application:

- Legal Description of subject property(s). **Submit as a separate Microsoft Word document.** View guidelines at: <https://www.denvergov.org/content/denvergov/en/transportation-infrastructure/programs-services/right-of-way-survey/guidelines-for-land-descriptions.html>
- Proof of ownership document for each property owner signing the application, such as (a) Assessor's Record, (b) Warranty deed, or (c) Title policy or commitment dated no earlier than 60 days prior to application date. If the owner is a corporate entity, proof of authorization for an individual to sign on behalf of the organization is required. This can include board resolutions authorizing the signer, bylaws, a Statement of Authority, or other legal documents as approved by the City Attorney's Office.
- Review Criteria Narratives. See page 2 for details.

ADDITIONAL ATTACHMENTS (IF APPLICABLE)

Additional information may be needed and/or required. Please check boxes below identifying additional attachments provided with this application.

- Written narrative explaining reason for the request** (optional)
- Outreach documentation attachment(s).** Please describe any community outreach to City Council district office(s), Registered Neighborhood Organizations (RNOs) and surrounding neighbors. If outreach was via email- please include email chain. If the outreach was conducted by telephone or meeting, please include contact date(s), names and a description of feedback received. If you have not reached out to the City Council district office, please explain why not. (optional - encouraged)
- Letters of Support.** If surrounding neighbors or community members have provided letters in support of the rezoning request, please include them with the application as an attachment (optional).
- Written Authorization to Represent Property Owner(s)** (if applicable)
- Individual Authorization to Sign on Behalf of a Corporate Entity** (e.g. if the deed of the subject property lists a corporate entity such as an LLC as the owner, this is document is required.)
- Affordable Housing Review Team Acceptance Letter**
- Other Attachments.** Please describe below.

RE: 10353 E Mississippi Rezoning Review Criteria Narrative

Introduction

On behalf of Bellco Credit Union, we are pleased to submit this proposed zoning map amendment for 10353 E. Mississippi Avenue in the Windsor Neighborhood, located in City Council District 5. This rezoning is intended to facilitate redevelopment of a now vacant drive-through ATM facility into a mixed-use commercial development. Anticipated uses for the site include a small (650 SF) drive-through coffee shop, a dental office and a veterinary clinic.

This application differs from prior withdrawn and failed rezoning applications for this site because the adjacent Rangeview Neighborhood Association supports the proposed community-serving uses. No automotive uses are proposed on the site.

Consistency with Adopted Plans

Denver's adopted plan guidance provides clear support for the requested zoning map amendment. The current zoning of 10353 E Mississippi Avenue is B-1 with a condition, approved in 1994. B-1 is a Former Chapter 59 zone district. The condition approved with the current zoning requires that the site only be developed according to a 1993 recorded site plan. That site plan exclusively permits an eight-aisle, drive-through automated teller machine (ATM) facility in the center of the site, flanked by parking to the east and west. Without a rezoning, this site cannot be redeveloped other than as detailed in the 1993 recorded site plan and it will remain vacant.

The proposed S-MX-3 zoning will bring the site under the current Denver Zoning Code (DZC) and will align the site zoning with adopted City plan recommendations.

The following adopted plans currently apply to 10353 E Mississippi Avenue:

- Denver Comprehensive Plan 2040
- Blueprint Denver (2019)

Denver Comprehensive Plan 2040

Rezoning the site from B-1 with conditions to S-MX-3 zoning is consistent with the following strategies identified in the *Denver Comprehensive Plan 2040*:

Equitable Affordable and Inclusive vision element:

- Equitable Affordable and Inclusive Goal 1, Strategy C- Improve equitable access to resources that improve quality of life, including cultural and natural amenities, health care, education, parks, recreation, nutritious food and the arts. (p. 28).

Rezoning will permit development of a dental clinic, increasing access to health care for the neighborhood.

Strong and Authentic vision element:

- Strong and Authentic Neighborhoods Goal 1, Strategy A – Build a network of well connected, vibrant, mixed-use centers and corridors (p. 34).
- Strong and Authentic Neighborhoods Goal 1, Strategy D – Encourage quality infill development that is consistent with the surrounding neighborhoods and offers opportunities for increased amenities (p. 34).

The requested map amendment will enable mixed-use development at an infill location where the only currently permitted use is a drive-through ATM facility.

Environmentally Resilient vision element:

- Environmentally Resilient Goal 8, Strategy A – Promote infill development where infrastructure and services are already in place (p. 54).
- Environmentally Resilient Goal 8, Strategy B – Encourage mixed-use communities where residents can live, work and play in their own neighborhoods (p. 54).

The site is an infill location where infrastructure is already in place. Rezoning will allow the provision of services in convenient proximity to residential neighborhoods.

The requested S-MX-3 zone district broadens the variety of uses allowing residents to live, work and play in the area, therefore the rezoning is consistent with *Denver Comprehensive Plan 2040* recommendations.

Blueprint Denver

Future Neighborhood Context & Future Place:

Blueprint Denver identifies the subject property as part of a Community Corridor within the Suburban Neighborhood Context. These designations support a variety of uses that can serve the surrounding neighborhoods.

Future Street Type:

Blueprint Denver identifies East Mississippi as a Residential Arterial.

The subject property and surrounding area to the west and north are identified as areas needing improved access to opportunity. In areas such as this, Blueprint Denver states that it is important to guide change in ways that increase access to basic goods, services and amenities to improve quality of life. The proposed S-MX-3 zoning district would allow for a variety of uses to develop and provide the surrounding neighborhoods access to basic goods, services and amenities.

Blueprint Denver also states that everyone in Denver deserves to live in a complete neighborhood, and that a complete neighborhood is where jobs, daily services and recreation are easily accessible.

The following Blueprint Denver policies are supportive of the proposed rezoning:

Land Use & Built Form: General

- Policy 1: Promote and anticipate planned growth in major centers and corridors and key residential areas connected by rail service and transit priority streets.
 - Strategy A: Use zoning and land use regulations to encourage higher density, mixed-use development in transit rich areas including community corridors. (p. 72)

The subject site is located along a Residential Arterial roadway and designated as a Community Corridor, which supports the proposed uses permitted by the S-MX-3 zone district. Per Blueprint Denver, Suburban Community Corridors should be consistent with the character of the surrounding area in scale and design. Rezoning to SMX-3 would fit into the character of the surrounding area given the site previously had commercial use, and the adjacent commercial lots are zoned S-MX-5.

Additionally, Blueprint Denver calls for building heights to be up to 5 stories (70' tall) in Suburban Community Corridors. S-MX-3 would limit building heights to 45' tall, which would be significantly below the 70' threshold. Given the proximity to nearby residential, special attention was given to the transition between the existing zone districts. S-MX-3 would be an appropriate zone district as it serves as a transition from S-MX-5 to S-SU-I, since S-SU-I allows for 35' tall single-family homes.

- Policy 3: Ensure the Denver Zoning Code continues to respond to the needs of the city, while remaining modern and flexible.
 - Strategy A: Rezone properties from the Former Chapter 59 zoning code so that the entire city is covered by the current Denver Zoning Code, including continuing to incentivize owners to come out of the old code. (p. 73)

The proposed rezone to S-MX-3 would bring the subject property out of the Former Chapter 59 zoning code, and into the current DZC.

Mobility

- Policy 01: Encourage mode-shift – more trips by walking and rolling, biking and transit – through efficient land use and infrastructure improvements.
 - Strategy D: Increase the number of services and amenities that are available by walking, rolling and biking by integrating more local centers and corridors into residential areas, especially for areas that score low in Access to Opportunity. (p. 108)
 - Strategy E: Promote mixed-use development in all centers and corridors. (p. 108)

The proposed site is in an area that scored low in the Access to Opportunity measurements. Residential uses are located immediately to the north and west, and across Mississippi Avenue to the south. The proposed S-MX-3 zoning would provide an opportunity to develop the site and

increase the services, amenities and jobs available to the surrounding neighborhood, thus expanding the ability for walking, rolling and biking by neighbors to the site.

Given the subject property's location, we find that the rezoning request is consistent with Blueprint Denver, especially since The Future Neighborhood Contexts Map for the site is Suburban, and the Future Places Map identifies the site as a Community Corridor.

Uniformity of District Regulations and Restrictions

The proposed official zone map amendment to S-MX-3 creates a new, uniform zone district with applicable standards for the entirety of the proposed site. The new zone district will create a high-density zoning district that will allow for a variety of uses that fit the Suburban Commercial Corridor Context, per the Comprehensive Plan and Blueprint Denver. The regulations are uniform, and the site plan will be appropriately reviewed for design criteria.

Public Health and General Welfare

The proposed map amendment furthers the public health, safety and general welfare of the City through implementation of adopted plan guidance. Rezoning to S-MX-3 will permit uses and building form standards that promote public health and general welfare in comparison to the current vacant ATM facility by allowing the development of needed goods and services for the surrounding residents.

Additional Review Criteria for Non-Legislative Rezoning

The justifying circumstance for the rezoning is defined in Denver Zoning Code Section 12.4.10.8.A.4: "Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. Such change may include: (c.) That the City adopted the Denver Zoning Code and the property retained Former Chamber 59 rezoning." The adoption of the Denver Zoning Code in 2010 and the retention of Former Chapter 59 B1 zoning, including a custom condition requiring compliance with the 1993 site plan, justifies the proposed rezoning.

Conclusion

In summary, this map amendment application complies with the applicable review criteria. Modifying the zoning of the property to S-MX-3 will allow the site to be redeveloped in a manner that supports adopted plan vision for the area.

RE: 10353 E Mississippi Equity Analysis Response

In 1994, the 10353 E. Mississippi property was rezoned to B-1 with a condition requiring that it be used only for a drive-up facility serving a neighboring bank building. In 2016, Belco Credit Union tore down the neighboring bank building and rebuilt it with relocated drive-up lanes. Since that time, use of the drive-up facility on the property has ceased, but the site remains subject to its conditional B-1 zoning. As presently zoned, the property has only one permissible use, as a drive-up facility for a bank. Consequently, the site has lain dormant and is not contributing anything to the community. It has attracted graffiti, illegal dumping and illegal encampments.

By addressing the blight conditions currently present at 10353 E. Mississippi through rezoning and redevelopment will address equity concerns by improving public safety and giving nearby residents the opportunity to live and work in a complete, connected neighborhood with access to community services and amenities.

Response to Access to Opportunity: This area has been deemed Less Equitable in terms of access to parks. While this is only a 1.85 acre site, the developers plan to retain a sizable landscaped retention area of 6,700 SF that will provide publicly available green space for the community and buffer the site from adjacent single family homes across Geneva Street. Through neighborhood outreach, we have learned that neighbors enjoy walking through this area.

This area scored Somewhat Equitable in access to healthcare. Through the provision of a dental office, we will expand walkable and bikeable access to medical care in this community.

This area was deemed Least Equitable in terms of access to transit. We will provide bike and pedestrian infrastructure to encourage nearby residents to walk or bike to and from the site.

Response to Vulnerability to Displacement: This site has been, and is proposed to remain, a commercial site. No residents will be displaced due to the proposed rezoning and redevelopment. Through our community outreach efforts to the Rangeview Neighborhood Association, we have learned that neighboring residents would object to multi-family residential projects being developed on this site, especially multi-story residential projects.

Response to Housing Diversity: While this area scored 1 out of 5 in terms of housing diversity, we know that there is strong community opposition to the development of any form of residential housing other than a single-family home on the 1.85 acre site.

Response to Expanding Jobs Diversity: With less than 100 jobs in this community, the data values in the equity matrix are not applicable, however this site will provide quality job opportunities for dentists, hygienists and other professionals working in the dental office as well

as quality opportunities for veterinarians and veterinary assistants working in the veterinary clinic.

10353 E Mississippi Community Outreach Report

Red Mountain Group

City Council Outreach

- Meeting with Councilmember Sawyer (via Zoom) – March 21, 2024

Councilmember Sawyer directed the Red Mountain team to work with the adjacent Rangeview Neighborhood Association to reach agreement on the rezoning application. She noted that the neighborhood had previously opposed development of a fuel station on the site and would not support development of other automobile service uses. Councilmember Sawyer also noted that the community would like to see building heights capped at 2 stories.

Councilwoman Sawyer and representatives of Red Mountain agreed to prepare covenants that will run with the land to be executed and filed with the Denver Clerk and Recorder's Office to codify use restrictions preventing future development of fuel stations on the site and capping development heights at 2-stories to address concerns expressed by Rangeview Neighborhood Association.

Red Mountain contacted At-Large Councilmembers Serena Gonzales-Gutierrez and Sarah Parady by email on May 20, 2024 with offers to meet and brief them on the project. The team has not yet received responses to these offers.

Red Mountain also contacted LUTI Committee Chair Councilwoman Amanda Sandoval on April 19, 2024. The Councilwoman declined meeting in advance of LUTI Committee.

Registered Neighborhood Organization Outreach

- Meeting with Rangeview Neighborhood Association Leadership – February 26, 2024
- Rangeview Neighborhood Association Annual Meeting – April 2, 2024

Rangeview Neighborhood Association leadership conveyed enthusiasm for seeing the site rezoned and redeveloped. They also expressed strong opposition to the development of a fuel station or other automotive service uses on the site. Rangeview would prefer no entries and exists on Geneva Street if possible.

Tim Dollander and David Cole with Red Mountain Group provided an overview of the proposed uses for the site including a 650 SF drive-thru coffee shop, a dental office and a veterinary clinic. The neighborhood supported the proposed community-service uses.

Rangeview voted to support the proposed rezoning at their Annual Association meeting on April 2, 2024.
