The Contractor agrees to fully comply with the Rules and Regulations required by the US Department of Housing and Urban Development (HUD) which govern the Homeless Management Information System (HMIS). HUD requires recipients and sub recipients of McKinney-Vento Act Funds to collect electronic data on their homeless clients through HMIS. Programs that receive funding through McKinney-Vento that produce an Annual Progress Report (APR) must also collect program level data elements. The Contractor, in addition to the HUD requirements, shall conform to the HMIS policies established and adapted by the Metro Denver Homeless Initiative (MDHI) and the Balance of the State CoC.

Technical assistance and training resources for HMIS are available to the Contractor via the Colorado HMIS Helpdesk based on requests by the Contractor and by periodic assessments of participation, compliance and accuracy of data collection.

Security

The importance of the integrity and security of HMIS cannot be overstated. **All** workstations, desktops, laptops, and servers connected to the Contractor's network or computers accessing the HMIS through a Virtual Private Network (VPN) must comply with the baseline security requirements. The Contractor's HMIS computers and networks must meet the following standards:

HUD Continuum of Care Data Standards

Revised HMIS Data Standards will go into effect October 1, 2014 and Contractor is required to collect data based on these new standards. For the MDHI Continuum of Care/Balance of the State Continuum of Care, the **City of Denver** and its Contractor's will collect Universal and CoC Program Specific Elements. The Contractor is required to attend the HMIS training on the data collection requirements for these revised standards.

MDHI HMIS User Group Meetings

The Contractor should attend at least three HMIS user group meetings during the contract year. User Group offers valuable and informative information on HMIS and is a forum to ask questions and address issues

SCOPE OF WORK
THE COLORADO COALITION FOR THE HOMELESS
16th Street Housing First

related to HMIS. Typically, MDHI's HMIS User Group meets at Mile High United Way on Thursdays and the Balance of the State user group meets via webinar every other month. The Colorado HMIS team sends out meeting reminders. Information may be found on the Metro Denver Homeless Initiative web page - <http://mdhi.org> and the meeting schedule may be found their page at - <http://mdhi.org/calendar/>.

Data Quality Standards

- The Contractor must maintain an overall program Data Quality completeness score of 95% or higher.
- The Contractor must enter HMIS data (program enrollments and services) into the system within five business days of the actual enrollment or service provided date.
- Colorado Coalition for the Homeless (CCH) reserves the right to request Data Quality reports from Colorado HMIS for Subrecipient's programs on a monthly basis.
- CCH reserves the right to participate in on-site HMIS audits.
- CCH reserves the right to request Data Timeliness tests from Colorado HMIS at any time on Subrecipient's programs in HMIS.
- CCH reserves the right to request detailed APRs (displaying client-level data) and summary APRs (displaying aggregate-level data) from Colorado HMIS at any time during the project's operating year. APRs are used to review and monitor the Contractor's program data quality and progress toward achieving annual project goals and outcomes per HUD and MDHI requirements. The Contractor's APR data will be consolidated with other Subrecipients and CCH data to fulfill HUD annual reporting requirements.
