6. General description of proposed ordinance including contract scope of work if applicable:

This IGA will allow the City to reimburse CDOT for construction of improvements on Central St., the project known as the “Central Street Promenade”, enhancing pedestrian access to the 16th St. bridge over I-25 by constructing sidewalks and other improvements from 16th St. to 20th St. on Central St.

The City applied for and was granted Federal Enhancement Funds in the amount of \$701,000 via the DRCOG TIP funding process in 2008. This project was originally to be designed and constructed by the City but after coordination issues arose with an adjacent CDOT project on I-25 it was more prudent to let CDOT construct the City project to limit the conflicts and possible construction of “throw away sections”. This contract will allow the City to “turnover” the funding and the City’s matching funds to CDOT to allow them to construct the improvements. The CDOT Project Number is CC C10- 095 and the subaccount (WBS) number is 17098. Project funds are located in Project ID - PF00607_008, Fund/Org 31020/5011102.
