

SUBMITTAL CHECKLIST

FOR ENCROACHMENTS & ENCUMBRANCES IN THE PUBLIC RIGHT-OF-WAY

Any Submittal not meeting all minimum checklist criteria herein will be rejected as incomplete.

Encroachments shall be in accordance with:

- [Rules and Regulations Governing Encroachments & Encumbrances in the Public Right-of-Way](#)
- [Transportation Standards and Details for the Engineering Division](#)

Application

- Signed by adjacent property owner** as owner of Encroachment or authorized Special District representative

Evidence of Adjacent Property Ownership & Parcel Land Description

Required for all Encroachment Permit Applications

- Current Title Work/Warranty Deed confirming ownership and parcel land description for adjacent property
- Parcel Land Description in Word format

Land Description sealed and signed by a Professional Land Surveyor licensed in Colorado

Required for Tier II Underground Encroachments and all Tier III Encroachments (can be submitted after 1st review)

- Encroachment Area Land Description and Exhibit(s) in PDF format stamped and signed by PLS
- Encroachment Area Land Description in Word format

Site Plans sealed and signed by a Professional Engineer licensed in Colorado

GENERAL

- Vicinity map
- North arrows and numerical and bar scales (Scale not to exceed 1" = 40')
- Legend
- PE stamp area
- Plan set date and revision number (if applicable) **N/A**

PLAN VIEW

Show, label and dimension existing and proposed final site conditions, including but not limited to the following (aerial imagery is allowed; however, it does not replace requirement for accurately scaled engineering drawings):

- Property lines, right-of-way width
- Edge of pavement, curb and gutter, sidewalks, nearby driveways and alleys
- Street lights, pedestrian lights, signal poles, utility poles
- Surface utility features (e.g. cabinets, handholes, manholes, inlets, vaults, valves, fire hydrants)
- Regulatory Floodplain boundaries (FEMA)
- Underground and overhead utilities (e.g. water, sewer, power, communications, gas, irrigation)
- Trees and landscaping in the ROW
- Street names and adjacent property address(es)
- Regional Transportation District (RTD) bus stop with any amenities **N/A**
- Location and size of Encroachment – Show and dimension limits of both above and below ground elements

City and County of Denver – Department of Transportation & Infrastructure

APPLICATION

FOR ENCROACHMENTS & ENCUMBRANCES IN THE PUBLIC RIGHT-OF-WAY

An Encroachment Permit is required prior to placing privately-owned improvements (“Encroachment” or “Encumbrance”) in the public Right-of-Way (ROW). Only Encroachment Permit Applications in accordance with [Rules and Regulations](#) and [Permit Entrance Requirements](#) for Encroachments in the Public Right-of-Way will be considered by the Department of Transportation & Infrastructure (DOTI). **It is the City’s sole discretion whether to grant an Encroachment Permit based on any facts the City feels are relevant. Approval is not guaranteed.**

To apply, complete this application and submit together with required application materials in accordance with the [Permit Entrance Requirements](#) to DOTI.ER@denvergov.org. Please type or print clearly. If necessary, attach additional sheets to fully answer any of the following sections. Incomplete applications packages will not be accepted. Questions on this application or the process can be sent to DOTI.ER@denvergov.org.

Check if this application is for Tier Determination only. *If checked, the project will not be submitted for full review until confirmation, and remaining submittal requirements, are received by owner.*

ADJACENT PROPERTY OWNER:

The adjacent property owner or Authorized Special District will be the Encroachment Owner and Permittee and is the responsible party for the Encroachment in accordance with the Rules and Regulations, including all fees and annual billing.

ENCROACHMENT INFORMATION:

Project Name:	Denargo Market
Adjacent Property Address:	2650 Arkins Court
Coordinates (Lat/Long):	39D45'53"N, 104D59'23"W
Encroachment Area, in SF:	173,227

Is this project associated with a LAND DEVELOPMENT REVIEW?

Yes No If 'Yes', provide Project Master, Site Plan and/or Concept Development Project Numbers:
2019-PM-0000298

Is the proposed encroachment located in Future Right-of-Way?

Finalizing permit and/or processing resolution for the Encroachment will not occur until the ROW dedication is finalized.

Yes No If 'Yes', provide ROW Dedication Project Number:

Location Description: (e.g. Located on the South side of 23rd Ave, twenty (20) feet from face of curb, and ten (10) feet west of pavement on Private Drive.)

Both sides of roadway (Arkins and Denargo) from back-of-curb to ROW line, approximately the south 15' of ROW of 29th Street between Chestnut Street and Denargo Street and a portion of the Brighton Boulevard ROW south of 29th Street.

Description of Encroachment:

Describe the proposed encroachment, including the type and quantity of objects.

The proposed encroachments include the following elements: gardening fencing, dog park fencing, playground infrastructure and features, retaining walls, retractable bollards, RINO climbing structure, precast seat benches, rain gardens, elevated planting beds and sports equipment. Details on these elements and locations are identified in the attached exhibits.

Reason for Private Improvements in the Public ROW:

Private improvements should be located on private property. Only in cases where there are physical constraints that preclude the placement of private improvements on private property that an encroachment may be considered within the right-of-way. Make your case as to why this is a good use of the public right-of-way.

The proposed improvements have been coordinated through the General Development Plan Process and in communication with various city departments including CPD, DOTI, and Parks throughout the entitlement process and through an IGA agreement. The goal is to create a strong public realm that provides a safe, comfortable, and active space for this development as well as the larger public. Improvements are also part of a larger phased implementation of riverfront improvements that have been coordinated between Mile High Flood District and Denver Parks and Recreation. All improvements provide both programmatic and technical solutions to things like grading challenges, utility offsets, and required access. Additionally, all improvements associated with these encroachment elements will be maintained by the establish Denargo Market Metro District.

ATTESTATION:

By submitting this permit application and signing below, I understand and agree to the following:

1. That I am the property owner adjacent to the Encroachment Area, or the authorized representative of a Special District, that is responsible for the placement, maintenance, repair, replacement, removal, site restoration, ownership, or is otherwise responsible for the Encroachment in accordance with the Rules & Regulations for Encroachments and Encumbrances in the Public Right-of-Way.
2. That it is the City's sole discretion to classify the Tier of an Encroachment and whether to grant an Encroachment Permit based on any facts the City feels are relevant. The issuance of an Encroachment Permit confers no rights to the Right-of-Way, the Encroachment Permit is revocable and DOTI can order the removal of the Encroachment and restoration of the Encroachment Area for any reason the City feels relevant.
3. Permittee agrees to defend, indemnify, reimburse and hold harmless the City, its appointed and elected officials, agents and employees for, from and against all liabilities, claims, judgments, suits or demands for damages to persons or property arising out of, resulting from, or relating to an Encroachment Permit and the Encroachment ("Claims"). This indemnity shall be interpreted in the broadest possible manner to indemnify City for any acts or omissions of Permittee or its subcontractors either passive or active, irrespective of fault, including City's negligence whether active or passive.
4. Permittee's duty to defend and indemnify City shall arise at the time written notice of the Claim is first provided to City regardless of whether claimant has filed suit on the Claim. Permittee's duty to defend and indemnify City shall arise even if City is the only party sued by claimant and/or claimant alleges that City's negligence or willful misconduct was the sole cause of claimant's damages.
5. Permittee will defend any and all Claims which may be brought or threatened against City and will pay on behalf of City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation. Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City's exclusive remedy.
6. Insurance coverage requirements specified in an Encroachment Permit shall in no way lessen or limit the liability of Permittee under the terms of this indemnification obligation. Permittee shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.
7. This defense and indemnification obligation shall survive the expiration or termination of any issued Encroachment Permit.
8. Permittee is fully responsible for all costs to install, maintain, repair, replace, remove, and restore the Encroachment Area, including annual City Encroachment Permit Fees. A lien will be placed on the Permittee's property for failure to remove a revoked or abandoned Encroachment for cost incurred by CCD to remove the Encroachment and restore the Encroachment Area on behalf of the Permittee.
9. Indemnity and Insurance for Tier I and Tier II Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier I or Tier II Encroachment, the Owner of such Tier I or Tier II Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier I or Tier II Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$2,000,000 policy aggregate. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.
10. Indemnity and Insurance for Tier III Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier III Encroachment, the Owner of such Tier III Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier III Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$5,000,000 policy aggregate. A combination of primary and excess coverage may be used to meet the aggregate limit. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.

2nd_Tier III 2650 Arkins Ct Denargo Market - Fencing - Playground

10/19/2023

Master ID: 2019-PROJMSTR-0000298 **Project Type:** Tier III Encroachment Resolution
Review ID: 2022-ENCROACHMENT-0000070 **Review Phase:**
Location: **Review End Date:** 07/12/2023

Any denials listed below must be rectified in writing to this office before project approval is granted.

PSCo/Xcel Energy has existing natural gas (intermediate pressure and main) and underground electric distribution facilities within the encroachment areas. Please contact the Utility Notification Center of Colorado before excavating. Use caution and hand dig when excavating within 18-inches of each side of the marked facilities. Please be aware that all risk and responsibility for this request are unilaterally that of the Applicant/Requestor.

Approval Status: Approved

Comments:

The RTD engineering review has no exceptions to this project at this time.

This review is for Design concepts and to identify any necessary improvements to RTD stops and property affected by the design. This review of the plans does not eliminate the need to acquire, and/or go through the acquisition process of any agreements, easements or permits that may be required by the RTD for any work on or around our facilities and property.

Comments:
All public areas shall be accessible. Please ensure that playground complies with any regulations that may apply per 2010 ADA, Section 240. All accessible routes to any accessible playgrounds must comply with Chapter 4 (ADA). Please ensure that the floor surface for any accessible path will have a firm and stable floor for proper wheelchair use. Loose crusher fines or gravel rock, grass, dirt, etc. are not acceptable as an accessible path surface since these materials do not have a stable surface for wheelchair access. Fibar EWF, Stabilized Crusher Fines from Stabilizer Solutions or other any material that has been approved by the Federal Access Board can be used at the accessible path as long as it is installed and maintained per manufacturer's directions. Final construction, including any later modifications to the public sidewalk (which is considered a public Accessible Route), as well as any other areas open to the general public, must comply with all applicable 2010 ADA requirements.

Status: Approved
Comments: 1. Prior to the solicitation of bids or proposals from general contractors, the developer of this project is strongly encouraged to schedule an office meeting with the Right-of-Way Services Construction Inspections team (303) 446-3469 to discuss the project's impact to city traffic, streets, roads, alleys and sidewalks, and the associated ROW permit fees that will need to be paid by the selected general contractor.

2. Hand holes, vaults, valves, poles and cabinets should not be placed in the direct pedestrian path. A 5ft min unobstructed pedestrian path must be present after construction.
