RECITALS

A. On July 22, 2014, the United States Congress enacted the Workforce Innovation and Opportunity Act of 2014 (“WIOA”) to provide, among other things, workforce investment activities through statewide and local workforce development systems, increase employment, retention, and earnings of participants, and increase attainment of occupational skills by participants. Through such activities, WIOA seeks to improve the quality of the workforce, reduce welfare dependence, increase economic self-sufficiency, meet the skill requirements of employers, and enhance the productivity and competitiveness of the productivity and competitiveness of the Nation.

B. The City and County of Denver has been designated by the Governor of the State of Colorado as a local workforce investment area in order to receive and allocate WIOA funding and to otherwise coordinate WIOA activities. In addition, a local workforce development board has been established to carry out any WIOA specified functions.

C. The City has been or will be designated by the State of Colorado as a sub-recipient of WIOA funds for the Denver local area pursuant to an agreement with the State of Colorado Department of Labor and Employment in order to implement and coordinate WIOA activities with the City’s Local Board in accordance with WIOA.

D. WIOA requires, among other things, certain partnering and collaboration activities to align WIOA with other federally funded workforce programs including without limitation certain elements of the Federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (“PRWORA”) related to the Temporary Assistance for Needy Families program (“TANF”) (PRWORA/TANF-CFDA# 93.558).

E. In 2020, the City, through a competitive process, designated the Contractor as the One Stop Operator to implement a comprehensive one-stop system for workforce investment activities in the City and County of Denver including providing services at certain City owned or operated facilities.

F. The Mayor and the Local Board have determined to extend the Contractor's designation as the One Stop Operator for the term of this Agreement to ensure the continued operation workforce services and related activities in accordance or consistent with WIOA.

G. This Agreement, and its Exhibits, sets forth the conditions upon which the One-Stop Delivery System will be implemented in accordance with applicable laws.

The Parties therefore agree as follows:

- 11.4. Termination for Convenience:** The City has the right to terminate the Agreement without cause upon twenty (20) days prior written notice to the Contractor. However, nothing in this Section shall be construed as giving the Contractor the right to perform Services under this Agreement beyond the time when such Services become unsatisfactory to the DWS Director.
- 11.5. Termination for Delinquent Loans, Contract Obligations, and Taxes:** Further, the City may also suspend or terminate this Contract, in whole or in part, if Contractor becomes delinquent on any obligation to the City inclusive of any loan, contractual, and tax obligation as due, or with any rule, regulations, or provisions referred to herein; and the City may declare the Contractor ineligible for any further participation in City funding, in addition to other remedies as provided by law. In the event there is probable cause to believe the Contractor is non-compliant with any applicable rules, laws, regulations, or Contract terms, the City may withhold up to one hundred (100) percent of said Contract funds until such time as the Contractor is found to be in compliance by the City or is otherwise adjudicated to be in compliance, or to exercise the City’s rights under any security interest arising hereunder.
- 11.6. Termination due to Impossibility:** Notwithstanding anything contained herein to the contrary, the City and the Contractor may terminate this Agreement upon a joint determination of the impossibility of the Contractor to perform its obligations hereunder in conformance with any continuing and effective public health orders issued by the State of Colorado or the City (collectively and as may be adopted, amended, revised, or supplemented, “Public Health Orders”). Notwithstanding the foregoing, such right of termination shall only be exercised after the Contractor has, to the reasonable satisfaction of the City, exhausted all other alternative methods of performance to comply with such Public Health Orders while performing all obligations hereunder. Such alternative methods of performance shall include, without limitation: 1) temporarily suspending performance of applicable portions or all of the Services with no monetary penalties imposed by the City due to such suspension; 2)

engaging in approved social distancing requirements as described in the Public Health Orders; and/or 3) performing all or a portion of the Services remotely or electronically where feasible. All determinations of impossibility shall be reasonably determined jointly by the City and the Contractor upon consultation in good faith and, if so determined, shall also specify an effective date of termination of this Agreement to occur no later than twenty (20) days from the date of such determination. Nothing contained herein shall be construed as prohibiting or limiting the right of the City to otherwise terminate this Agreement in conformance with the terms and conditions of this Agreement. If this Agreement is terminated in accordance with this clause, the City shall be liable only for payment under the provisions of this Agreement for Services satisfactorily rendered by the Contractor before the effective date of termination.

- 11.7. Termination by Contractor:** Contractor may terminate this Agreement, upon written notice to the DWS Director if the City materially breaches this Agreement and fails to cure such breach within ninety (90) days (or within such longer period as agreed upon by the Parties in writing) following receipt of written notice thereof from the Contractor.
- 11.8. Payment upon Termination:** Upon termination of the Agreement, upon any ground, the Contractor shall have no claim against the City by reason of, or arising out of, incidental or relating to termination, except for compensation that has not been disallowed by the City for work duly requested and satisfactorily performed or Services satisfactorily provided as described in the Agreement.
- 11.9. Return of Materials and Equipment:** If the Agreement is terminated, the City is entitled to and will take possession of all materials, equipment, tools and facilities it owns that are in the Contractor's possession, custody, or control by whatever method the City deems expedient. The Contractor shall deliver all documents in any form that were prepared under the Agreement and all other items, materials and documents that have been paid for by the City to the City. These documents and materials are the property of the City. The Contractor shall mark all copies of work product that are incomplete at the time of termination "DRAFT-INCOMPLETE."

The Contractor shall cooperate with City representatives and City representatives shall be granted access to the foregoing documents and information during reasonable business hours and until the latter of three (3) years after the final

payment under the Agreement or expiration of the applicable statute of limitations. When conducting an audit of this Agreement, the City Auditor shall be subject to government auditing standards issued by the United States Government Accountability Office by the Comptroller General of the United States, including with respect to disclosure of information acquired during the course of an audit. No examination of records and audits pursuant to this paragraph shall require the Contractor to make disclosures in violation of state or federal privacy laws. The Contractor shall at all times comply with Denver Revised Municipal Code Section 20-276.

- 12.2.** The Contractor will keep true and complete records of all business transactions under this Agreement, will establish and maintain a system of bookkeeping satisfactory to the City's Auditor and give the City's authorized representatives access during reasonable hours to such books and records, except those matters required to be kept confidential by law. The Contractor agrees that it will keep and preserve for at least three (3) years all evidence of business transacted under this Agreement for such period.
- 12.3.** The Contractor acknowledges that it is subject to any and all applicable regulations or guidance of the United States Office of Management and Budget including, but not limited to, all applicable laws, rules, regulations, policy statements, and guidance issued by the Federal Government (including the United States Office of Management and Budget), regarding audit requirements and access to records requirements. Non-profit organizations that expend \$750,000 or more in a year in federal awards shall have a single or program-specific audit conducted for that year in accordance with the provisions of 2 CFR Chapter I, Chapter II, Parts 200, 215, 220, 225 and 230, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" and applicable federal regulations.
- 12.4.** In addition to the requirements contained in **Exhibit C** concerning Audits, Contractor's auditor will provide an accounting certification that the audit was conducted in accordance with applicable standards set forth in the U.S. Office of Management and Budget ("OMB") circulars. All accounting practices will be in conformance with generally accepted accounting principles (GAAP). Contractor will complete and deliver a copy of its audit report as directed by the DWS Director. Contractor's agreements with Subcontractors will contain a clause stating that the Subcontractor is subject to the Audit Requirements of this Agreement or as may be imposed by applicable Federal, State and City Law. Final financial settlement under this Agreement will be contingent upon receipt and acceptance of Contractor's audit.
- 12.5.** If, as a result of any audit relating to the fiscal performance of Contractor or Subcontractor under this Agreement, the City receives notice of any irregularities or deficiencies in said audits, then the City will notify the Contractor of such irregularities or deficiencies. The Contractor will correct all identified irregularities or deficiencies within the time frames designated in the City's written notice. If the identified irregularities or deficiencies cannot be corrected by the date designated by the City,

then Contractor will so notify the City in writing and will identify a date that Contractor expects to correct the irregularities or deficiencies; provided, however, that if Contractor's notice is dated within thirty (30) calendar days prior to the Expiration Date or effective date of earlier termination, then Contractor's corrections will be made and submitted to the City on or before the fifth (5th) working day from the Expiration Date or effective date of earlier termination. If corrections are not made by such date, then the final resolution of identified deficiencies or disputes will be deemed to be resolved in the City's favor unless the Contractor obtains a resolution in its favor from the responsible federal official.

Section 13 Insurance

13. INSURANCE:

13.1. General Conditions: The Contractor agrees to secure, at or before the time of execution of this Agreement, the following insurance covering all operations, goods or services provided pursuant to this Agreement. The Contractor shall keep the required insurance coverage in force at all times during the term of the Agreement, including any extension thereof, and during any warranty period. The required insurance shall be underwritten by an insurer licensed or authorized to do business in Colorado and rated by A.M. Best Company as "A-VIII" or better. Such written notice shall be sent to the Parties identified in the Notices section of this Agreement. Such notice shall reference the City contract number listed on the signature page of this Agreement. The Contractor shall maintain, at its own expense, any additional kinds or amounts of insurance that it may deem necessary to cover its obligations and liabilities under this Agreement.

13.2. Proof of Insurance: Contractor may not commence services or work relating to this Agreement prior to placement of coverages required under this Agreement. Contractor certifies that the certificate of insurance attached as **Exhibit E**, preferably an ACORD form, complies with all insurance requirements of this Agreement. The City requests that the City's contract number be referenced on the certificate of insurance. The City's acceptance of a certificate of insurance or other proof of insurance that does not comply with all insurance requirements set forth in this Agreement shall not act as a waiver of

Contractor's breach of this Agreement or of any of the City's rights or remedies under this Agreement. The City's Risk Management Office may require additional proof of insurance, including but not limited to policies and endorsements.

- 13.3. Additional Insureds:** For Commercial General Liability, Auto Liability and Excess Liability/Umbrella (if required), Contractor and subcontractor's insurer(s) shall name the City and County of Denver, its elected and appointed officials, employees and volunteers as additional insured.

This indemnity shall be interpreted in the broadest possible manner to indemnify City for any acts or omissions of the Contractor or its subcontractors either passive or active, irrespective of fault, including City’s concurrent negligence whether active or passive, except for the sole negligence or willful misconduct of City.
- 14.2.** The Contractor’s duty to defend and indemnify City shall arise at the time written notice of the Claim is first provided to City regardless of whether Claimant has filed suit on the Claim. The Contractor’s duty to defend and indemnify City shall arise even if City is the only party sued by claimant and/or claimant alleges that City’s negligence or willful misconduct was the sole cause of claimant’s damages.
- 14.3.** Contractor will defend any and all Claims which may be brought or threatened against City and will pay on behalf of City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation. Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City’s exclusive remedy.
- 14.4.** Insurance coverage requirements specified in this Agreement shall in no way lessen or limit the liability of the Contractor under the terms of this indemnification obligation. The Contractor shall obtain, at its own expense, any additional insurance that it deems necessary for the City’s protection.
- 14.5.** This defense and indemnification obligation shall survive the expiration or termination of this Agreement.

Section 15 Compliance with Laws

- 15. COMPLIANCE WITH APPLICABLE LAWS:** The Contractor shall perform or cause to be performed all Services in strict compliance with all applicable laws, rules, regulations, and codes of the United States, State of Colorado, and with the Charter, ordinances, regulations, policies, and Executive Orders of the City and County of Denver, as amended from time to time, whether or not specifically referenced herein. 16. INTELLECTUAL PROPERTY RIGHTS:

16.1. Ownership: Except where the City has agreed in writing to accept a license or where expressly prohibited by federal law, the City and the Contractor intend that any and all copyright, trademark, servicemark, trade secret, patent, patent applications, or other intellectual property or proprietary rights, both registered and unregistered, whether existing now or in the future (“Intellectual Property”) in and to the Services, any other affiliated services supplied by the Contractor, directly or indirectly, and any creative works, inventions, discoveries, know-how, social media accounts, websites, domain names, and mobile applications, and any improvements to and derivative works of any of the foregoing, created, purchased, licensed, used, or supplied by the Contractor, a Subcontractor, or a third party contractor in connection with the Services are the sole property of the City.

16.2. Copyrightable Intellectual Property:

- a) The City and Contractor intend that Intellectual Property includes without limitation any and all records, case files, databases, materials, information, text, logos, websites, mobile applications, domain names, templates, forms, documents, videos, podcasts, newsletters, e-mail blasts, booklets, manuals, references, guides, brochures, advertisements, music, sketches, plans, drawings, prints, photographs, multimedia or audiovisual materials, negatives, specifications, software, data, products, ideas, inventions, templates, know-how, studies, reports, and any other work or recorded information created, purchased, licensed, used, or supplied by the Contractor, or any of its Subcontractors or other third party contractors, in connection with the services provided under this Agreement, in preliminary or final forms, in paper or electronic format, and on any media whatsoever (collectively, “Materials”). The Contractor shall not use, willingly allow another to use, or cause any Materials to be used for any purpose other than for the performance of the Contractor's duties and obligations under this Contract without the prior, express written consent of the City. To the extent permitted by the U.S. Copyright Act, 17 U.S.C. § 101, *et seq.*, the Materials are a “work made for

To the extent that the Materials are not a “work made for hire,” the Contractor hereby sells, assigns and transfers all rights, title and interest in and to the Materials to the City, including the right to secure copyright, patent, trademark, and other intellectual property rights throughout the world and to have and to hold such copyright, patent, trademark and other intellectual property rights in perpetuity.

- b) Contractor shall not create, purchase, license, supply or use any logos, software programs, software as a service, websites, mobile applications, domain names, social media accounts, or third party software, social media, applications or websites in connection with the Services or any other affiliated services supplied by the Contractor unless the program, product or service, in each case, is specifically identified as an expense on **Exhibit B** or Contractor has obtained the DWS Director’s prior written permission to create, purchase, license, supply or use the program, product or service and otherwise complied with all requirements of the City concerning said matter. The Contractor shall maintain and keep current an inventory, in such format as designated by the DWS Director, of all such approved Materials. Contractor will submit a copy of the most current version of the Materials inventory with Contractor’s periodic request for payment. The City will have final decision-making authority to determine and/or edit the final content, design, layout, format, and “look and feel” of any such Materials. The Contractor will ensure that all Materials, or any portion or version thereof, do not, directly or indirectly, in whole or in part, infringe upon any third party’s copyright, trademark, patent, or other intellectual property rights, title or interests.

16.3. Patentable Intellectual Property: The City and Contractor intend that Intellectual Property includes any and all software that is excluded from copyright materials as well as any improvement, invention, discovery, know-how, business method, or other invention which is or may be patentable or otherwise protectable under the laws of the United States (whether or not produced in the United States) conceived or first actually reduced to practice in the performance of work under this contract by the Contractor, or any of its third party contractors, in connection with the services provided under the Agreement. The Contractor shall immediately notify the DWS Director in writing of any such patentable Intellectual Property and provide the DWS Director with a complete written report describing in detail each specific software, know-how, method, invention, improvement or discovery.

16.4. Third Party Products, Materials and Processes: Contractor represents and warrants that the Services, and any other affiliated services supplied by Contractor in connection with this Agreement, will not infringe upon or violate the City’s Intellectual Property, any other rights held by the City to any intellectual property, or the intellectual property or proprietary rights of any third party. If the Contractor employs any third-party product, design, device, material or process covered by letter of patent or copyright, it

shall provide for such use by suitable legal agreement with the third party patentee or copyright owner. The Contractor shall defend, indemnify, and hold harmless the City from any and all claims for infringement by reason of the use of any such patented design, device, material or process, or any trademark or copyright, and shall indemnify the City for any costs, expenses and damages which it may be obligated to pay by reason of any infringement, at any time during the prosecution or after the completion of services. Where the Services, or any other affiliated services provided by Contractor, contain false, offensive, or disparaging content or portray the City, its appointed and elected officials, agents and employees, or any third party in a disparaging way, either as solely determined by the City or the third party, as appropriate, Contractor will immediately remove the false, offensive, or disparaging content. If Contractor fails to do so, the City will have the right, at the City's sole election, to immediately enforce any remedies available to it under this Agreement or applicable laws. The requirements and obligations contained in the preceding sentences of this Section 16.4 will not apply to a specific third-party patented device, material or processes that the DWS Director has directed, in writing, the Contractor to use.

Upon receipt of such permission, the Contractor shall fully coordinate all logo use with the City's Director of Marketing or, if and as directed, with a designated employee of the Agency.
- 16.7. Contractor's Pre-existing Intellectual Property:** Notwithstanding the language in Section 16.1, as between the Parties, Contractor shall retain all copyrights, trademarks, service marks, trade secrets, patents, patent applications, moral rights, contract rights and other proprietary rights in any and all pre-existing tools, routines, programs, designs, technology, ideas know-how, processes, formulas, techniques, improvements, inventions and works of authorship which were made, developed, conceived or reduced to practice by Contractor prior to the commencement of work under this Agreement and which have general applicability apart from the Services and any derivative works thereof (collectively, the "Contractor's Pre-existing Intellectual Property"). Contractor will within thirty (30) days from the Commencement Date, disclose to the DWS Director in writing all such Contractor's Pre-existing Intellectual Property including without limitation pre-existing Contractor owned source code or object code. - a) Except as expressly provided by the terms of this Agreement, Contractor agrees that it will not disseminate, transmit, license, sublicense, assign, lease, release, publish, post on the internet, transfer, sell, permit access to, distribute, allow interactive rights to, or otherwise make available City Confidential Information or any part thereof to any other person, party, or entity in any form of media for any purpose other than performing its obligations under this Agreement. Contractor further acknowledges that by providing City Confidential Information, the City is not granting to Contractor any right or license to use such information except as provided in this Agreement. In the event of the filing of a lawsuit to compel such disclosure, the City will tender all such material to the court for judicial determination of the issue of disclosure and Contractor agrees to intervene in such lawsuit to protect and assert its claims of privilege against disclosure of such material or waive the same. Contractor further agrees to defend, indemnify, save, and hold harmless the City from any Claims arising out of Contractor's intervention to protect and assert its claim of privilege against disclosure under this Section 18.2(e) including, without limitation, prompt reimbursement to the City of all reasonable attorneys' fees, costs, and damages that the City may incur directly or may be ordered to pay by such court.

Neither Party shall be held liable for any default, damages and/or breach of agreement should the performance of this Agreement be delayed and/or suspended due to any Force Majeure Event. In the event performance of this Agreement is delayed and/or suspended due to Force Majeure Event, performance shall resume only upon the mutual assent of the Parties that the Force Majeure Event has subsided. Should the performance of the Agreement be suspended or delayed as the result of a Force Majeure Event, the Parties hereby agree that this Agreement shall be extended by the amount of time the performance is suspended or delayed. Events necessitating the issuance of Public Health Orders, as described in Section 11.6, above, shall be treated by the Parties in conformance with the terms and conditions of Section 11.6 and not as a Force Majeure.
- 19.3. Status of Contractor:** The Contractor is an independent contractor retained to perform professional or technical services for limited periods of time. Neither the Contractor nor any of its employees are employees or officers of the City under Chapter 18 of the Denver Revised Municipal Code, or for any purpose whatsoever.

Each person signing and executing the Agreement on behalf of Contractor represents and warrants full authorization by Contractor to execute the Agreement on behalf of Contractor and to validly and legally bind Contractor to all the terms, performances and provisions of the Agreement. The City shall have the right, in its sole discretion, to either temporarily suspend or permanently terminate the Agreement if there is a dispute as to the legal authority of either Contractor or the person signing the Agreement to enter into the Agreement.
- 19.5. Survival of Certain Provisions:** The terms of the Agreement and any exhibits and attachments that by reasonable implication contemplate continued performance, rights, or compliance beyond expiration or termination of the Agreement survive the Agreement and will continue to be enforceable. Without limiting the generality of this provision, the Contractor's obligations to provide insurance and to indemnify the City

will survive for a period equal to any and all relevant statutes of limitation, plus the time necessary to fully resolve any claims, matters, or actions begun within that period. Further, without limiting the generality of this provision, the Contractor's obligations in the following provisions will survive for a period equal to any and all relevant statutes of limitation, plus the time necessary to fully resolve any claims, matters, or actions begun within that period: Sections 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19.1, 19.2, and 19.6-19.27.

- 19.6. Notices:** All notices required by the terms of the Agreement must be hand delivered, sent by overnight courier service, mailed by certified mail, return receipt requested, or mailed via United States mail, postage prepaid, if to the Contractor at the address first written above, and if concerning the Services to the City at:

However, these substitutions will not become effective until actual receipt of written notification.

- 19.7. Disputes:** All disputes between the City and the Contractor arising out of or regarding this Agreement will be resolved by administrative hearing pursuant to the procedure established by Denver Revised Municipal Code, § 56-106(b)-(f). For the purposes of that procedure, the City official rendering a final determination shall be the DWS Director as defined in this Agreement.
- 19.8. Governing Law; Venue:** The Agreement will be construed and enforced in accordance with applicable federal law, the laws of the State of Colorado, and the Charter, Revised Municipal Code, ordinances, regulations and Executive Orders of the City and County of Denver, which are expressly incorporated into the Agreement. Unless otherwise specified, any reference to statutes, laws, regulations, charter or code provisions, ordinances, executive orders, or related memoranda, includes amendments or supplements to same. Venue for any legal action relating to the Agreement will be in the District Court of the State of Colorado, Second Judicial District.

- 19.9. No Construction Against Drafting Party:** The Parties and their respective counsel have had the opportunity to review the Agreement, and the Agreement will not be construed against any Party merely because the Agreement or any provisions thereof were prepared by a particular Party.
- 19.10. When Rights and Remedies Not Waived:** In no event will any payment or other action by the City constitute or be construed to be a waiver by the City of any breach of covenant or default that may then exist on the part of the Contractor. No payment, other action, or inaction by the City when any breach or default exists will impair or prejudice any right or remedy available to it with respect to any breach or default. No assent, expressed or implied, to any breach of any term of the Agreement constitutes a waiver of any other breach.
- 19.11. Taxes, Late Charges, and Permits:** The City is not liable for the payment of taxes, late charges or penalties of any nature, except for any additional amounts that the City may be required to pay under the City's prompt payment ordinance D.R.M.C. §§ 20-107, *et seq.* The Contractor shall promptly pay when due, all taxes, bills, debts and obligations it incurs performing the services under the Agreement and shall not allow any lien, mortgage, judgment or execution to be filed against City property.
- 19.12. Assignment, Delegation and Subcontracting:** The Contractor shall not voluntarily or involuntarily assign any of its rights or delegate any of its obligations under the Agreement or subcontract performance obligations without obtaining the DWS Director's prior written consent. Any assignment, delegation or subcontracting without such consent will be ineffective and void, and, in addition to those found Section 11, shall be cause for termination of this Agreement by the City. The DWS Director has sole and absolute discretion whether to consent to any assignment, delegation or subcontracting, or to terminate the Agreement because of unauthorized assignment, delegation or subcontracting. In the event of any subcontracting or unauthorized assignment or delegation: (i) the Contractor shall remain responsible to the City; and (ii) no contractual relationship shall be created between the City and any sub-consultant, subcontractor or assign.

Services subcontracted under this Agreement shall be specified by written agreement and shall be subject to each applicable provision of this Agreement and any and all applicable Federal and State Laws with appropriate changes in nomenclature in referring to such subcontract. The Contractor shall submit proposed subcontract agreements to the DWS Director for the DWS Director's review and approval. Such consent of the City obtained as required by this Section 19.12 shall not be construed to constitute a determination of approval of any cost under this Agreement, unless such approval specifically provides that it also constitutes a determination of approval of such cost.

- 19.13. Inurement:** The rights and obligations of the Parties to the Agreement inure to the benefit of and shall be binding upon the Parties and their respective successors and

assigns, provided assignments are consented to in accordance with the terms of the Agreement.

19.14. No Third-Party Beneficiary: Enforcement of the terms of the Agreement and all rights of action relating to enforcement are strictly reserved to the Parties. Nothing contained in the Agreement gives or allows any claim or right of action to any third person or entity including without limitation One-Stop Partners authorized to co-locate with Contractor in the Licensed Premises. Any person or entity other than the City or the Contractor receiving services or benefits pursuant to the Agreement is an incidental beneficiary only.

19.15. No Authority to Bind City to Contracts: The Contractor lacks any authority to bind the City on any contractual matters. Final approval of all contractual matters that purport to obligate the City must be executed by the City in accordance with the City's Charter and the Denver Revised Municipal Code.

1.0 INTRODUCTION

- 1.1** This Scope of Service outlines Program, Administrative, and other requirements that must be satisfied by the contractor., from here on referenced as the One Stop Operator (the “Operator”) and Comprehensive Service Provider (the “Service Provider”) receiving Workforce Innovation and Opportunity Act (“WIOA”) funds from the City and County of Denver (the “City”) to operate programs as prescribed by the Workforce Innovation and Opportunity Act (WIOA). The funds will ensure Denver County workforce services to be provided within the identified American Job Centers (individually, an “AJC” and collectively, “AJC’s”); the comprehensive One-Stop Center at the Richard T. Castro (Westside) building located at 1200 Federal Blvd., and the affiliate workforce center at the Arie P. Taylor (Montbello) building located at 4685 Peoria Street.
- 1.2** As policies and/or procedures are revised or updated, DEDO-DWS will release formal announcements and policies or procedures wherever they differ from this Scope of Service which will be understood to replace those elements of this Scope of Service with which they differ. Any future policies or procedures that are released are to be considered addenda to this Scope of Service and therefore part of the agency’s contract with the Operator as they are updated or revised. This contract is not for research and development.
- 1.3** The Service Provider shall be prepared to expand or reduce the delivery of services to businesses and job seekers if reductions and/or changes in project services or scale are required due to actual funding allocations throughout the contract’s term.
- 1.4** For the purposes of this agreement, this One-Stop Operator/ WIOA Service Provider is considered a “Sub-recipient” and the following reference from the Uniform Guidance Circular is applicable:
1. *The non-Federal entity may concurrently receive Federal awards as a recipient, a sub-recipient, and a contractor, depending on the substance of its agreements with Federal awarding agencies and pass-through entities.*
 2. *Sub-award means an award provided by a pass-through entity to a sub-recipient for the sub-recipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a*

contractor or payments to an individual that is a beneficiary of a Federal program. §2 CFR Section 200.92

1.5 Characteristics that support the classification of the non-Federal entity as a sub-recipient include when the non-Federal entity:

1. Determines who is eligible to receive what Federal assistance;
2. Has its performance measured in relation to whether objectives of a Federal program were met;
3. Has responsibility for programmatic decision making;
4. Is responsible for adherence to applicable Federal program requirements specified in the Federal award; and
5. In accordance with its agreement, uses the Federal funds to carry out a program for a public purpose specified in authorizing statute, as opposed to providing goods or services for the benefit of the pass-through entity.

1.6 Contract means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or sub-award. 2CFR §200.22

1.7 Characteristics indicative of a procurement relationship between the non-Federal entity and a contractor are when the contractor:

1. Provides the goods and services within normal business operations;
2. Provides similar goods or services to many different purchasers;
3. Normally operates in a competitive environment;
4. Provides goods or services that are ancillary to the operation of the Federal program; and
5. Is not subject to compliance requirements of the Federal program as a result of the agreement, though similar requirement may apply for other reasons. 2CFR §200.33

1.8 The Service Provider will adhere to the WIOA outcomes as listed in the chart below: The enrollment numbers are estimates; final numbers will be determined by September 30, 2021. Any modification to these performance measure projections will be initiated by October 31, 2021. Quarterly benchmark numbers are cumulative.

EXHIBIT C

FISCAL SYSTEM DESIGN:

This section is designed to provide the financial and administrative requirements applicable to federally funded programs function as required partners in the One-Stop system. It contains the common requirements for grants and financial management found in OMB Uniform Guidance 2 CFR §200 and DOL Exceptions 2CFR §2900.

1.1 Cost Principles, Allowable Costs and Unallowable Costs

- 1.1.1 Costs must be necessary and reasonable. Any cost charge to a grant must be necessary and reasonable for the proper and efficient performance and administration of the grant. A grantee or subawardee is required to exercise sound business practices and to comply with its procedures for charging costs.
- 1.1.2 *Costs must be allocable:* A grantee may charge costs to the grant if those costs are clearly identifiable as benefiting the grant program. Costs charged to the grant should benefit only the grant program, not other programs or activities. In order to be allocable, a cost must be treated consistently with like costs and incurred specifically for the program being charged. Shared costs must benefit both the ETA grant and other work and be distributed in reasonable proportion to the benefits received.
- 1.1.3 *Costs must be authorized or not prohibited under Federal, State, or local laws or regulations:* Costs incurred must not be prohibited by any Federal, State, or local law.
- 1.1.4 *Costs must receive consistent treatment by a grantee:* A grantee must treat a cost uniformly across program elements and from year to year. Costs that are indirect for some programs cannot be considered direct ETA grant costs.
- 1.1.5 *Costs must not be used to meet matching or cost-sharing requirements:* A grantee may not use federally funded costs, whether direct or indirect, as match or to meet matching fund requirements unless specifically authorized by law.
- 1.1.6 *Costs must be adequately documented:* A grantee must document all costs in a manner consistent with GAAP. Examples include retaining evidence of competitive bidding for services or supplies, adequate time records for employees who charge time against the grant, invoices, receipts, purchase orders, etc.
- 1.1.7 *Costs must conform to ETA grant exclusions and limitations:* A grantee or sub-grantee may not charge a cost to the grant that is unallowable per the grant regulations or the cost limitations specified in the regulations.

2.1 Cash Management

Disbursements shall be processed through the Denver Economic Development & Opportunity (DEDO) - Financial Management Unit (FMU) and the City and County of Denver's Department of Finance.

- 2.1.1 The method of payment to the Contractor by DEDO shall be in accordance with established FMU procedures for line-item reimbursements. The Contractor must submit expenses to DEDO on or before the last day of each month for the previous month's activity.

- 2.1.2 Voucher requests for reimbursement of costs should be submitted on a regular and timely basis in accordance with DEDO policies. Vouchers should be submitted within thirty (30) days of the actual service, expenditure or payment of expense.
- 2.1.3 The Contractor shall submit the final voucher for reimbursement no later than thirty (30) days after the end of the contract period.
- 2.1.4 The Contractor shall be reimbursed for services provided under this Agreement according to the approved line-item reimbursement budget within the Scope of Work.
- 2.1.5 The standardized DEDO "Expense Certification Form" should be included with each reimbursement or draw-down request.

3.1 Expense Guidelines

3.1.1 Payroll

3.1.1.1 A summary sheet should be included to detail the gross salary of the employee, amount of the salary to be reimbursed, the name of the employee, and the position of the employee. If the employee is reimbursed only partially by this contract, the amount of salary billed under other contracts with the City or other organizations should be shown on the timesheet as described below. Two items are needed for verification of payroll: (1) the amount of time worked by the employee for this pay period; and (2) the amount of salary paid to the employee, including information on payroll deductions.

3.1.1.2 The amount of time worked will be verified with timesheets. The timesheets must include the actual hours worked under the terms of this contract, and the actual amount of time worked under other programs. The total hours worked during the period must reflect all actual hours worked under all programs including leave time. The employee's name, position, and signature, as well as a signature by an appropriate supervisor, or executive director, must be included on the timesheets. If the timesheet submitted indicates that the employee provided services payable under this contract for a portion of the total time worked, then the amount of reimbursement requested must be calculated and documented in the monthly reimbursement request.

3.1.1.3 A payroll register or payroll ledger from the accounting system will verify the amount of salary. Copies of paychecks are acceptable if they include the gross pay and deductions.

3.1.2 Fringe Benefits

3.1.2.2 Fringe benefits paid by the employer can be requested by applying the FICA match of 7.65 percent to the gross salary paid under this contract. Fringe benefits may also include medical plans, retirement plans, worker's compensation, and unemployment insurance. Fringe benefits that exceed the FICA match may be documented by 1) a breakdown of how the fringe benefit percentage was determined prior to first draw request; or, 2) by submitting actual invoices for the fringe benefits. If medical insurance premiums are part of the estimates in item #1, one-time documentation of these costs will be required with the breakdown. Payroll taxes may be questioned if they appear to be higher than usual.

- 3.1.3 Food Purchases – will not be reimbursed.
- 3.1.4 Administration and Overhead Cost - Other non-personnel line items, such as administration, or overhead need invoices, and an allocation to this program documented in the draw request. An indirect cost rate can be applied if the Contractor has an approved indirect cost allocation plan. The approved indirect cost rate must be submitted to and approved by DEDO.

4.1 Per Diem and Travel Expense Limitation

- 4.1.1 Service providers are required to develop and maintain policies regarding compensation for staff and participant travel costs. Meals, lodging, rental cars, airfare, mileage for employee-owned cars, and other travel expenses may be paid for staff and participants who travel as part of their job, training activity or grant purpose.
- 4.1.2 Documentation of the purpose and cost of travel must be maintained. The documentation should include the time of travel in order to compute and verify allowed per diem amounts. No employee may be reimbursed for expenses incurred in going to and from work. Lunches and/or dinners in your home office city outside the scope of an agenda are prohibited.

5.1 Procurement, Inventory and Disposal

- 5.1.1 Service providers are delegated authority to make purchases of equipment, supplies and services as described below. Service providers are responsible for ensuring the vendors selected are not debarred or suspended by checking the information on the following federal government website: <http://epls.arnet.gov>.
 - 5.1.1.1 *Micro Purchases* – under \$3,000. All service providers may purchase items with a value of less than \$3,000 using any open and fair procurement method that best meets the agency's needs. The method should assist the service provider in obtaining a high quality product for a fair price. Documentation should be maintained of the need for the item and its benefit to the program.
 - 5.1.1.2 *Limited Solicitation for Services* - Purchases between \$3,001 to \$25,000. Service providers must maintain a fair and open procurement process meeting the criteria for small purchases. This requires a documented solicitation from a minimum of three viable sources, if available, either orally or in writing. In addition, the service provider must obtain and document prior approval from the Bureau for the purchase, and maintain documentation of the following: bid and rating criteria; advertising and public notice of the bid opportunity; responses received; and reason for the decision.
 - 5.1.1.3 *Formal Competition* - Large Purchases over \$25,000 for services and \$50,000 for supplies. Large purchases are typically included in the provider agreement as part of the major purpose of the provider agreement, although this is not a requirement. Large purchases are subject to all the requirements of medium purchases, and in addition must

use a formal, closed-bid procurement process. Service providers must obtain and document prior approval from DEDO.

- 5.1.1.4 *Inventory*- Service providers must maintain physical control of the asset to ensure adequate safeguards are in place to prevent loss, damage or theft of property. Adequate maintenance procedures must be in place to keep the property in good condition.
- 5.1.1.5 *Disposition Service* - Providers may dispose of equipment and supplies according to agency policy when the fair market value of the equipment unit, or the aggregate fair market value of the supplies, is less than \$5,000.

6.1 Program Income

- 6.1.1 Program income includes, without limitation, income from fees for services performed, from the use or rental of real or personal property acquired with contract funds, from the sale of commodities or items fabricated under a contract agreement, and from payments of principal and interest on loans made with contract funds.
- 6.1.2 Program income which was not anticipated at the time of the award may be added to the award and must be used for the purposes and under the conditions of the award. The cost of generating program income must be subtracted from the amount earned to establish the net amount of program income available for use under the award when these costs have not been charged to the program. ALL PROGRAM INCOME GENERATED DURING ANY GIVEN PERIOD SUBMITTED FOR PAYMENT SHALL BE DOCUMENTED ON THE VOUCHER REQUEST.
- 6.1.3 The Contractor, at the end of the program, may be required to remit to the City all or a part of any program income balances (including investments thereof) held by the Contractor (except AS APPROVED IN WRITING BY DEDO, INCLUDING those needed for immediate cash needs, cash balances of a revolving loan fund, cash balances from a lump sum drawdown, or cash or investments held for section 108 security needs), unless otherwise directed in writing by DEDO.

7.1 General Reimbursement Requirements

- 7.1.1 *Invoices*: All non-personnel expenses need dated and readable invoices. The invoices must be from a vendor separate from the Contractor, and must state what goods or services were provided and the delivery address. Verification that the goods or services were received should also be submitted, this may take the form of a receiving document or packing slips, signed and dated by the individual receiving the good or service. Copies of checks written by the Contractor, or documentation of payment such as an accounts payable ledger which includes the check number shall be submitted to verify that the goods or services are on a reimbursement basis.

8.1 Financial Management Systems

The Contractor must maintain financial systems that meet the following standards:

- 8.1.1 Financial reporting must be accurate, current, and provide a complete disclosure of the financial results of financially assisted activities and be made in accordance with federal financial reporting requirements.
- 8.1.2 Accounting records must be maintained which adequately identify the source and application of the funds provided for financially assisted activities. The records must contain information pertaining to contracts and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income. Accounting records shall provide accurate, separate, and complete disclosure of fund status.

Such payroll records shall include information showing the number of hours worked by each worker, laborer or mechanic employed under the Contract, the hourly pay of each such worker, laborer or mechanic, any deductions made from pay, and the net amount of pay received by each worker, laborer or mechanic for the period covered by the payroll. Said copy of the payroll record shall be accompanied by a sworn statement of the Contractor that the copy is a true and correct copy of the payroll records of all mechanics, laborers and other workers working under the Contract either for the Contractor or Subcontractors, that payments were made to the workers, laborers, and mechanics as set forth in said payroll records, that no deductions were made other than those set forth in said records, and that all workers, mechanics and other laborers employed on work under the Contract, either by the Contractor or Subcontractor, have been paid the prevailing wages. In the event that any laborer, worker or mechanic employed by the Contractor or Subcontractor under the Contract has been or is being paid a rate of wages less than the rate of wages required by the Contract to be paid as aforesaid, the City may, by notice to the Contractor or Subcontractor, suspend or terminate its right to proceed with the work, or such part of the work as to which there has been a failure to pay said required wages, and in the event of termination, may prosecute the work to completion by contract or otherwise, and the Contractor and its sureties shall be liable to the State or City for any excess costs occasioned the City thereby.

6. No warrant or demand for payment to the Contractor or Subcontractor shall be drawn or allowed by the Auditor of the City unless the Contractor or Subcontractor shall have filed with said Auditor the reports and statements required by Section E hereof nor while any such Contractor or Subcontractor under it shall be in default in the payment of such wages as are required by the Contract.

7. The Provisions of Sections B through G hereof, inclusive, shall constitute a part of every contract of employment between the Contractor and any subcontractor not a State agency and his or its employee performing work covered by the provisions of said sections.

SEC. 402. Use of Property. Whenever Contract funds available for use in whole or in part for the purchase or construction (including rehabilitation) of property (other than office equipment, supplies, materials and other personal property used for the administration of the program), a title to said property shall not be transferred for a period of five (5) years from the date of purchase or completion of construction without the approval of the City. Should it be desirable to sell the property or otherwise transfer the ownership before expiration of the five-year period, a request must be submitted to the City for prior approval.

ARTICLE 5 PERSONAL PROPERTY

SEC. 501. Purchases and City Property.

A. The Contractor agrees to use its best efforts to obtain all supplies and equipment for use in the performance of this Contract at the lowest practicable cost, in a way not inconsistent with Section 20-61 through 20-67 of the Revised Municipal Code. Any public Contractor may procure its supplies from State or local government sources without regard to any other provision of the Contract to the extent required by State or local law. The City will assist the Contractor and its subcontractors in the following procedures for procurement of supplies and equipment.

B. Title to all non-expendable personal property furnished by the City, if any, shall remain in the City. Title to all such property acquired by the Contractor including acquisition through lease-purchase agreement, for the cost of which the Contractor is to be reimbursed in whole or in part as direct item of cost under the Contract, shall immediately vest in the City upon delivery of such property by the vendor. Title to other such property, the cost of which is to be reimbursed to the Contractor under this Contract, shall immediately vest in the City upon (i) issuance for use of such property in the performance of the Contract; or (ii) commencement of processing or use of such property in the performance of the Contract; or (iii) reimbursement of the cost thereof by the City, whichever first occurs. Title to the City property shall not be affected by the incorporation or attachment thereof if any part thereof be or become a fixture or lose its identity as personality by reason of affixation to any realty. All City-furnished property, and all property acquired by the Contractor, title to which vests in the City under this paragraph, are subject to the provisions of this clause and are herein collectively referred to as "City Property".

C. The Contractor agrees to accept as correct the records of the City relating to the identification and marking, segregation and co-mingling and taking of inventories of City property. The Contractor shall maintain and administer in accordance with sound business practice, a program for the maintenance, repair, protection and preservation of City property so as to assure its full availability and usefulness for the performance of the Contract. The Contractor shall take reasonable steps to comply with all appropriate directions or instructions which the City may prescribe as reasonably necessary for the protection of the City property including the removal and shipping of City property, where the City deems that the interest of the City requires the removal of such property.

D. The City property shall be used only for the performance of this Contract and its use by the Contractor is understood and agreed to be part of the consideration for which services are provided.

E. The Contractor shall not be liable for any loss of or damage to the City property, or for expenses incidental to such loss or damage, except that the Contractor shall be responsible for any loss or damage (including expenses incidental thereto):

1. Which results from willful misconduct or lack of good faith on the part of any one of the Contractor's directors or officers, or on the part of any of its managers, superintendents or other equivalent representatives;

2. Which results from a failure on the part of the Contractor, due to the willful misconduct or lack of good faith on the part of its directors, officers or other representatives mentioned in (1) above to maintain and administer, in accordance with sound business practice, the program for maintenance, repair, protection and preservation of City property as required by Paragraph (D) hereof, or to take all reasonable steps to comply with any appropriate written directions of the City under Paragraph (D) hereof;

3. For which the Contractor is otherwise responsible under the express terms of the Contract;

4. Which results from a risk required to be insured under the Contract; or

5. Which results from a risk which is, in fact, covered by insurance or for which the Contractor is otherwise reimbursed, but only to the extent of such insurance or reimbursement.

The Contractor shall not be reimbursed for, and shall not include as an item of overhead, the cost of insurance, or any provision for a reserve, covering the risk of loss of or damage to the City property, except to the extent that the City may have required the Contractor to carry such insurance under any provisions of the Contract.

F. If the Contractor transfers City property to the possession and control of a subcontractor, the transfer shall not affect the liability of the Contractor for loss or destruction of or damage to the property as set forth in Paragraph (F) hereof. However, the Contractor shall require the subcontractor to assume the risk of, and be responsible for, any loss or destruction of or damage to the property while in the latter's possession or control, except to the extent that the subcontractor, with the prior approval of the City, provides for the relief of the Contractor from such liability. In the absence of such approval, the subcontractor shall maintain appropriate provisions requiring the return of all City property in as good condition as when received, except for reasonable wear and tear or for the utilization of the property in accordance with the provisions of the Contract.

G. In the event the Contractor is indemnified, reimbursed or otherwise compensated for any loss or destruction of or damage to the City property, it shall use the proceeds to repair, renovate or replace the City property involved, or shall credit such proceeds against the cost of the work covered by the Contract or shall otherwise reimburse the City, as directed by the City. The Contractor shall do nothing to prejudice the City's rights to recover against third parties for any such loss, destruction or damage and, upon the request of the City, shall, at the City's expense, furnish to the City all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment in favor of the City) in obtaining recovery. In addition, where the subcontractor has not been relieved from liability for any loss or destruction of or damage to City property, the Contractor shall enforce the liability of the subcontractor for such loss or destruction of or damage to the City property for the benefit of the City.

H. Upon the completion of the Contract, or at such earlier date as may be fixed by the City, the Contractor shall submit to the City in a form acceptable to it, inventory schedules covering either all items of City property, or all items of City property not theretofore delivered to the City, and shall deliver or make such other disposal of such City property as may be directed or authorized by the City. The net proceeds of any such disposal shall be credited to the cost of the work covered by the Contract or shall be paid in such manner as the City may direct.

I. Unless otherwise provided herein, the City:
1. May abandon any City property in place, and thereupon all obligations of the City regarding such abandoned property shall cease; and
2. Shall not be under any duty or obligation to restore or rehabilitate, or to pay the costs of the restoration or rehabilitation of, the Contractor's plant or offices or any portion thereof which is affected by the abandonment or removal of any City property.

J. All communications issued pursuant to this Section shall be in writing.
