5. **General description or background of proposed request. Attach executive summary if more space needed:**  
(who, what, why)

This contract provides services to Denver Parks and Recreation for on-call material placement in Denver parks. The two main sites for work are playgrounds and medians. Materials to be placed may include mulch, landscape rock, cobblesand, gravel, breeze, soil, and playground material such as engineered wood fibar. Amending to extend the contract with this vendor, as our other contracted vendor pulled their machinery mid-contract and are only offering product with no placement capabilities.

### Scope of work:

This contract is for on-call material placement in Denver Parks. The two main sites for work are playgrounds and medians but may also include other park spaces, gardens, parkways, etc. Materials to be placed may include mulch, landscape rock, cobblesand, gravel, breeze, soil, and playground material such as engineered wood fibar. Fibar is to be refilled at DPR playgrounds at least once per year. Many locations require a refill twice per year depending on use. Playgrounds are typically refilled with fibar in the spring and refreshed in the fall if needed. Median material placement will happen throughout the year on an as-needed basis.
