Name:Jim Barwick

Phone:720-913-4535

Email:james.barwick@denvergov.org

5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved

a. Scope of Work

This IGA will allow the City to reimburse CDOT for construction of improvements on Central St., the project known as the "Central Street Promenade", enhancing pedestrian access to the 16th St. bridge over I-25 by constructing sidewalks and other improvements from 16th St. to 20th St. on Central St.

The City applied for and was granted Federal Enhancement Funds in the amount of \$700,000 via the DRCOG TIP funding process in 2008. This project was originally to be designed and constructed by the City but after coordination issues arose with an adjacent CDOT project on I-25 it was more prudent to let CDOT construct the City project to limit the conflicts and possible construction of "throw away sections". This contract will allow the City to "turnover" the funding and the City's matching funds to CDOT to allow them to construct the improvements. The CDOT Project Number is CC C10- 095 and the subaccount (WBS) number is 17098. Project matching funds are located in Project ID - PF00607_008, Fund/Org 31020/5011102. This IGA will also allow CDOT to construct a railing upgrade to the 15th Street bridge over I-25 that is being replaced as part of this project. The cost for the improved railing is \$79,250, and is included in this request. The funding for the railing will come from PZ03401_007.

b. Duration

NTP to completion

c. Location

Approximately 16th St/Central St

d. Affected Council District

9

e. Benefits

Construction of the Central St. Promenade project

f. Costs

\$380,250.00 in CIP matching funds. \$700,000 from Federal Enhancement Funds via DRCOG TIP funding.

6. Is there any controversy surrounding this ordinance, groups or individuals who may have concerns about it? Please explain.

No
