

SUBMITTAL CHECKLIST

FOR ENCROACHMENTS & ENCUMBRANCES IN THE PUBLIC RIGHT-OF-WAY

Any Submittal not meeting all minimum checklist criteria herein will be rejected as incomplete.

Encroachments shall be in accordance with:

- ☐ [Rules and Regulations Governing Encroachments & Encumbrances in the Public Right-of-Way](#)
- ☐ [Transportation Standards and Details for the Engineering Division](#)

Application

- ☐ **Signed by adjacent property owner** as owner of Encroachment or authorized Special District representative

Evidence of Adjacent Property Ownership & Property Legal Description

Required for all Encroachment Permit Applications

- ☐ Current Title Work/Warranty Deed confirming ownership and legal description for adjacent property
- ☐ Property Legal Description in Word format

Legal Description sealed and signed by a Professional Land Surveyor licensed in Colorado

Required for Tier II Underground Encroachments and all Tier III Encroachments, can be submitted after 1st review

- ☐ Encroachment Area Legal Description and Exhibit(s) in PDF format stamped and signed by PLS
- ☐ Encroachment Area Legal Description in Word format

Site Plans sealed and signed by a Professional Engineer licensed in Colorado

GENERAL

- ☐ Vicinity map
- ☐ North arrows and numerical and bar scales (Scale not to exceed 1" = 40')
- ☐ Legend
- ☐ PE stamp area
- ☐ Plan set date and revision number (if applicable)

PLAN VIEW

Show, label and dimension existing and proposed final site conditions, including but not limited to the following (aerial imagery is allowed; however, it does not replace requirement for accurately scaled engineering drawings):

- ☐ Property lines, right-of-way width
- ☐ Edge of pavement, curb and gutter, sidewalks, nearby driveways and alleys
- ☐ Street lights, pedestrian lights, signal poles, utility poles
- ☐ Surface utility features (e.g. cabinets, handholes, manholes, inlets, vaults, valves, fire hydrants)
- ☐ Regulatory Floodplain boundaries (FEMA)
- ☐ Underground and overhead utilities (e.g. water, sewer, power, communications, gas, irrigation)
- ☐ Trees and landscaping in the ROW
- ☐ Street names and adjacent property address(es)
- ☐ Regional Transportation District (RTD) bus stop with any amenities
- ☐ Location and size of Encroachment – Show and dimension limits of both above and below ground elements

City and County of Denver — Department of Transportation & Infrastructure

Right-of-Way Services | Engineering & Regulatory
201 West Colfax Ave. Dept. 507 | Denver, CO 80202

www.denvergov.org/doti

Phone: 720-865-3003

- ☐ Construction Materials
- ☐ Projection from building
- ☐ Distance from Encroachment to the nearest flowline
- ☐ Distance from Encroachment to any other Streetscape feature/obstruction in the vicinity
- ☐ Distance from property line to back of curb
- ☐ Electrical service alignment, electrical connection location, and voltage/amps
- ☐ No proposed Encroachments located in the intersection clear zone per Transportation Std. Dwg. 7.9

ELEVATION OR CROSS-SECTION VIEWS

- ☐ Location and size of Encroachment – Show and dimension limits of both above and below ground elements
- ☐ Existing and final grade
- ☐ Existing utilities and their size and depth
- ☐ Vertical height/clearance of the Encroachment from finish grade

DETAIL SHEET(S)

- ☐ Manufacturer's and/or construction detail(s)
- ☐ Referenced City detail(s) by drawing number on the appropriate plan and elevation view(s)
- ☐ Office of the Forester's (OCF) tree protection detail and notes
- ☐ Special, non-standard, or modified City details

STRUCTURAL PLANS ☐ Not Applicable

- ☐ Structural plans
- ☐ Manufacturers certification

ADDITIONAL REQUIRED MATERIAL(S) ☐ Not Applicable

- ☐ Approval from applicable reviewing authorities (e.g. design review district, floodplain, Arts & Venues)
- ☐ For properties sharing the Encroachment, appropriate legal documentation for review by the City

COMMENT RESOLUTION SHEET(S) IF APPLICABLE ☐ Not Applicable for 1st Submittal

- ☐ Reviewer's and Agency Name
- ☐ Review comments (reviewer comments must be verbatim)
- ☐ Formal written response to each comment

Fees:

Fees must be paid immediately after ER provides a project number and invoice for your application.

Fees (Non-Refundable):	Tier I Encroachment:	Tier II Encroachment:	Tier III Encroachment:
Initial Processing	No Fee	\$1,500.00	\$1,500.00
Legal Description Review	N/A	\$300.00	\$300.00
Resolution Review	N/A	N/A	\$300.00
Annual Permit	No Fee	\$200.00	\$200.00

Attestation:

I hereby attest that the above information is incorporated into the Encroachment Application and plan submittal:

APPLICATION

FOR ENCROACHMENTS & ENCUMBRANCES IN THE PUBLIC RIGHT-OF-WAY

An Encroachment Permit is required prior to placing privately-owned improvements ("Encroachment" or "Encumbrance") in the public Right-of-Way (ROW). Only Encroachment Permit Applications in accordance with [Rules and Regulations](#) and [Permit Entrance Requirements](#) for Encroachments in the Public Right-of-Way will be considered by the Department of Transportation & Infrastructure (DOTI). **It is the City's sole discretion whether to grant an Encroachment Permit based on any facts the City feels are relevant. Approval is not guaranteed.**

To apply, complete this application and submit together with required application materials in accordance with the [Permit Entrance Requirements](#) to DOTI.ER@denvergov.org. Please type or print clearly. If necessary, attach additional sheets to fully answer any of the following sections. Incomplete applications packages will not be accepted. Questions on this application or the process can be sent to DOTI.ER@denvergov.org.

ENCROACHMENT OWNER/ADJACENT PROPERTY OWNER:

The adjacent property owner will be the Encroachment Owner and Permittee and is the responsible party for the Encroachment in accordance with the Rules and Regulations, including all fees and annual billing.

Phone: 720-865-3003

Location Description: (e.g. Located on the South side of 23rd Ave, twenty (20) feet from face of curb, and ten (10) feet west of pavement on Private Drive.)

Is this project associated with a LAND DEVELOPMENT REVIEW?

Yes ☐ No ☐ If 'Yes', provide Project Master, Site Plan and/or Concept Development Project Numbers:

Description of Encroachment:

Describe the proposed encroachment, including the type, dimensions, and quantity of objects. If the space below is not enough space to describe the encroachment, attach the description as a separate document. Additionally, provide required application materials in accordance with the Permit Entrance Requirements. It is not acceptable to simply state "please see attached plans" or other vague descriptors.

Justification for Private Improvements in the Public ROW:

Private improvements should be located on private property. Only in cases where there are physical constraints that preclude the placement of private improvements on private property that an encroachment may be considered within the right-of-way. Make your case as to why this is a good use of the public right-of-way. It is not acceptable to simply state "you want/need it" or other vague reasons.

ATTESTATION:

By submitting this permit application and signing below, I understand and agree to the following:

1. That I am the property owner adjacent to the Encroachment Area, or the authorized representative of a Special District, that is responsible for the placement, maintenance, repair, replacement, removal, site restoration, ownership, or is otherwise responsible for the Encroachment in accordance with the Rules & Regulations for Encroachments and Encumbrances in the Public Right-of-Way.
2. That it is the City's sole discretion to classify the Tier of an Encroachment and whether to grant an Encroachment Permit based on any facts the City feels are relevant. The issuance of an Encroachment Permit confers no rights to the Right-of-Way, the Encroachment Permit is revocable and DOTI can order the removal of the Encroachment and restoration of the Encroachment Area for any reason the City feels relevant.
3. Permittee agrees to defend, indemnify, reimburse and hold harmless the City, its appointed and elected officials, agents and employees for, from and against all liabilities, claims, judgments, suits or demands for damages to persons or property arising out of, resulting from, or relating to an Encroachment Permit and the Encroachment ("Claims"). This indemnity shall be interpreted in the broadest possible manner to indemnify City for any acts or omissions of Permittee or its subcontractors either passive or active, irrespective of fault, including City's negligence whether active or passive.
4. Permittee's duty to defend and indemnify City shall arise at the time written notice of the Claim is first provided to City regardless of whether claimant has filed suit on the Claim. Permittee's duty to defend and indemnify City shall arise even if City is the only party sued by claimant and/or claimant alleges that City's negligence or willful misconduct was the sole cause of claimant's damages.
5. Permittee will defend any and all Claims which may be brought or threatened against City and will pay on behalf of City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation. Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City's exclusive remedy.
6. Insurance coverage requirements specified in an Encroachment Permit shall in no way lessen or limit the liability of Permittee under the terms of this indemnification obligation. Permittee shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.
7. This defense and indemnification obligation shall survive the expiration or termination of any issued Encroachment Permit.
8. Permittee is fully responsible for all costs to install, maintain, repair, replace, remove, and restore the Encroachment Area, including annual City Encroachment Permit Fees. A lien will be placed on the Permittee's property for failure to remove a revoked or abandoned Encroachment for cost incurred by CCD to remove the Encroachment and restore the Encroachment Area on behalf of the Permittee.
9. Indemnity and Insurance for Tier I and Tier II Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier I or Tier II Encroachment, the Owner of such Tier I or Tier II Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier I or Tier II Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$2,000,000 policy aggregate. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.
10. Indemnity and Insurance for Tier III Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier III Encroachment, the Owner of such Tier III Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier III Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$5,000,000 policy aggregate. A combination of primary and excess coverage may be used to meet the aggregate limit. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.

MAJOR ENCUMBRANCE PERMIT APPLICATION

List of items to be covered in permit (3680 Chestnut PI):

1. (1) Building canopy at Delgany St
2. (1) Building canopy at Chestnut PI
3. 127 linear feet of 15" RCP and (1) 4' diameter manhole within Chestnut PI for storm drainage
 - Building canopies and below grade storm are being grouped together under one Encroachment for 3680 Chestnut PI).
 - None of these items interrupts the pedestrian, driver, or cyclist line-of-sight.
 - None of these items creates access problems in the right-of-way.
 - None of these items creates a safety hazard.

ENCROACHMENT DESCRIPTION

The Encroachment is for building canopies and below grade private storm piping.

The canopy at Chestnut PI is approximately 7.9' wide by 112.0' long and is over the property line. The canopy provides 13.0' clearance from the sidewalk. The canopy at Delgany St is approximately 8.0' wide by 140.2' long and is over the property line. The canopy provides 14.6' clearance from the sidewalk.

The canopy profiles are level, with the roof sloped internally at ¼" per foot. It is constructed of concrete, cantilevered off of the building framing, has a membrane roof, and is clad in ACM metal panel with a wood soffit. The vertical sections of the canopy are (3) metal framing clad in ACM metal panel. The canopies drain to inboard storm piping.

No part of the canopies interrupt pedestrian, driver, or cyclist line-of-sight, nor does it create access problems in the right-of-way, nor does it create a safety hazard.

There is no public storm infrastructure available within the Chestnut Right-of-Way for 3680 Chestnut Place to tie into for any stormwater conveyance/flood control. Given this condition, approximately 356' linear feet of 15" RCP and (1) 4' diameter manhole will need to be installed within the Chestnut R.O.W. to convey water to an extended detention basin located northwest of Chestnut Place,

No part of the private storm infrastructure interrupts pedestrian, driver, or cyclist line-of-sight, nor does it create access problems in the right-of-way, nor does it create a safety hazard.

JUSTIFICATION

Canopies: Denver Zoning Code encourages activating the pedestrian edge through build-to and "active use" zones at the ground level. To maximize the ground level build-to and maintain an active street edge, the building extends almost to the property line. The canopies provide cover for entrances and animate the street front, with materials that are coherent with the building. The canopies also provide signage and wayfinding opportunities and visibility along Chestnut Pl and Delgany St.

Storm: There is no public storm infrastructure available within the Chestnut Pl R.O.W for the building to tie into for stormwater conveyance/flood control. Given this condition, a portion of private storm line is to be installed within Chestnut Pl to convey water to an extended detention basin located northwest of Chestnut Pl.

Any denials listed below must be rectified in writing to this office before project approval is granted.

Tier II above ground Survey Review Status: Denied

For the Canopy Exhibits in Delgany:

1. Change info to "SW ¼ of Section 23".

For the sewer descriptions:

1. Ensure that the revised sewer Exhibits are used and not the ones included in the review documents.
2. Change boundary of both parcels in the illustrations to a solid line.

Comments: The routing of the private storm drain parallel in Chestnut ROW must meet the requirements of the Standard Utility Placement Detail (STD DTL 2.0 of the CCD Standards and Details). As proposed, the storm drain will align with the future public sidewalk with manholes in the pedestrian travel way which will not be accepted.

Approval Status: Approved with conditions

Comments:

The application shows that Storm line A passes over a 10" and 8" line of Metro's. Metro does not have any existing infrastructure on Chestnut Place. We have 77" and 78" interceptors that lie on Arkins Ct. According to the application, this new storm line should not affect those, but please re-label these lines on future plans so we are not confused with the real owners of those lines.

Approval Status: Approved

Comments:
Approved as proposed in most recent submission after discussion of building canopy and proposed tree canopy conflict.

Status Date: 11/18/2022

Status: Denied

Comments: 1. Reduce width of canopy on office building adjacent to proposed trees to reduce future conflict with tree canopy as it matures. Recommend reducing canopy width to 3' wide max.
2. Plant proposed trees after completion of encroachment construction, otherwise tree protection will be required for newly planted trees.
