

EXECUTIVE SUMMARY

COLORADO CENTER BICYCLE/PEDESTRAIN BRIDGE OVER I-25

Contractor: **Jalisco International, Inc.**

Proposed contract amount: **\$5,095,535.69**

Project Title: **Colorado Center Bicycle/Pedestrian Bridge Over 1-25**

Contract Control Number: **201312517**

Term of this proposed contract: **486 (Four Hundred Eighty Six Days)**

DBE Compliance: **6% Goal Attained**

Selection process:

- (a) Date of Bid Opening- October 25, 2013:**
- (b) How many bids were opened - 2**

Source of funds: **CIP & Federal Funding**

Background:

The Work generally consists of the design, fabrication, painting and erection of a simple span, steel combined arch and truss pedestrian bridge with a reinforced concrete deck spanning over Interstate 25, and associated approach ramps. The main span over I-25 is over 300 feet in length. The approach ramps will be prestressed concrete box girders. The Work also includes utility work and coordination, storm sewer installation, roadway work, signage and stripping, lighting, coordination with the public and the project neighbors, and all traffic control necessary to construct the project.

To be completed by Mayor's Legislative Team:
