5. General description or background of proposed request. Attach executive summary if more space needed:

DEN utilizes on-call contract capacity to assist with emerging capital improvement requirements necessary to support the safe operation of the terminal, rapid customer growth, and aging infrastructure that requires modernization. This will be task order based work to complete projects that support the larger capital improvement plan. The agreement may also be drafted to include design-build tasks as an option for delivery. Work may vary from carpet replacement to central utility plant (CUP) projects, from apron paving to jet bridges, giving DEN maximum flexibility.
