RE: Petition for an Ordinance Continuing the Downtown Denver Business Improvement District

Dear City Council President Gilmore, Members of City Council, and City Clerk:

Thank you for your continued support of the Downtown Denver Business Improvement District. Enclosed are the petitions signed by commercial property owners representing real and personal property in the Downtown Denver Business Improvement District (DDBID), supporting the "Continuance of the Downtown Denver Business Improvement District in the City and County of Denver for a period of 10 years"; and, a resolution approved by the Downtown Denver Business Improvement District Board of Directors--"A Resolution to Present Petitions to City Council and Requesting City Council to Approve the Continuance of the DDBID" adopted May 6, 2021, in addition to other supporting documentation.

The DDBID operating plan states that "the DDBID shall have perpetual existence unless, in the tenth year thereafter, the District fails to file with the City Council of the City and County of Denver a petition requesting continuance signed by persons who own real and personal property in the service area of the DDBID having a valuation for assessment of not less than fifty percent of the valuation for assessment of all real and personal property in the service area of the District and who own at least fifty percent of the acreage in the DDBID." The DDBID was last renewed through Ordinance No. 555 Series of 2011 on October 25, 2011 (attachment 1).

The 2021 BID Renewal Summary sheet (attachment 2) summarizes that the signed petitions from DDBID property owners representing 71.88% of the acreage and 75.19% of the assessed valuation, meaningfully exceeds the required 50% threshold for both applicable categories. The signed petitions represent properties across the District ranging from small office condominiums and store fronts, to unimproved property, to skyscrapers located on full city blocks. This demonstrates, during a pandemic especially, robust and broad support for the continuation of the Improvement District; the work of which benefits not only the commercial properties who finance the District, but all users of downtown Denver including residents, employees, and visitors.

The Board of Directors of the DDBID respectfully requests that City Council adopt an ordinance for the continuance of the Downtown Denver Business Improvement District. We appreciate your support in allowing the DDBID to continue to provide enhanced services within the District so that the downtown community may thrive benefiting everyone.

WHEREAS, the Service Plan (Operating Plan) of the District contains the following provision concerning the continued existence and operation of the District:

“The DDBID will have all the powers, functions and duties specified in the “Business Improvement Act” except as expressly stated in this Service Plan. The City Council shall determine whether the petition threshold has been met and may, upon filing of any challenge to the signatures, hold a public hearing on such question. If the City Council determines that the petition threshold has not been met or if no petition is filed prior to the expiration of a ten-year period, the City Council shall declare, by ordinance, that the DDBID is dissolved and shall direct the existing directors to take such actions as are necessary to conclude its affairs.”
