4. Contact Person *with actual knowledge of proposed ordinance who will present the item at Mayor Council and who will be available for first and second reading, if necessary*

Name:Amy Raaz

Phone:amy.raaz@flydenver.com

Email:

5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved

a. Scope of Work

The vendor for the xMatters product (xMatters Inc.) is the owner of the software and inventor of this product and the software itself is proprietary. The Technology Division is requesting an amendment to move to the xMatters product to a managed service model and to use the product into a fully hosted environment. There are many benefits to migrating to the managed services version of the xMatters product. For instance, DIA will experience reduced infrastructure costs, the xMatters product has an enhanced solution that provides built in redundancy and full disaster recovery capability, and DIA will have 24/7 technical support. Furthermore, this software is critical since it is the official "Emergency Notification System" for the airport and is used ubiquitously throughout the premise.

b. Duration

3 years

c. Location

DIA

d. Affected Council District

11

e. Benefits

Provides numerous divisions within the Airport data access along with 24/7 support.

f. Costs
\$1,000,000.00
