

ORDINANCE/RESOLUTION REQUEST

Please email requests to Jason Gallardo, Department of Transportation and Infrastructure
at pw.ordinance@denvergov.org by **12:00pm NOON on Monday**. Contact Jason with questions.

Date of Request: 9/7/22

Please mark one: Bill Request or Resolution Request

1. Type of Request:

- Contract Intergovernmental Agreement (IGA) Rezoning/Text Amendment
- Dedication/Vacation Appropriation/Supplemental DRMC Change
- Other:

2. Title: (Start with *approves, amends, dedicates*, etc., include name of company or contractor and indicate the type of request: grant acceptance, contract execution, contract amendment, municipal code change, supplemental request, etc.)

Approves Contract Execution for a new hard bid construction contract with CONCRETE WORKS OF COLORADO, INC. for Marston Lake North Upstream of Glenbrook Pond, Phase 1, Contract # 202263705

3. Requesting Agency: Department of Transportation and Infrastructure

4. Contact Person:

Contact person with knowledge of proposed ordinance/resolution	Contact person to present item at Mayor-Council and Council
Name: Lauren Winnen	Name: Jason Gallardo
Email: lauren.winnen@denvergov.org	Email: jason.gallardo@denvergov.org

5. General description or background of proposed request. Attach executive summary if more space needed: The storm drain system improvements in the Marson Lake North Drainageway aim to separate stormwater flows from an adjacent irrigation ditch (Bowles Ditch), improve drainage throughout the project area, and alleviate high ground water near the properties adjacent to Bowles Ditch at Saratoga Place. The new system will collect and carry flows from West Wagon Trail and South Field Way to the existing storm drain system downstream of the Glenbrook Pond. The project will be completed in two phases. Phase I is from the Glenbrook Pond outfall to upstream of the Bowles Lateral, includes installing storm pipe with laterals and inlets in West Garrison Street and South Garland Street, then crosses the Bowles Lateral to West Saratoga Place. Sanitary sewer and water lines will be adjusted, and Bowles Ditch will be piped via 60-inch pipe. A fully executed agreement is in place with the Joseph W. Bowles Reservoir Company to complete the work on the ditch. Curb Ramps, curb, gutter, and sidewalk replacement, as well as street restoration are also included in the project. The Mile High Flood District (MHFD) has contributed \$1.25M for the construction of Phase I to share costs.

6. City Attorney assigned to this request (if applicable): Jacob Crawford

7. City Council District: 2

8. **For all contracts, fill out and submit accompanying Key Contract Terms worksheet**
