1.) Qualifications

I am a 2008 alumnus of the Colorado Business Committee for the Arts (CBCA) Leadership Arts Program and my passion for the scientific, cultural, and historical organizations in Denver began at a young age. While in high school I worked as a volunteer tour guide for the Colorado History Museum for two years. I am a patron of most of the museums/galleries in Denver and I have been a member of the Denver Arts Museum in years past (2011 and 2012).

I frequently attend both community and Broadway theatres and have been actively involved in the shows at Curious theatre company this past season, even encouraging my mother, Dr. Rosemarie Allen, to participate in their talk backs.

Perhaps most importantly, I am deeply passionate about the work of the Cultural Council and I am prepared to bring a diverse, compassionate, and insightful point of view to the organization.

2.) Education, Knowledge & Skills

I hold a Bachelors of Arts in Creative Writing, a Masters of Science in Integrated Marketing and Management Communications and a Masters of Arts in Counseling Psychology and Counselor Education.

I am the owner and primary psychotherapist at Transcendent Counseling LLC where I offer individual, group, couple and family counseling. I specialize in eating disorders, personality disorders, and life-cycle transition, among other things. In addition, I am an adjunct faculty member at both the University of Colorado Denver and Metropolitan State University of Denver.

3.) Volunteer/Community Involvement

I have volunteered my team through offering workshops, seminars and public speaking on implicit bias, how trauma impacts the brain development of African American teens and the importance of cultural and arts interventions when working with adolescents who have eating and personality disorders.

Currently, I volunteer my time by offering free weekly groups and some art therapy for people who cannot afford mental health care.

5.) Additional Information

If not selected, I am willing to serve on another volunteer panel.

There is nothing that would adversely affect public confidence in your appointment.
