

Manager Allegra "Happy" Haynes
Members, Parks and Recreation Advisory Board
Denver Parks and Recreation Department
201 West Colfax Avenue, Dept. 601
Denver, CO 80202

Please be advised that I am writing this letter to support the renaming of Northside Park to Carpio-Sanguinette Park. Both of these entities have provided a large amount of support to Denver Parks and Recreation, Mr. Carpio was instrumental in getting the Northside sewage treatment park in Globeville named the Northside park. The Sanguinette family has been involved in this area since 1853 and continue to live in this neighborhood near the park. I have a young family member, my cousin Louis, who is related to this family and still carries the Sanguinette name. He would be very proud to have this area named after his family and ancestors.

Mr. Carpio served this City for many years and deserves to have something named for all the work that he did while a member of City Council for all of District 9 some of the most underserved neighborhoods of the City and County of Denver. He provided support for many projects and protected these neighborhoods. He left a legacy by training the people like Ms. Ortega to follow in his footsteps and do so many great things for the City.

On a national level Mr. Carpio was very well respected and deserves this honor along with the Sanguinette family and I hope that this name change will happen. My husband and I have been associated with this area for over 65 years and would like to know that we assisted in getting this done for both the Carpio and Sanguinette family, two groups who were instrumental in making Globeville what it is today.

If you have any questions please feel free to contact me at 303-296-4961.
