## 5. General description or background of proposed request. Attach executive summary if more space needed:

This is a multiple award on-call construction agreement that will provide Inside/Outside Plant Telecommunications Infrastructure Engineering, Construction, and Installation services. The agreement will allow the contractors to collaborate with Denver International Airport (DEN) staff and perform such tasks as may be required to construct and/or build a communication infrastructure. This will consist of locating and/or relocating existing cable infrastructure and installation of new services to support new construction of buildings, standalone communications 'huts', internal distribution frame (IDF) rooms, and other structural components that require telecommunications services. Each of the On-Call Inside-Outside Plant Telecom Infrastructure Services contracts is for three years, with a maximum contract amount of \$5,000,000. The contracts will also include one optional two-year extension.
