RE: **Zoning Map Amendment Application #2011I-00023**
2555 31st Street
Rezoning from I-A/UO-2 to C-MX-20/UO-2

Staff Report and Recommendation

Based on the criteria for review including legal basis evaluation and compliance with adopted City plans, Staff recommends approval for application #2011I-00023 for a rezoning from **I-A/UO-2 to C-MX-20/UO-2**.

I. Scope of Rezoning

Application:	#2011I-00023
Address:	2555 31st Street
Neighborhood/Council District:	Council District #9
RNOs:	Fox Street Neighbors Association; Inter-Neighborhood Cooperation; Elyria Swansea/Globeville Business Association; United Community Action Network Inc; Northwest Neighbors Coalition; Globeville Civic Association #1; Globeville Civic Association #2;
Area of Property:	6.2 acres/270,183 SF
Current Zoning:	I-A/UO-2
Proposed Zoning:	C-MX-20/UO-2
Applicant/Owner:	The Villas at the Regency, LLC/Isiah Salazar
Contact Person:	Isiah Salazar

II. Summary of Proposal

This amendment is proposed to allow for a change in zoning to permit mixed-use development in the vicinity of the future 41st and Fox light rail station area. The subject property is a larger piece of vacant industrial-zoned land bound on the east by Interstate 25. It is squarely within the 41st and Fox Station Area plan boundary which calls for a mix of urban and transit-oriented development. While the line is expected to be open by 2016, this is the first major rezoning proposal designed to implement the plan.

III. Justifying Circumstances

The application is located within the boundaries of the adopted 41st and Fox Station Area Plan which anticipates changes in land use associated with the future 41st and Fox light rail station area one block west of the currently vacant subject property. The application is measured against Denver Zoning Code Section 12.4.10.14.A.4 which provides a justification statement which says the land or its surrounding environs has changed or is changing to such a degree that it is in the public interest to encourage a redevelopment of the area or to recognize the changed character of the area.

IV. Existing Context

	Existing Zoning	Existing Land Use	Blueprint Denver	41 st and Fox Station Area Plan
Site	I-A/UO-2	Vacant/former parking lot	Transit-Oriented Development	Mixed-Use Office Residential (3-20 stories); Urban Residential (2-12 stories); Proposed Open Space/Parks/Plaza
North	I-A/UO-2	43 rd Street: Single family/vacant CDOT-owned property	Urban Residential/ Transit-Oriented Development	Mixed-Use Office Residential (3-20 stories) and Proposed Open Space/Parks/Plaza
South	I-A/UO-2	31 st Street: Office/warehouse/student housing	Urban Residential	Urban Residential (3-12 stories)
West	I-A/UO-2	Office/industrial/auto body paint shop/light and sign industrial	Urban Residential	Urban Residential (1-3 stories); Urban Residential (2-12 stories)
East	I-A/UO-2	Vacant/right-of-way	Right-of-Way	Highway

V. Summary of Agency Referral Responses

This rezoning has been reviewed for concurrence with the Denver Zoning Code and other applicable City Codes as utilized by the referral agencies listed below.

- Development Services-Survey: Approved pending final legal description approval
- Development Services-Transportation: Approved
- Denver Fire: Approved
- Denver Parks: Approved
- Asset Management: Approved

VI. Notice, Public Process & Public Comment

The property has been posted for a period of 15 days announcing the Denver Planning Board public meeting, and written notification of the public meeting has been sent to all affected registered neighborhood organizations. Public outreach and discussion of the rezoning has been interlaced with extensive outreach efforts conducted as part of the ESJH General Development Plan. Support documentation has been received from the Uptown Urban Design Forum and the Old San Rafael Neighborhood Association.

VII. Criteria for Review / Staff Evaluation

Pursuant to the Denver Zoning Code, Section 12.4.10.13, there are three criteria for review of all map amendments and two additional review criteria applied to non-legislative map amendments. The first three include:

1. Consistency with Adopted Plans
2. Uniformity of District Regulations and Restrictions
3. Public Health, Safety and General Welfare

These are explained in the following sections. The remaining two criteria include (*Justifying Circumstances* (explained in Section III above) and *Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements* (elements of the Denver Zoning Code)).

- **Neighborhood Contexts:** The Urban Center Neighborhood Context consists of multi-unit residential and mixed-use commercial strips and commercial centers. It consists of a regular pattern of block shapes surrounded an orthogonal street grid. Buildings typically have consistent orientation and shallow front setbacks with parking at the rear and/or side of the building. The context is characterized by moderate to high building heights to promote a dense urban character. Lower scale structures are typically found in areas transitioning to a less dense urban neighborhood. (Denver Zoning Code Division 7.1)
- **Zone District Purpose:** The Mixed Use Zone Districts are intended to promote safe, active, pedestrian-scaled, diverse areas. They are also intended to ensure new development contributes positively to established residential neighborhoods and character, and improves the transition between commercial development and adjacent residential neighborhoods. The requested zone district, C-MX-20, “applies to areas or intersections served primarily by major arterial streets where a building scale of 3 to 20 stories is desired” (Denver Zoning Code Section 7.2.2.2.F).

VIII. Consistency with Adopted Plans / Staff Evaluation

The proposal is consistent with adopted plans. Applicable plans for this site include:

- Denver Comprehensive Plan 2000
- Blueprint Denver
- Uptown Healthcare District Urban Design Plan Update (2007)

A. Consistency with the Denver Comprehensive Plan 2000

The proposal is consistent with and positively addresses many Denver Comprehensive Plan strategies, including:

1. **Environmental Sustainability 2-F:** These policies promote conservation of land by promoting infill development within Denver, including increased density at transit nodes and promoting the development of sustainable communities and centers of activity.
2. **Land Use 3-B, 3-D, 4-A;** Land Use policies encourage incorporation of relevant neighborhood plan recommendations, encourage quality infill

- development, identify and enhance focal points in neighborhoods, encourage mixed-use development, and ensure support for choices in mobility, from pedestrian routes to transit accommodations.
3. Mobility 3-B, 4-E, 5-D; Supporting Mobility policies in Comprehensive Plan 2000 focus on promoting transit and pedestrian-oriented development opportunities, encouraging an environment supportive of multimodal access to jobs, housing and activity centers.
 4. Legacies 3-A and 3-B emphasize striving to increase density and incorporation of visionary urban design principles to achieve a higher concentration and more diverse mix of employment and transportation options. The proposed rezoning encourages this goal.
 5. Housing 2-F, 6-A, 6-E; These policies encourage mixed-use development, finding opportunities for housing in all proposed development including opportunities along transit lines. Key properties for development along transit often include vacant underutilized properties.
 6. Neighborhoods 1-D; Neighborhood policies support creating a sense of place with high quality urban design in neighborhoods to strengthen their connection to urban centers, including use of unifying design features such as street trees and detached sidewalks where possible. As this area is considered a transition area that will not turn overnight, development of this property will provide the “east” anchor for this neighborhood with single family residential and existing industrial activities located in between the subject property and the future transit center at 41st and Fox. Although not short term, improvements at this location will likely compel public realm improvements and private investment to provide connection and pedestrian improvements through the central part of this neighborhood along 41st-through 43rd Street when the station opens in 2016.

B. Consistency with Blueprint Denver

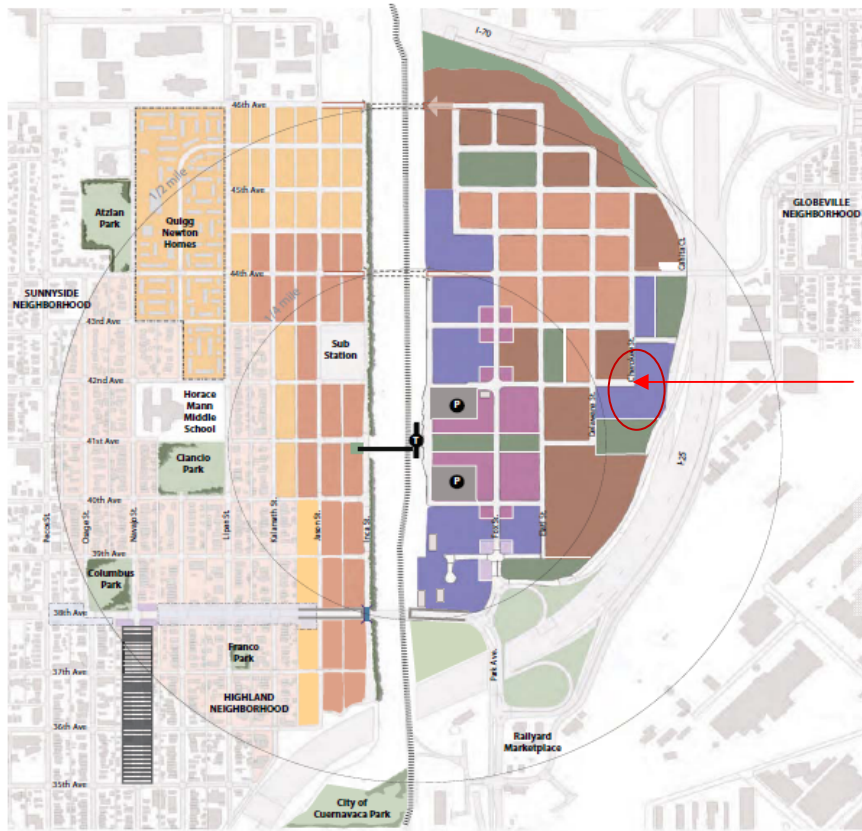

Blueprint Denver, the City’s Land Use and Transportation Plan, identifies the property with a future concept land use of Transit Oriented Development. According to Blueprint Denver, this site has a concept land use of Transit Oriented Development and is located in an Area of Change. In Transit Oriented Development centers, “land uses have a direct correlation to the function of a mass transit system. They “offer an alternative to traditional development patterns by providing housing, services, and employment opportunities for a diverse population in a configuration that facilitates pedestrian and transit access” (p. 44). “The purpose of Areas of Change is to channel growth where it will be beneficial and can best improve access to jobs, housing and services with fewer and shorter auto trips. Areas of Change are parts of the city where most people agree that development or redevelopment would be beneficial” (p.127).

Blueprint Denver classifies all surrounding streets as undesignated local streets: 31st Street, 42nd Avenue, Delaware Street, and 43rd Avenue. “The design features of local streets are influenced less by traffic volumes and are tailored more to providing access” (p.51). The Interstate 25 ramps that bound the east side of the property are also undesignated.

C. Consistency with the Uptown 41st and Fox Station Area Plan (2009)

The proposed rezoning is generally consistent with the neighborhood plan which promotes higher density land uses to promote redevelopment associated with the 41st and Fox light rail station. The 41st and Fox Plan offers a framework within which the proposed project can be organized to fit to meet the intent of the plan to address active edges and continuation of the street grid and associated infrastructure. Site development will be challenging in terms of topography for street and drainage development.

Land Use Plan

The 41st and Fox Station Area Plan identifies the subject property within Mixed-Use Residential 3-20 stories, Urban Residential 3-12 stories, and Proposed Open Space/Public Plaza

According to the plan:

“Mixed-Use Office/Residential” (3-20 stories) (p. 15), has a sizable employment base as well as housing and may include a wide variety of uses including hotels and lodging. Intensity is higher in these areas than in the urban residential areas. Land uses are not necessarily mixed in each building but the area will include employment, services and residential uses within walking distance. The proportion of residential to commercial will vary from one development to another. Because these mixed-use developments are within the transit oriented development area, form of the buildings and pedestrian orientation are very important.

“Urban Residential” (2-12 stories) (p.16): These areas contain the highest population density in the station area. Uses are primarily residential but may include a noteworthy number of complementary commercial uses. New housing tends to be in mid- to high-rise structures to take advantage of Downtown and mountain views, and there is a greater housing than employment base. Urban design features that reinforce the pedestrian environment while still providing for privacy of ground floor residents are important.

“Proposed Open Space/Parks/Plazas” (p. 17), on the northeast portion of the station area will be needed in response to the conversion of industrial uses to higher density residential. Although parks are conceptually shown on the land use plan, the actual size and locations are not determined. Future park space in the station area will require working with private property owners, additional study by the Parks Department, and developing funding partnerships to pay for park land, improvements, and maintenance.

IX. Uniformity of District Regulations and Restrictions

The proposed rezoning to C-MX-20 will result in the uniform application of zone district building form, use and design regulations to all buildings within the subject area. C-MX-20 allows a host of uses not currently allowed in the industrial zoning district, with the primary difference being residential and more retail-oriented uses. UO-2 allows the provision for billboards as currently allowed on the site. Other lower intensity C-MX districts would also be appropriate for this property. The applicant is seeking maximum entitlement allowed and supported by the station area plan.

X. Public Health, Safety and General Welfare

The proposed rezoning will bring the property into further compliance with Denver's Comprehensive Plan, Blueprint Denver, and the 41st and Fox Station Area Plan, allowing for redevelopment associated with the 41st and Fox light rail station. This development will encourage better design for future businesses and residential properties to allow for easier access to the future station area and provide an opportunity for private development that leverages the major public investment in rail expansion.

XI. Staff Recommendation

Based on the criteria for review as defined above, CPD Staff recommends **approval** for rezoning the property generally located at 2555 31st Street (Application #2011i-00023) to C-MX-20, as defined on the attached application map.

WARRANTY DEED

This Deed, made November 20, 2007

Between **Alan G. Pomeroy** of the County Denver, State of COLORADO, grantor(s) and **SFF Real Estate Investments, LLC, a Colorado Limited Liability Company**, a Colorado Limited Liability Company whose legal address is 2500 -18th Street, Suite 200, Denver, CO 80211 County of Denver, and State of COLORADO, grantee.

WITNESS, That the grantor, for and in the consideration of the sum of **THIRTY THOUSAND AND 00/100 DOLLARS (\$30,000.00)** the receipt and sufficiency of which is hereby acknowledged, has granted, bargained, sold and conveyed, and by these presents does grant, bargain, sell, convey and confirm, unto the grantee, their heirs and assigns forever, all the real property together with improvements, if any, situate, lying and being in the County of Denver, State of COLORADO described as follows:

That part of the NE ¼ SW ¼ of Section 22, Township 3 South, Range 68 west of the 6th P.M., described as follows: Commencing at the intersection of the East line of Delaware and Northeast line of 31st Street; thence North 168.07 feet to the True Point of Beginning; thence North 22°35' East a distance of 70.31 feet; thence North 33°01' East a distance of 65.51 feet; thence North 69°30' West a distance of 66.85 feet to the East line of Delaware; thence South to the True Point of Beginning except for any portion lying within Delaware St., City and County of Denver, State of Colorado.

also known by street and number as **vacant land, Denver, CO 80216**

TOGETHER with all and singular hereditaments and appurtenances, thereunto belonging, or in anywise appertaining, and the reversion and reversions, remainder and remainders, rents issues and profits thereof, and all the estate, right, title, interest, claim and demand whatsoever of the grantor, either in law or equity, of, in and to the above bargained premises, with the hereditaments and appurtenances.

TO HAVE AND TO HOLD said premises above bargained and described, with the appurtenances, unto the grantee, his heirs and assigns forever. And the grantor, for himself, his heirs and personal representatives, does covenant, grant, bargain and agree to and with the grantee, his heirs and assigns, that at the time of the ensealing and delivery of these presents, he is well seized of the premises above conveyed, has good, sure, perfect, absolute and indefeasible estate of inheritance, in law, in fee simple, and has good right, full power and lawful authority to grant, bargain, sell and convey the same in manner and form as aforesaid, and that the same are free and clear from all former and other grants, bargains, sales, liens, taxes, assessments, encumbrances and restrictions of whatever kind of nature so ever, **except for taxes for the current year, a lien but not yet due and payable, and those specific Exceptions described by reference to recorded documents as reflected in the Title Documents accepted by Buyer in accordance with section 8a (Title Review) of the contract dated October 30, 2007, between the parties.**

The grantor shall and will WARRANT AND FOREVER DEFEND the above-bargained premises in the quiet and peaceable possession of the grantee, his heirs and assigns, against all and every person or persons lawfully claiming the whole or any part thereof. The singular number shall include the plural, the plural the singular, and the use of any gender shall be applicable to all genders.

IN WITNESS WHEREOF, the grantor has executed this on the date set forth above.
