Proposed Scope of Work for City and County of Denver

Year 02 of Grantwriting Contract

Dates: July 1, 2012-June 30, 2013

Services to be provided

1. Half time project manager to serve as liaison with the city, updating assessments, assisting city agencies in forming partnerships, submitting reports and coordinating provision of technical assistance
2. Providing on call technical assistance to help city agencies think through program development, develop logic models, facilitate meetings, research data needed to support proposals and apply for grants
3. Providing on call research of potential funding sources, and weekly announcements of upcoming funding opportunities, provided by a half-time research associate
4. Developing and facilitating four trainings on topics to be determined jointly by the city and JVA
5. Offering city staff unlimited access to JVA's training opportunities (over 80 training topics per year)
6. Providing full service in the development, preparation and submission of 25 federal or foundation grant proposals (*Note: In our experience in the first year, because of the level of collaboration of city agencies and the desire to have JVA facilitate meetings leading to grants development, there has been NO difference in time and effort spent between preparing responses to government Requests for Proposals or preparing foundation grant proposals*).

Pricing and payment terms

- For staffing and affiliated costs (materials, funding research databases, parking) for items 1-5 above, a total of \$137,935, payable in twelve monthly installments of \$11,494.58 per month, beginning in July 2012.
- For item 6 above, an allocation of a total of \$125,000 (average of \$5,000 per proposal x 25 proposals); we will provide an estimate for each proposal after reviewing the RFP and prior to beginning work on the proposal. JVA will bill the city monthly for proposals completed during that time period. Should a city agency not complete a proposal for which JVA has begun work, JVA will bill for actual time and expenses.
