5. General description or background of proposed request. Attach executive summary if more space needed: RS&H, Inc. was retained in May of 2019 to begin design on improvements on Washington Street from the S. Platte River north to the City Limits at 52nd Ave., to perform preliminary design on 51st Ave. and 48th Ave. in the area, and to perform conceptual analyses of two bridges also in close proximity to this stretch of Washington Street. RS&H will complete a Prioritization Plan and Outreach Strategy to coordinate the many projects in the GES area, and a Value Engineering Analyses on the Washington Street improvements. In addition to the Washington Street improvements, RS&H will provide final design/engineering services on 51st Avenue to facilitate completing a connection to the National Western Center. This requested Amendment to RS&H's contract for a time extension only will allow RS&H to complete these tasks. Once the scope of improvements on Washington Street and adjacent roads, bridges, and other features is known, the Contract will be amended in the future as needed for the needed services.
