**Ordinance Request Executive Summary**

**A resolution request to approve an amendment of a contract with Marsh ClearSight for the use of Licensed Risk Management Software “STARS”. Licensed software is used for the tracking of the City’s workers’ compensation, auto and property claims.**

The proposed resolution requests approval of an amendment with Marsh ClearSight for licensed software “STARS”, for the tracking of the City’s workers’ compensation, auto, and property claims city-wide. This amendment expands the scope of work to add additional features to the STARS system. Marsh ClearSight was selected through the competitive RFP process in 2013 by the City’s Purchasing Department.

This will add dollars (\$65,550) for a total contract price of \$889,823, so the Interview Entry Module can be built and rolled out Citywide.
