5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved

a. Scope of Work

The project consists of an ON-CALL CONSTRUCTION SERVICES contract – work will consist of a wide range of construction projects at Denver International Airport. Projects will be incorporated into the contract through task orders. Performance time will consist of 24 month period, or until the maximum contract amount of \$15,000,000.00 is reached, whichever occurs first. This project has a 25% MWBE goal.

b. Duration

24 months

c. Location

DIA

d. Affected Council District

11

e. Benefits

Due to the nature of some of the tasks/work done at the airport, it is impractical to bid construction services for all of the smaller tasks issued. By issuing an On-Call contract, DIA is able to issue this work on a task basis to an on-call contractor that would otherwise have to be bundled and bid causing delays in execution of the work.

f. Costs

\$15,000,000.00

6. Is there any controversy surrounding this ordinance, groups or individuals who may have concerns about it? Please explain.

No.
