6. General description of proposed ordinance including contract scope of work if applicable:

Ordinance No. 269 (Series 2007) created the “Lowry Air Force Base Remediation Fund” (fund number 78320) and established the fund’s purpose and allowable income sources. This ordinance seeks to amend that ordinance to rename the fund, expand the fund’s purpose, and expand the fund’s allowable income sources. This will give the Department of Environmental Health’s Environmental Quality division, which operates the fund, more flexibility with regards to what money can be deposited into the fund and how it can be spent. Specific changes requested are as follows:

- Change the fund name wherever it appears from “Lowry Air Force Base Remediation Fund” to “Environmental Liabilities Fund” (keep the fund number the same).
- Expand the fund purpose by adding the bolded and underlined language to Section 1: “...for the purpose of receiving, spending and accounting for remedial, administrative, and legal **costs** associated with the former Lowry Air Force Base settlement **and other environmental settlements, in strict accordance with settlement agreements.**”
- Expand allowable income sources by adding the bolded and underlined language to Section 2: “Monies received from Lowry Assumption LLC, **other environmental settlements,** or other private sources receipts...”

(Please note, this is a companion ordinance to the Long Bill.)
