**Justifying Circumstances - One of the following circumstances exists: Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. Such change may include:**

**a. Changed or changing conditions in a particular area, or in the city generally; or,**

**b. A City adopted plan; or**

**c. That the City adopted the Denver Zoning Code and the property retained Former Chapter 59 zoning.**

The proposed map amendment application identifies the adoption of *Blueprint Denver* as the Justifying Circumstance. As discussed above, *Blueprint Denver* specifically recommends the city diversify housing choice through the expansion of accessory dwelling units throughout all residential areas. The plan was adopted after the date of approval of the existing zone districts. Therefore, this is an appropriate justifying circumstance for the proposed rezoning.

**The proposed official map amendment is consistent with the description of the applicable neighborhood context, and with the stated purpose and intent of the proposed Zone District.**

The proposed map amendment is consistent with the neighborhood context description, stated purpose and intent of the proposed E-SU-D1 Zone District.
