MNG,

Hope this isn't too late. Busy weekend and just found it.

Hi,

I am a '66 graduate of Loretto Heights College and arrived in 1962 as a freshman from Honolulu, HI, and felt a long way from home. I arrived late at night on a Saturday and a nun met me and took me into the building. I was the only one there (I guess I arrived early) and climbed into the bunk bed and listened to the building clink and clank and fell hard asleep after a long trip. Soon the building was ringing with laughter and happiness. The historic nature, the lovely hall ways, the majesty sitting on the hill. I walked around the building

the next day in awe and felt at home almost instantly. There were not too many gorgeous old buildings (then!) and now with the rehabbing of the building, others I hope will feel the same way. Long live Pan Hall!

I am a 1972 graduate of Loretto Heights College. How I feel about this place and what it did to the betterment of my life is ineffable. I received my degree in Nursing and worked for 50 years in the Denver area, retiring 3 years ago. Many, many memories, many long term friends are the result of my four years there. It truly is a sacred place for me, and I believe others as well. The graduates deserve this designation, the Sisters deserve this designation, Denver deserves this designation.
Sincerely, Judith A.Dougherty

Subject: [EXTERNAL] Historic Designation Hearing for Pancratia Hall (Loretto Heights campus)

To Whom It May Concern:

I am delighted to support a historical designation for Pancratia Hall, the residential dormitory building completed in 1929 on the former Loretto Heights College Campus.

As a 1966 graduate, I lived in Pancratia Hall (affectionately known as "Pan Hall") for my junior and senior years at the college, having been a day student the prior two years. It holds many precious memories of good friends and great learning for me and many others.

It is especially meaningful to me that Pan Hall is being given new life and new purpose as affordable housing as it is being carefully restored and improved as part of the redevelopment of the campus.

I hope you will recommend historical designation for this lovely building moving forward.

I heartily affirm your landmarking Pancratia Hall on the Loretto Heights campus. As an LHC student, Pan Hall was my home from 1964-1966. As a Sister of Loretto since 1968, I have been on the campus often and have deep affection for Pancratia Hall, the beauty of the building, the legacy of what took place inside her walls...education for girls and women who would make important contributions to our city, our state, our nation, our world. Thank you for this important action.

Dear Members of Landmark Commission:

As a family with 2 generations having gained from Pancratia Hall living while in college at Loretto Heights College we are interested in its being landmarked as an important Colorado historical site.

The Sisters of Loretto were real pioneers and gave young girls and women an educated start in our territory days.

And now Pancratia Hall is being lovingly, thoughtfully given new life and value to a future many with the continued values the Sisters began.

Please give serious consideration to landmark designation for Pancratia Hall.

Thank you,
Mary M McDonald, LHC '67
Marjorie C Hausman, LHC'45

I am a 1968 graduate of Loretto Heights College. I am a retired Registered Nurse, and although I have not lived in Denver, I did attend annual alumni luncheons on the campus until it was not possible to have the event there. I lived in Pan Hall for 2 1/2 years. Pan Hall was not just a dormitory, it was my home. Every time I saw the building, it brought back wonderful memories. It was a place where I grew up. I had the experience not only to receive a college education, but to change and be a responsible adult. I believe the Denver community would benefit from having Pan Hall designated a landmark. This would be a tribute to the Sisters of Loretto remembering their legacy in education.

To: Commission members
From: Sister Lydia Peña SL

From 1951 to 1955 I was a student at Loretto Heights College (LHC) and lived in Pancratia Hall all four years. In September 1955, I responded to a call to become a Sister of Loretto. In 1965 I was assigned to teach at my alma mater, LHC.

I taught there until 1988, leaving the college as a full professor. When the college closed, I was blessed to go with one of the three programs that went with Regis University.

I give my affirmation for the historical designation of Pancratia Hall, named after Mother Pancratia Bonfils, a woman who enhanced education in our great state of Colorado.

I am deeply grateful for your work that also enhances education in Colorado.

To the Historical Landmark Commission:
My name is Cece Espinoza Holt. I am a proud
1970 graduate of Loretto Heights college.
I had the privilege of living in beautiful Pancratia Hall during my four years as student

It's still saddens me that the college closed before my own children could be students there. The Loretto campus is definitely a historical place in the history of Southwest Denver

I applaud your efforts in identifying and naming Pancratia Hall as a historical landmark

Anytime I am in Denver I always make it a point to visit my beloved campus and I am so excited about that renewed development for that wonderful place on the hill

Sincerely

Cece Espinoza Holt

Hello,

I live on the borderline of the northwest quarter of the Loretto Heights campus on where Pancretia Hall is right next door to me. The 1929 gothic revival style building, with the celtic crosses on the roof tops, was designed by the nephew of architect, Frank Edbrooke, who designed the historic Academy/Administration building of 1890.

I support the affirmation of historical designation and landmarking for Pancretia Hall.
