5. **General description or background of proposed request. Attach executive summary if more space needed:**  
(who, what, why)

This request is for an amendment between FlashParking, Inc. and Denver International Airport (DEN). The amendment is to include exhibit M to allow DEN to utilize digital parking services, ParkWhiz, BestParking and ParkMobile. These services will provide digital ticket checkout, allowing customers to pay using their personal mobile device, or allow customers to create a payment account for entering and exiting the parking facilities utilizing license plate recognition rather than requiring a ticket to enter and exit. This Amendment aligns with Vision 100 Pillar #2: Growing Our Infrastructure. With the principle of enhancing the customer experience in mind, this amendment will provide customers with additional options for paying their parking fees, through the convenience of digital services. The digital services will also provide contingencies for payment processing if the parking access control system experiences an outage.

6. **City Attorney assigned to this request (if applicable):** John Redmond

7. **City Council District:** Council District 11
