6. **General description/background of proposed ordinance including contract scope of work if applicable:**

     In November 2014, Denver voters approved an increase to the sales and use tax dedicated to the Denver Preschool Program. Due to provisions of TABOR that trigger a need to refund revenues from a tax if actual revenues exceed estimates included in the TABOR notice (unless later voter approval is secured for retaining those taxes) the City must refer a ballot measure to the voters to allow us to retain and spend already collected tax revenues from the tax. This bill would refer a question to the November 2016 ballot to allow the city to retain and spend these taxes, as well as continue imposition of the taxes as previously approved.   The total amount of the incremental tax increase collected in 2015 is $3.5 million.
