FOR ENCROACHMENTS & ENCUMBRANCES IN THE PUBLIC RIGHT-OF-WAY

**Any Submittal not meeting all minimum checklist criteria herein will be rejected as incomplete.**

## Encroachments shall be in accordance with:

- [Rules and Regulations Governing Encroachments & Encumbrances in the Public Right-of-Way](#)
- [Transportation Standards and Details for the Engineering Division](#)

## Application

- Signed by adjacent property owner** as owner of Encroachment or authorized Special District representative

## Evidence of Adjacent Property Ownership & Property Legal Description

*Required for all Encroachment Permit Applications*

- Current Title Work/Warranty Deed confirming ownership and legal description for adjacent property
- Property Legal Description in Word format

## Legal Description sealed and signed by a Professional Land Surveyor licensed in Colorado

*Required for Tier II Underground Encroachments and all Tier III Encroachments, can be submitted after 1<sup>st</sup> review*

- Encroachment Area Legal Description and Exhibit(s) in PDF format stamped and signed by PLS
- Encroachment Area Legal Description in Word format

## Site Plans sealed and signed by a Professional Engineer licensed in Colorado

### GENERAL

- Vicinity map
- North arrows and numerical and bar scales (Scale not to exceed 1" = 40')
- Legend
- PE stamp area
- Plan set date and revision number (if applicable)

### PLAN VIEW

*Show, label and dimension existing and proposed final site conditions, including but not limited to the following (aerial imagery is allowed; however, it does not replace requirement for accurately scaled engineering drawings):*

- Property lines, right-of-way width
- Edge of pavement, curb and gutter, sidewalks, nearby driveways and alleys
- Street lights, pedestrian lights, signal poles, utility poles
- Surface utility features (e.g. cabinets, handholes, manholes, inlets, vaults, valves, fire hydrants)
- Regulatory Floodplain boundaries (FEMA)
- Underground and overhead utilities (e.g. water, sewer, power, communications, gas, irrigation)
- Trees and landscaping in the ROW
- Street names and adjacent property address(es)
- Regional Transportation District (RTD) bus stop with any amenities
- Location and size of Encroachment – Show and dimension limits of both above and below ground elements

- Construction Materials
- Projection from building
- Distance from Encroachment to the nearest flowline
- Distance from Encroachment to any other Streetscape feature/obstruction in the vicinity
- Distance from property line to back of curb
- Electrical service alignment, electrical connection location, and voltage/amps
- No proposed Encroachments located in the intersection clear zone per Transportation Std. Dwg. 7.9

**ELEVATION OR CROSS-SECTION VIEWS**

- Location and size of Encroachment – Show and dimension limits of both above and below ground elements
- Existing and final grade
- Existing utilities and their size and depth
- Vertical height/clearance of the Encroachment from finish grade

**DETAIL SHEET(S)**

- Manufacturer’s and/or construction detail(s)
- Referenced City detail(s) by drawing number on the appropriate plan and elevation view(s)
- Office of the Forester’s (OCF) tree protection detail and notes
- Special, non-standard, or modified City details

**STRUCTURAL PLANS**  Not Applicable

- Structural plans
- Manufacturers certification

**ADDITIONAL REQUIRED MATERIAL(S)**  Not Applicable

- Approval from applicable reviewing authorities (e.g. design review district, floodplain, Arts & Venues)
- For properties sharing the Encroachment, appropriate legal documentation for review by the City

**COMMENT RESOLUTION SHEET(S) IF APPLICABLE**  Not Applicable for 1<sup>st</sup> Submittal

- Reviewer’s and Agency Name
- Review comments (reviewer comments must be verbatim)
- Formal written response to each comment

**Fees:**

**Fees must be paid immediately after ER provides a project number and invoice for your application.**

## ATTESTATION:

**By submitting this permit application and signing below, I understand and agree to the following:**

1. That I am the property owner adjacent to the Encroachment Area, or the authorized representative of a Special District, that is responsible for the placement, maintenance, repair, replacement, removal, site restoration, ownership, or is otherwise responsible for the Encroachment in accordance with the Rules & Regulations for Encroachments and Encumbrances in the Public Right-of-Way.
2. That it is the City's sole discretion to classify the Tier of an Encroachment and whether to grant an Encroachment Permit based on any facts the City feels are relevant. The issuance of an Encroachment Permit confers no rights to the Right-of-Way, the Encroachment Permit is revocable and DOTI can order the removal of the Encroachment and restoration of the Encroachment Area for any reason the City feels relevant.
3. Permittee agrees to defend, indemnify, reimburse and hold harmless the City, its appointed and elected officials, agents and employees for, from and against all liabilities, claims, judgments, suits or demands for damages to persons or property arising out of, resulting from, or relating to an Encroachment Permit and the Encroachment ("Claims"). This indemnity shall be interpreted in the broadest possible manner to indemnify City for any acts or omissions of Permittee or its subcontractors either passive or active, irrespective of fault, including City's negligence whether active or passive.
4. Permittee's duty to defend and indemnify City shall arise at the time written notice of the Claim is first provided to City regardless of whether claimant has filed suit on the Claim. Permittee's duty to defend and indemnify City shall arise even if City is the only party sued by claimant and/or claimant alleges that City's negligence or willful misconduct was the sole cause of claimant's damages.
5. Permittee will defend any and all Claims which may be brought or threatened against City and will pay on behalf of City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation. Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City's exclusive remedy.
6. Insurance coverage requirements specified in an Encroachment Permit shall in no way lessen or limit the liability of Permittee under the terms of this indemnification obligation. Permittee shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.
7. This defense and indemnification obligation shall survive the expiration or termination of any issued Encroachment Permit.
8. Permittee is fully responsible for all costs to install, maintain, repair, replace, remove, and restore the Encroachment Area, including annual City Encroachment Permit Fees. A lien will be placed on the Permittee's property for failure to remove a revoked or abandoned Encroachment for cost incurred by CCD to remove the Encroachment and restore the Encroachment Area on behalf of the Permittee.
9. Indemnity and Insurance for Tier I and Tier II Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier I or Tier II Encroachment, the Owner of such Tier I or Tier II Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier I or Tier II Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$2,000,000 policy aggregate. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.
10. Indemnity and Insurance for Tier III Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier III Encroachment, the Owner of such Tier III Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier III Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$5,000,000 policy aggregate. A combination of primary and excess coverage may be used to meet the aggregate limit. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.

Is this project associated with a LAND DEVELOPMENT REVIEW?

Yes  No  If 'Yes', provide Project Master, Site Plan and/or Concept Development Project Numbers:

2016PM0000508

**Location Description:** (e.g. Located on the South side of 23rd Ave, twenty (20) feet from face of curb, and ten (10) feet west of pavement on Private Drive.)

A private storm sewer pipe is located approximately at the northwest corner of the development property. The pipe is approximately 37' long, 8 inches in diameter.

**Description of Encroachment:**

*Describe the proposed encroachment, including the type, dimensions, and quantity of objects. If the space below is not enough space to describe the encroachment, attach the description as a sheet. Additionally, provide required application materials in accordance with the Permit Entrance Requirements. It is not acceptable to use "please see attached plans" or other vague descriptors.*

The encroachment will be a proposed storm sewer line which is 8" in diameter. This line will convey detained storm water flows from a pumped underground detention facility to a proposed public storm sewer inlet within Cherry Creek N. Drive right-of-way.

**Justification for Private Improvements in the Public ROW:**

*Private improvements should be located on private property. Only in cases where there are physical constraints that preclude the placement of private improvements on private property that an encroachment may be considered within the right-of-way. Make your case as to why this is a good use of the public right-of-way. It is not acceptable to use "you want/need it" or other vague descriptors.*

There is limited existing infrastructure adjacent to the development parcel. An existing private storm sewer facility serving the development to the north of the site crosses Cherry Creek N. Drive right-of-way. It has been determined that adding a curb inlet to this storm sewer line would allow the city to claim the sewer line as public storm sewer. The curb inlet would also be considered public, and will help alleviate poor existing drainage conditions. This storm sewer inlet is the proposed point of connection for the detention facility outlet, and due to its location north of the Site, it is not feasible to tie-in to the storm sewer perpendicular to right-of-way.

Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City's exclusive remedy.
6. Insurance coverage requirements specified in an Encroachment Permit shall in no way lessen or limit the liability of Permittee under the terms of this indemnification obligation. Permittee shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.
7. This defense and indemnification obligation shall survive the expiration or termination of any issued Encroachment Permit.
8. Permittee is fully responsible for all costs to install, maintain, repair, replace, remove, and restore the Encroachment Area, including annual City Encroachment Permit Fees. A lien will be placed on the Permittee's property for failure to remove a revoked or abandoned Encroachment for cost incurred by CCD to remove the Encroachment and restore the Encroachment Area on behalf of the Permittee.
9. Indemnity and Insurance for Tier I and Tier II Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier I or Tier II Encroachment, the Owner of such Tier I or Tier II Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier I or Tier II Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$2,000,000 policy aggregate. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.
10. Indemnity and Insurance for Tier III Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier III Encroachment, the Owner of such Tier III Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier III Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$5,000,000 policy aggregate. A combination of primary and excess coverage may be used to meet the aggregate limit. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.
