RE: Schwalm Talpa FSR Robotic System F-600 – Quote 121624SF

Dear Rick,

On behalf of the Vortex Products division, it is my pleasure to present you with our quote for a Schwalm Talpa FSR 1330 & 2060 12-pin Cues compatible robotic cutting system integrated into a new Ford F-600. At Vortex we understand that you are making a substantial investment into the upgrade of your equipment and materials for improved installation efficiencies and product performance.

Enclosed you will find the following:

- Price quote
- Detailed list of included equipment and materials
- Product brochure

Beyond this purchase, it is important to know that we are here to help you succeed by offering classroom and field training, technical support, equipment repair and maintenance services, as well as remote troubleshooting when necessary.

For your reference here is a list of the cooperative agreements we are a part of:

- **BuyBoard** – Contract Numbers 731-24 & 730-24
- **TIPS** – Contract Number 231102
- **HGAC** – TP07-18

In the meantime, if you have any questions regarding this quotation, I can be reached at
Ph: +1-936-827-6109 or email sfuller@vortexcompanies.com.

I look forward to speaking to you soon.

Sincerely,

Sean Fuller

INTEGRATION COST DISCLOSURE STATEMENT

Effective: September 18, 2023

Notice of Integration Cost Variability

This Integration Cost Disclosure Statement ("Disclosure Statement") is provided to inform our valued customers about potential variations in integration costs associated with our services. At Schwalm USA, we are committed to transparency and ensuring that you have a clear understanding of how integration costs may be subject to change.

Integration Cost Fluctuations

The integration cost provided to you is an estimate based on the condition of the truck at the time of assessment. It is important to understand that the actual integration cost may vary due to several factors, including but not limited to:

Truck Condition: The condition of the truck, including its age, maintenance history, and overall state, can significantly impact the integration process. Unexpected repairs or additional work may be necessary, which can affect the final integration cost.

Parts and Materials: The cost of parts and materials required for the integration process can fluctuate due to market conditions, availability, and supplier pricing changes.

Labor Costs: Labor costs may vary based on factors such as complexity, labor rates, and the time required to complete the integration. Unforeseen challenges during the integration process may also affect labor costs.

Regulatory Changes: Changes in regulations and compliance requirements related to truck integration can lead to additional costs or modifications needed to meet new standards.

Customization Requests: If you have specific customization requests or additional features you wish to integrate, these can impact the final cost, and we will communicate any associated changes.

Our Commitment

While integration costs may be subject to change, we are dedicated to maintaining open communication with our customers throughout the process. Our team will keep you informed of any cost adjustments as soon as they become necessary due to unforeseen circumstances or changes in project scope.

Estimate Accuracy

We strive to provide accurate estimates based on our initial assessment of the truck's condition and your project requirements. However, please understand that estimates are not guarantees, and the final integration cost may be different from the initial estimate.

Customer Approval

Before proceeding with any changes that may affect the integration cost, we will seek your approval and provide a revised cost estimate for your consideration. Your satisfaction and understanding of the costs involved in your integration project are important to us.

By affixing your signature to the following page and accepting this quotation, you signify your acknowledgment that you have thoroughly reviewed and comprehended the contents of the Integration Cost Disclosure Statement.

SCHWALM ROBOTIC SYSTEM

Payment Terms

Payment shall be due in full within 30 days (net 30) from the date of delivery of the unit.

NOTICE

1. Due to extreme supply chain volatility across the industry, product pricing is now valid for 30 days. Should you have prior prices or quotes please reach out for updated pricing regularly until further notice.
2. Please contact sales@vortexcompanies.com to qualify and lock-in pricing for specific projects and or time frame.
3. All prices are subject to local sales and use taxes.
4. Customer is responsible for offloading equipment at time of delivery.

CUSTOMER PURCHASE ORDER AUTHORIZATION

The following section is to be completed by the Customer and constitutes a legal and binding purchase order agreement by and between Schwalm USA and the undersigned Customer. This agreement is for the manufacture, and delivery, of the above referenced equipment, selected options and accessories, by Schwalm USA, to the undersigned Customer. Any cancellation of this binding agreement by the Customer, on or prior to the delivery date of the equipment, will result in the forfeiture of the Customer's down payment. This agreement is subject to Schwalm USA [Terms and Conditions](#) effective on the date this agreement is received, which are incorporated in full by this reference. Schwalm USA reserves the right to refuse acceptance of any order.

MULTI-PURPOSE PIPELINE REHAB ROBOTS

Schwalm Talpa Robots

- Air-driven
- Rugged and durable
- USA Service and support
- Interchangeable attachments
- High-resolution camera
- Can integrate with most CCTV systems

SCHWALM TALPA FSR 1330

For 6" - 12" Pipe

SCHWALM TALPA FSR 2060

For 8" - 24" Pipe

DEGREES OF FREEDOM

- Robot carriage: drives forward/backward
- Access arm: swivels up/down
- Access arm: swivels clockwise/counterclockwise
- Tooling mount: swivels about transverse axis up/down
- Camera: 270° camera swiveling in lateral axis (+/- 135°)

VORTEX

Cut Through Pipes
and Protruding
TAPS Faster

POWERFUL

EFFICIENT

Cut Through Pipes and Protruding TAPS Faster

The incredibly powerful Schwalm Talpa series **delivers fast and efficient grinding and cutting solutions.** Simply add one of many cutting heads and experience the power for yourself. **The Liner Cut Pro** ball milling head easily cuts through liners, PVC, and other plastic materials that often protrude from laterals. For tougher jobs, attach our **Mushroom Milling Cutter** to cut through clay, cement, even ductile iron.

RELATED ATTACHMENTS

- Mushroom Head Milling Cutter
- Tungsten Carbide Ball Cutter
- Polycrystalline Diamond (PCD) Ball Milling Cutter

VORTEX

Patch and Plug

QUICK

COMPATIBLE

Patch and Plug

INSTALL LATERAL CONNECTION SEALS

Known for its cutting capabilities, Schwalm robots are also widely used to install lateral connection seals to stop infiltration and exfiltration.

PERFORM POINT REPAIRS

Schwalm is compatible with standard point repair systems to install pipe patches and inner pipe sealing systems.

QUICKLY INSTALL LATERAL PLUGS

Use the **Schwalm Reusable Lateral Plug** to temporarily or permanently plug laterals and dead-end lines. The entire process only takes a few minutes to complete.

RELATED ATTACHMENTS

- Pipe-Robo-Tec®
- Compression Plugs
- Mechanical Packer Air Hose Assembly

VORTEX

AccuPower®

HIGH PRESSURE

WATER JETTER

AccuPower® High Pressure Water Jetter

VORTEX ACCUPOWER® HIGH PRESSURE WATER JETTER

The AccuPower delivers up to 40,000 psi of ultra high power, water jetting performance for the most demanding pipe cleaning and cutting projects. **Powered by Schwalm**, AccuPower will clean, clear, and cut through obstructions with ease in **pipes ranging from 8-48" in diameter.**

LEGENDARY SCHWALM VERSATILITY

Turn your Schwalm 2060 into a 40,000 PSI precision cleaning machine in minutes! Not much stands in the way of AccuPower High Pressure Water Jetter. It can clean, cut and slice through the toughest materials with ease.

Note: European kit components slightly different.

BASE PACKAGE

The Vortex AccuPower Water Jetter is currently compatible with the Schwalm 2060 model, and includes the following:

- Pelican Case (for safe storage of kit components)
- AccuPower swivel arm attachment (1)
- Hose Whip (1)
- Twin Jet Spray Bar (1)
- 4" Lance with caps (1)
- 12" Lance with caps (1)
- 8 Jets in the following sizes:
 - 0° Jets #.027 & .038 (4)
 - 15° Jets #.027 & .038 (4)
- Camera lens protector with 10 shields
- Blue Goop, oil-based thread lubricant
- Water Proof Caulk & Seal (for face plates)
- Hose and Reel Cage (including 100-200 ft. of additional hose)
- Training Program with Certificate of Completion

Choice of Nozzles Based On The Job

THE ACCUPOWER® PACKAGE INCLUDES THREE HIGH PERFORMANCE NOZZLES FOR MAXIMUM CLEANING AND CUTTING POWER

4" Lance

The 4" Lance is equipped with 0° and 15° jets for aggressive cutting and standard cleaning/cutting applications. Adjustable Lance Caps, ranging from 3mm to 30mm, are included for cutting multiple CIPP liner thicknesses.

12" Lance

The 12" Lance also feature 0° or 15° jetter options and two CIPP caps. This nozzle is designed for removing CIPP in pipe sizes 20" and up. It also comes in handy when you need to create distance between the debris and the camera.

Twin-Jet Spray Bar

The Twin-Jet Spray Bar attachment is used for removing debris from the bottom of the pipe without damaging its surface.

VORTEX

Cleaning Capabilities

PRECISE

RUGGED

Cleaning Capabilities

Looking to descale and clean 6"-24" pipes with ease? Schwalm's **durable, precise and rugged characteristics** allow for fast and efficient cleaning. Choose from a variety of attachments to best fit your cleaning needs!

RELATED ATTACHMENTS

- Robo Cyclone™ — The industry's best premium descaling chain just got better.
- Robo Smart Spider™ — Quickly convert your Schwalm into a descaler for fragile pipes.
- Robo Smart Cutter™ — Grind away seams, welding beads, and other inconsistencies in the pipe quickly and easily.
- Robo Grabber — Exclusively designed for a Schwalm, it turns your robot into a retrieval device.
- Ripsaw™ Rotating Turbo Nozzle — Cut through roots, grouts and cements, blasts through grease, as well. The Ripsaw blasts a 0° water stream up to 3200 PSI. Provides 18° cone of coverage.

Fast and Efficient Pipe Prep

With the **highly versatile** Schwalm robot, it's never been easier to prep your pipe for rehabilitation! Choose from a wide variety of available attachments to **attack your pipe's condition** and remove unwanted materials from your pipe. With a Schwalm, you can prep pipes ranging from 6" to 24".

RELATED ATTACHMENTS

- Chisel for Talpa 2060
- Robo Grabber™
- Air Grinder: Use your Schwalm with our Pneumatic Disc Grinder, rotating at 12,000 rpm, for removing excess material or cutting metallic objects into pieces.

| Picote Robo Tools

Picote Robo Tools are exclusively available ONLY for Schwalm Robots. A specially designed air motor can be mounted on an existing Schwalm Talpa FSR 2060 Robot to operate the new tools. The air motor, developed by Schwalm Robotics GmbH, runs at max 1,500 rpm. Combine Picote's exclusive Robo Tools with the advanced Schwalm Robotic System to create a powerful and versatile solution for your job site.

ROBO SMART CUTTER™

Take advantage of the fine-tuning power of the Robo Smart Cutter. Use the cutting ball and then follow up with this incredible attachment. Grind away seams, welding beads, and other inconsistencies in the pipe quickly and easily. Steering option included. Available sizes: 6", 8", 10" and 12"

ROBO CYCLONE™

Descale pipe like never before with the Picote Premium Cyclone Chain. Mount the Robo Cyclone on a robot for efficient cleaning and grinding. Available sizes: 6", 8", 10" and 12"

ROBO GRABBER™

Turn your robot into a retrieval device by adding the Robo Grabber. Remove items from hard-to-reach places. Reclaim a tool or item weighing up to 77 lb. Available sizes: Regular Grabber for 4" or larger pipes.

ROBO SMART SPIDER™

Descale fragile pipes with ease with your multi-use robot. Gentle on brass connections in water mains. Available sizes: 6" & 8"

Schwalm Mobile Robotics System Trailer

Ask about the Schwalm Mobile Robotics System Trailer that is **equipped with everything you need** to conduct full-scale inspecting, cleaning, and cutting operations!

Base and custom-built models available.

Existing CCTV System? Schwalm is completely compatible with all industry-leading CCTV equipment! This saves you money and reduces your capital equipment expenses.

Designed for ultimate efficiency, every Schwalm Trailer comes with these exclusive Schwalm components:

- Talpa FSR 2060 Robot
- Talpa FSR 1330 Robot
- 500 LB Crane with Lighting
- 500 FT Air Hose Reel
- 660 FT Cable Reel
- Wash Down Tank for Cleaning Robots and Lens
- Comprehensive Control Unit
- Double Monitors
- Built-in Generator, Air-Compressor
- Solar Panels
- Built-in Joy Sticks (Desk Top)
- Optional PS4 Controls
- And Much More!

UPR 10x48-UV	10"x48" UV Point Repair
UPR 12x24-UV	12"x24" UV Point Repair
UPR 12x48-UV	12"x48" UV Point Repair

Note: United Point Repair - UV can only be used to install patching material for pipes ranging from 6" to 12" diameter.

Reliable, Cost-Effective, and Seamless Spot Repair for Mainline Pipes

DESCRIPTION

Address I&I, exfiltration, roots, and off-joint connections without the hassle and expense of a complete reline. United Point Repair - UV (UPR-UV) uses clean ultraviolet light cure technology for reliable mainline point repair.

Its no-shrink design anchors itself within the pipe and averages just 0.13" thick after curing.

UPR-UV features highly chemical resistant, styrene-free UV resin with an extremely high glass Transition temperature of 266°F | 130°C.

ADVANTAGES

- **FAST:** Cures completely in only 10 minutes, allowing crews to complete more jobs
- **VERSATILE:** Repairs in mainlines 6"-12" made of concrete, PVC or vitrified clay pipe
- **SEAMLESS:** Transitions smoothly into the host pipe walls, with minimal reduction in flow capacity
- **STRONG:** Restores pipe sections with durable bonding

UNITED POINT REPAIR - UV CURING KIT COMPONENTS

- 1 — Control Box
2 — Cable Drum
3 — End Caps

- 4 — UV Packer/Light Sets
5 — Wheel Sets
6 — Silicone Bladder for Packer (not shown)
