EXECUTIVE SUMMARY

Tait Environmental Services, Inc.

Tait Environmental Services, Inc. (Tait) specializes in the engineering, construction, maintenance and service of petroleum storage tanks. Tait will be a first-time contractor to the City, but they have extensive established business in Southern California, Texas, and the west.

Tait was selected, as one of two successful bidders, to provide the City with on-call services to aid the City in the management (maintenance, renovation, inspection, replacement) of its 100 plus storage tanks, dispensing infrastructure, and related systems.

The City has not guaranteed any work to Tait. Tait may be assigned work by the Department of Environmental Health, Public Works, and other departments who own tanks, to complete future projects. Furthermore, Tait may be called upon to perform urgent work related to an accident or equipment failure involving any of the City's tanks.
