DSBO Assigned Goals:

DSBO Goals Commitment:

Council District: All

Source of funds (CIP/BOND/GRANT/CDOT):

Background: The proposed ordinance extends the term 3 years of the existing IGA signed in 2009 and also allow Solid Waste Management to offer compost to certain sites. The City currently services 148 schools and administrative sites with weekly trash collection and 138 sites with weekly recycling. School District 1 is billed on a monthly basis for this service based on the amount of service each site receives weekly. The ordinance will also allow Solid Waste Management to offer compost collection service to sites that are in close proximity to the current compost collection areas.
