5. **General description or background of proposed request. Attach executive summary if more space needed:**
(who, what, why)

The City manages its centralized vehicle fleet through the Department of Transportation and Infrastructure (DOTI). During the budget process, DOTI Fleet identified vehicles requiring replacement due to age and mileage. At this time there are no electric vehicle (EV) options available because of the operational requirements of these vehicles.

The 2026 fleet replacement requests were approved by City Council in the Long Bill (CB25-1813). This request seeks the authorization to proceed with a purchase order for the approved vehicle replacement for the DOTI operational fleet. This purchase is for one 2026 Caterpillar asphalt paving vehicle for Street Maintenance Operations, replacing a 2015 asphalt paving vehicle. Based on age and extensive maintenance costs, Street Maintenance Operations requested this unit to be replaced this year.
