

**ORDINANCE/RESOLUTION REQUEST**

Please email requests to the Mayor’s Legislative Team

at [MileHighOrdinance@DenverGov.org](mailto:MileHighOrdinance@DenverGov.org) by **3:00pm on Monday**. Contact the Mayor’s Legislative team with questions

**Date of Request:** 12/03/2018

Please mark one:  **Bill Request** or  **Resolution Request**

**1. Type of Request:**

- Contract/Grant Agreement**  **Intergovernmental Agreement (IGA)**  **Rezoning/Text Amendment**
- Dedication/Vacation**  **Appropriation/Supplemental**  **DRMC Change**
- Other:**

**2. Title:** (Start with *approves, amends, dedicates*, etc., include name of company or contractor and indicate the type of request: grant acceptance, contract execution, contract amendment, municipal code change, supplemental request, etc.)

Approves an Intergovernmental Agreement with Metro Wastewater Reclamation District to relocate and bury the Delgany Interceptor, address odor control at the site and provide access to sewer heat for a future NWC campus energy system.

**3. Requesting Agency:** Mayor’s Office of the National Western Center

**4. Contact Person:**

Contact person with knowledge of proposed ordinance/resolution	Contact person to present item at Mayor-Council and Council
Name: Brad Dodson, Deputy Director	Name: Jenna Espinoza-Garcia, Director of Communications
Email: <a href="mailto:brad.dodson@denvergov.org">brad.dodson@denvergov.org</a>	Email: <a href="mailto:jenna.espinoza@denvergov.org">jenna.espinoza@denvergov.org</a>

**5. General description or background of proposed request. Attach executive summary if more space needed:**

Metro Wastewater Reclamation District (Metro Wastewater) owns and operates a sanitary sewer system, known as the Delgany Interceptor, which includes approximately 1,900 feet of above-grade piping along the South Platte River through the National Western Center (NWC) campus. The NWC Master Plan, adopted in 2015, recommended that the pipes be relocated or buried to improve access to and the health of the South Platte River. The relocation of the Delgany Interceptor benefits Metro Wastewater by creating a new below-grade interceptor that is designed for the hydraulic conditions they expect in their planning future.

Additionally, City and Metro Wastewater desire to install an odor control and mitigation biofilter system at the NWC and provide for the utilization of a heat recovery system as an element of the campus energy program to be established by the City and the National Western Center Authority through a long-term agreement with a Campus Energy Partner.

To facilitate the design and construction of infrastructure work, the City will procure the design of the project under the NWC’s existing horizontal infrastructure design contract and procure the construction of the project under the existing horizontal integrated construction (HIC) contract.

As a companion to this ordinance, a non-lapsing capital project special revenue fund will be created to allow the City to accept and expend the \$8,689,506 contribution from Metro Wastewater to complete this work.

Fund	Org	Project Number	Amount
38428	C5011000	PRJ-10002194	\$8,689,506

*To be completed by Mayor’s Legislative Team:*

Resolution/Bill Number: **BR18 1463**

Date Entered: \_\_\_\_\_

6. City Attorney assigned to this request (if applicable): John McGrath

7. City Council District: 9 (Albus Brooks)

8. **\*\*For all contracts, fill out and submit accompanying Key Contract Terms worksheet\*\***

### Key Contract Terms

Type of Contract: (e.g. Professional Services > \$500K; IGA/Grant Agreement, Sale or Lease of Real Property): Intergovernmental Agreement (IGA)

Vendor/Contractor Name: Metro Wastewater Reclamation District

Contract control number: TBD – In process, will send within 24 hours

Location: National Western Center (Council District 9)

Is this a new contract?  Yes  No Is this an Amendment?  Yes  No If yes, how many? \_\_\_\_\_

Contract Term/Duration (for amended contracts, include existing term dates and amended dates): N/A

Contract Amount (indicate existing amount, amended amount and new contract total): \$10,425,268 (\$8,689,506 from Metro Wastewater + \$1,735,762 from NWC Project Funds)

<i>Current Contract Amount</i> (A)	<i>Additional Funds</i> (B)	<i>Total Contract Amount</i> (A+B)
\$10,425,268	0	\$10,425,268

<i>Current Contract Term</i>	<i>Added Time</i>	<i>New Ending Date</i>
N/A		

**Scope of work:**

- Replace the existing Delgany Interceptor within the National Western Center approximately from the right-of-way for Interstate 70 on the south end of the NWC to the existing siphon inlet structure on the north end of the NWC.
- Install an odor control and mitigation biofilter system on the NWC campus.
- Provide for the installation and utilization of a heat recovery system as an element of the district energy program to be established by the City and the National Western Center Authority to achieve long-term NWC energy goals.

Was this contractor selected by competitive process? N/A If not, why not?

*To be completed by Mayor's Legislative Team:*

Resolution/Bill Number: BR18 1463

Date Entered: \_\_\_\_\_

Has this contractor provided these services to the City before?  Yes  No

**Source of funds:**

\$8,689,506 (Metro Wastewater)

\$1,735,762 (NWC Project Funds)

Is this contract subject to:  W/MBE  DBE  SBE  XO101  ACDBE  N/A

**WBE/MBE/DBE commitments (construction, design, Airport concession contracts):**

N/A

**Who are the subcontractors to this contract?** N/A
