

DEPARTMENT OF AVIATION
CITY COUNCIL ORDINANCE REQUEST SUMMARY
Event Logging Software Services 1st Amendment

Purpose and Use of Agreement(s)

The services provided by this contract enable DEN to maintain an enterprise-wide electronic event logging solution. Electronic event logging solutions include the ability to record routine and non-routine inspections and observations, and to record and share incident-related information. The project scope is comprised of software acquisition and implementation services, as well as application hosting, maintenance, and support services.
