RE: Zoning Map Amendment Application #2010I-00025
Rezoning from I-A UO-2 to I-MX-3 UO-2

Staff Report and Recommendation

Based on the review criteria identified in the Denver Zoning Code, Section 12.4.10, Staff recommends **approval** for Application #2010I-00025 for a rezoning from I-A UO-2 to I-MX-3 UO-2.

I. Scope of Rezoning

Application:	#2010I-00025
Address:	377/389 S Lipan Street
Neighborhood/Council Dist.:	Athmar Park; Council District #7
RNO's:	Athmar Park Neighborhood Association; Inter-Neighborhood Cooperation
Area of Property:	2.7 acres
Current Zoning:	I-A UO-2
Proposed Zoning:	I-MX-3 UO-2
Applicants/Owners:	Frogmore, LLC
Contact Person:	Barry Gilbert

II. Summary of Proposal

Vicinity Description

The site is located along the west side of Lipan Street, between W Nevada Place and W Alaska Place. Railroad Right of Way borders the site on the west. The Platte River corridor is located one block east of the site.

III. Justifying Circumstances for Rezoning

Land or Its Surrounding Environs Has Changed or is Changing

The character of the neighborhood is changing and the proposed rezoning of the property to I-MX-3 would encourage further redevelopment and reinvestment consistent with the surrounding properties to the south and west of the site.

IV. Zoning Context

	Zoning	Existing Land Use	Blueprint Denver
Site	I-A UO-2	Warehouse Uses	Area of Stability Industrial
North	E-MX-3A	Auto Services and Warehouse	Area of Change Commercial Corridor
South	I-MX-3	Warehouses and Residential	Area of Stability Industrial
West	I-MX-3	Warehouses and Residential	Area of Stability Industrial
East	I-A UO-2	Warehouses	Area of Stability Industrial

V. Summary of Agency Referral Responses

These rezonings have been reviewed concurrently within the context the Denver Zoning Code and other applicable City Codes as utilized by the referral agencies listed below.

- Asset Management: Approved/No Comment.
- Fire Department: Approved/No Comment.
- Denver Parks: Approved/No Comment.
- DES-Transportation: Approved for rezoning. The applicant should note that redevelopment of this site may require additional engineering, ROW dedication to the City, access changes, traffic studies and/or right of way improvements. The extent of the required design and improvements will be determined once this property begins the redevelopment process. All access points to be determined through Traffic Impact Study and review process that is currently in progress.
- DES-Wastewater: Approved for rezoning. Public Works DES Wastewater approves this Zone Map Amendment. The applicant should note that this

DES-Surveyor

approval is for zoning change only, and development of this site will require approval of drainage/sanitary sewer studies and construction plans.

Public Works DES Survey approves this Zone Map Amendment. The applicant should note that this approval is for zoning change only, any future developments of this site will require a complete boundary survey and all DES Survey requirements to be approved.

VI. Community Response

No formal Registered Neighborhood Organization response has been received.

VII. Criteria for Review

The criteria for review of this rezoning application are identified in the Denver Zoning Code, Section 12.4.10. Applicable criteria include:

- Consistency with Adopted Plans
- Uniformity of District Regulations and Restrictions
- Public Health, Safety and General Welfare
- Justifying Circumstances
- Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements

A. Consistency with Adopted Plans

Rezoning application #2010I-00025 is consistent with the City's adopted plans. These include Comprehensive Plan 2000, Blueprint Denver and the Athmar Park Perimeter Plan.

Denver Comprehensive Plan 2000

The proposal is consistent with and positively addresses many Denver Comprehensive Plan strategies, including:

- Land Use chapter, Strategy 3-B is to *"Encourage quality infill development that is consistent with the character of the surrounding neighborhood; that offers opportunities for increased density and more amenities; and that broadens the variety of compatible uses."*
- Mobility chapter, Strategy 4-E to *"Continue to promote mixed-use development, which enables people to live near work, retail and services."*
- Legacies Chapter, Strategy 3-A to *"Identify areas in which increased density and new uses are desirable and can be accommodated."*

Blueprint Denver

The Blueprint Denver concept land use classification of this site is Industrial in an Area of Stability. According to Blueprint Denver, Industrial areas have varied characters. Some have historic buildings that are suitable for conversion to office and residential. Others have the potential to be diverse employment areas, often requiring access to major arterials or interstates (p. 40). The goal for an Area of Stability is to identify and maintain the character of an area while accommodating some new development and redevelopment (p. 120).

The proposed I-MX-3 UO-2 Zone District is consistent with the Blueprint land use concept of Industrial. Additionally, this rezoning will support new development that will provide an improved transition between the low scale residential uses to the west and the industrial properties to the east.

Rezoning this site to I-MX-3 UO-2 will be consistent with these plan recommendations.

Athmar Park Perimeter Plan

Applicable Goals from the 2000 Plan include:

- Promote neighborhood stability, support preservation of the neighborhood character, and create a sense of place.
- Encourage business growth, revitalization, and development in the commercial areas along the Athmar Park neighborhood edges and in the industrial area.

Rezoning this site to I-MX-3 UO-2 will be consistent with these plan recommendations.

B. Uniformity of District Regulations and Restrictions

Rezoning application #2010I-00025 results in regulations and restrictions that are uniform for each kind of building throughout each district having the same zoning classification.

C. Public Health, Safety and General Welfare

Rezoning application #2010I-00025 furthers the Public Health, Safety and General Welfare of the City.

D. Justifying Circumstances

The land or its surrounding environs has changed or is changing to such a degree that it is in the public interest to encourage a redevelopment of the area. This rezoning will encourage further redevelopment and reinvestment in this area while providing an appropriate transition between the low scale residential uses to the west and the industrial properties to the east.

E. Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements

Rezoning application #2010I-00025 is consistent with the Neighborhood Context Description, Zone District Purpose and Intent Statements.

Neighborhood Context Description: This area is located in an Industrial Context, which consists of areas of light industrial, warehouse, and heavy industrial areas, as well as areas in transition from industrial to mixed-use. Industrial buildings are typically placed to accommodate the specific activity, often with surrounding parking. (DZC 9.1.1)

Zone District Purpose and Intent Statements: The requested I-MX-3 applies to industrially-dominated areas served primarily by local or collector streets with a maximum building height of 3 stories (DZC 9.1.2.1.A). In general, Industrial Mixed Use districts are intended to develop in a pedestrian-oriented pattern, to provide a transition between mixed use areas and I-A or I-B districts, and to accommodate a variety of uses.

VIII. Planning Board Recommendation

Planning Board reviewed rezoning application #2011I-00003 at their regularly scheduled meeting on June 15, 2011. Planning Board recommended approval of this item on consent.

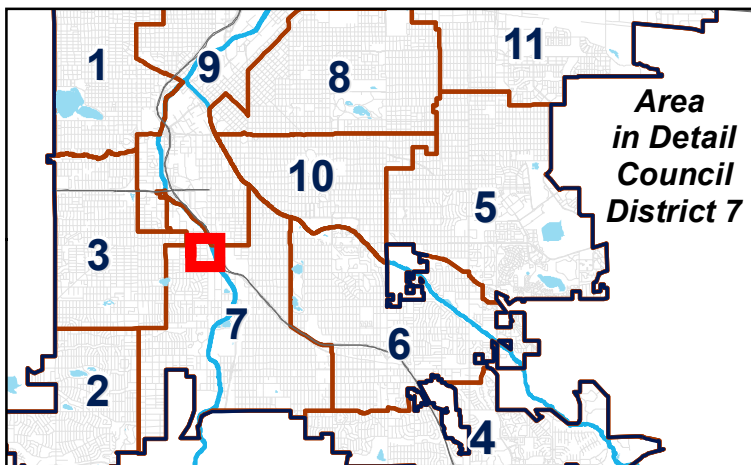

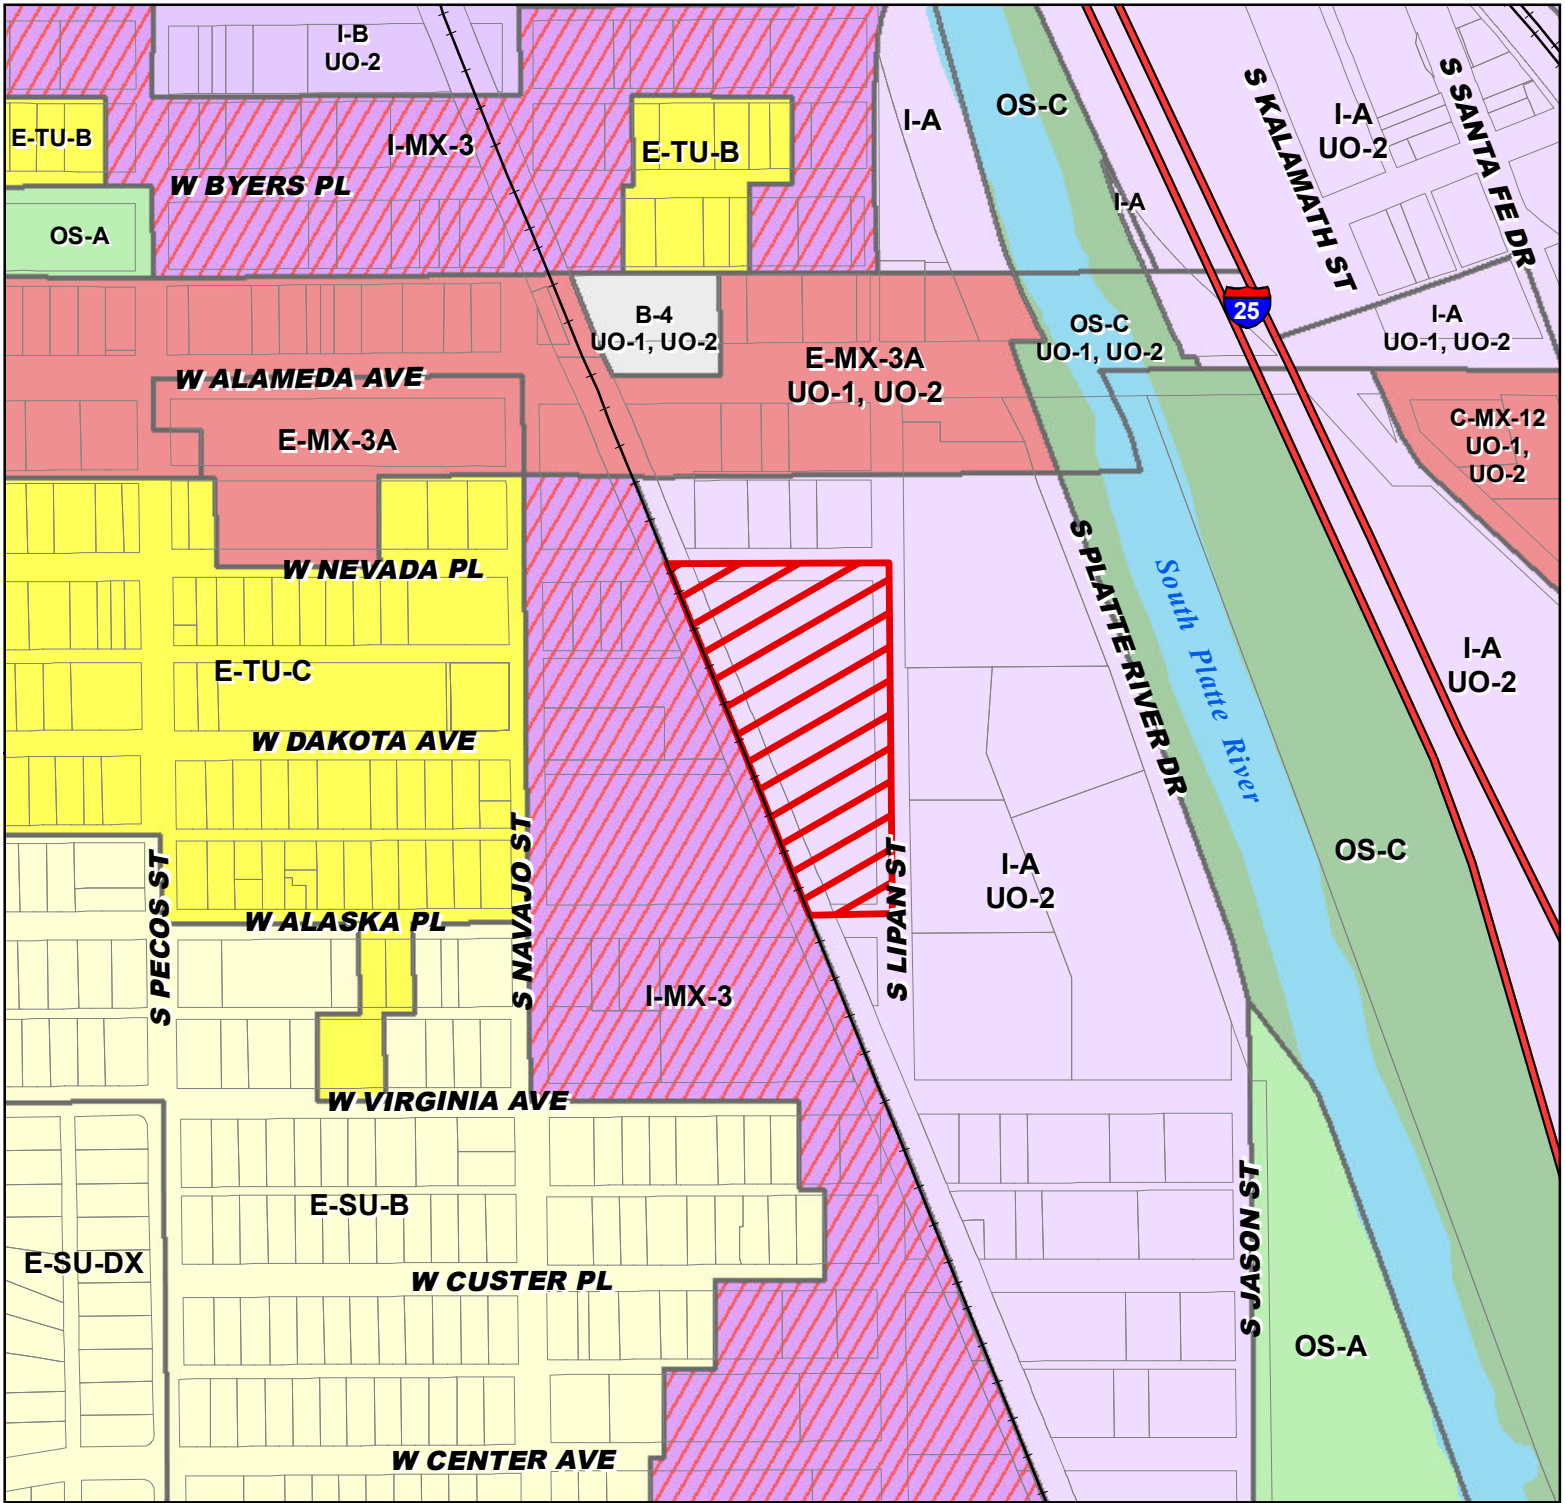

IX. Staff Recommendation

Based on the criteria for review as defined above, Staff recommends **approval** for rezoning the property located at 377/379 S Lipan Street (Application #2010I-00025) to I-MX-3 UO-2.
