

ON-CALL SERVICES CONTRACT

THIS ON-CALL CONSTRUCTION SERVICES CONTRACT (the “**Contract**”) is made and entered effective as of the date set forth on the City’s signature page below (“**Effective Date**”) by and between the **CITY AND COUNTY OF DENVER**, a municipal corporation of the State of Colorado (the “**City**”) and **CTM INC.**, a Colorado corporation whose address is PO Box 118, Englewood, CO 80151 (the “**Contractor**”), referred to herein jointly as the “**Parties**” and individually as a “**Party**”.

WHEREAS, proposals pursuant to advertisements issued May 6, 2020, have been reviewed, evaluated and ranked by a selection committee and a recommendation was made to the Executive Director of Parks and Recreation, who has recommended that a Contract for said work be made and entered into with the above-named Contractor, and

WHEREAS, said Contractor is now willing, able and has the present capacity to perform all of said work in accordance with this Contract, said advertisement and the referenced selection documents.

In consideration of the mutual agreements contained in this Contract, and subject to the terms and conditions stated in this Contract, the Parties agree as follows:

1. WORK TO BE PERFORMED.

A. Work: This Contract contemplates performance of construction services by the Contractor on a variety of, as yet to be identified, Projects on an “as needed” or “on-call” basis. The Contractor shall furnish all labor, tools, supplies, equipment, materials and everything necessary for and required to do, perform and complete all of the work described in the Scope of Work, *Exhibit A* (the “**Work**”). Contractor shall perform Work in a highly skilled manner consistent with the performance standards and technical requirements set forth in *Exhibit A*. The Contractor shall commence in the time specified following the issuance by the City of a Work Order for a Project. The Contractor shall complete the Project within the time period specified in the Work Order for the Project. The Contractor shall diligently prosecute the Work to completion using its best efforts, highly skilled work effort and attention. The Contractor shall be solely responsible for all means, methods and techniques of performance, protection of property and safety. The Contractor shall be responsible to the City for the acts and omissions of the Contractor’s employees and any other persons performing any of the work or furnishing materials.

B. Oversight: The Contractor shall conduct the Work under the general direction of and in coordination with the Executive Director of the Department of Parks and Recreation or other designated representative (the “**Director**”) and the Department employee(s) assigned to manage the Work Project (the “**Department**”) and make every reasonable effort to fully coordinate the Work Project with any

City agency or any person or firm under contract with the City doing work which affects the Contractor's Work Project. The Contractor agrees to allow the City to review any of the procedures used by it in doing the Work under this Contract and to make available for inspection all notes and other documents used in performing the Work.

C. **Non-exclusivity:** The Contractor acknowledges and agrees that this Contract does not create an exclusive right to perform all Work for which the City may contract for the type of service described in *Exhibit A*. The City may enter contracts with other contractors to perform the same or similar services and reserves the right to select, at the discretion of the Director, the contractor that is the most cost effective, best suited, and/or most readily able to perform a specific Work Project.

D. **Work Order Notice:** As the Department determines the need and availability of funding for each Work Project, the City will issue a written Work Order to the Contractor detailing the nature and extent of services to be provided, the location of the Work Project, and the timeframes within the Work Project is to be performed, with a projected amount to be paid to the Contractor (the "Work Project Amount") based on the Work items described in the Scope of Work and Technical Specifications in *Exhibit A*, which is attached to this Contract and incorporated herein by reference. *Exhibit B* attached to this Contract and incorporated herein by reference substantially reflects the form of the Work Order to be issued by the City. The Contractor shall in good faith confirm the scope of services detailed therein and the associated Work Project Amount, all of which must be in accordance with the terms and conditions of this Contract, and respond back in writing to the Department as to the Contractor's ability to initiate and complete the Work Project in the timeframes specified in the Work Order. The Contractor assumes all responsibility and risks, including any additional work or additional costs, for failure to confirm the completeness and accuracy of the Work Order and the Work Project Amount. Confirmation includes, but is not restricted to, inspections of the Work Project site and inquiries with the Department as to any directions or specifications in the Work Order which are not clear. Upon the Contractor confirming the Work Order Notice, with or without changes or corrections, the Department will notify the Contractor to proceed on the assigned Work Project and acknowledging or denying any corrections or changes to the Work Order Notice or Work Project Amount requested by the Contractor.

E. **Work Order Change:** If, after the Department notifies the Contractor to proceed to perform a Work Order and commencement on the Work Project, additions, deletions or modifications to the Work described in the Work Order Notice, along with any associated changes in the Work Project Amount, are required by the Department or are requested by the Contractor and approved in advance by the Department, an amended Work Order will be issued by the Department to the Contractor in accordance to

the same standards and procedures prescribed for Work Order Notices, in substantially the form as set forth in *Exhibit C* attached to this Contract and incorporated herein by reference. The Contractor shall promptly and thoroughly review and respond to the proposed changes, in accordance to the same standards and procedures prescribed for Work Orders and notify the Department that the Contractor is ready and willing to perform the Work Project in the manner and timeframes as modified by the amended Work Order Notice.

F. Markup On Costs: The Contractor shall be entitled to 10% of markup on the direct cost of the subcontractor's work, including labor, materials, and equipment. The Contractor shall not apply markup to Special Conditions, markup, or bonds, taxes or insurance. The Contractor, subcontractor or sub-subcontractor who actually performs the Work shall be entitled to a markup of 15% on the actual costs identified. Bonds, insurance and sales tax are to be added after markup.

G. Inspection of the Work: Persons who are employees of the City or who are under contract to the City will be assigned to inspect and test the Work. These persons may perform any tests and observe the Work to determine whether or not designs, materials used, manufacturing and installation processes and methods applied, and equipment installed satisfy the requirements of the technical specifications, all other Contract requirements, and the Contractor's warranties and guarantees. The Contractor shall permit these inspectors unlimited access to the Work and provide means of safe access to the Work, which cost shall be included in the Contractor's price for the Work. In addition, the Contractor shall provide whatever access and means of access are needed to off-site facilities used to store or manufacture materials and equipment to be incorporated into the Work and shall respond to any other reasonable request to further the inspector's ability to observe or complete any tests. Such inspections shall not relieve the Contractor of any of its quality control responsibilities or any other obligations under the Contract. All inspections and all tests conducted by the City are for the convenience and benefit of the City. These inspections and tests do not constitute acceptance of the materials or Work tested or inspected, and the City may reject or accept any Work or materials at any time prior to the inspections, whether or not previous inspections or tests were conducted by the inspector or a City representative.

1) **Site Conditions:** Any drawings, specifications, information or data, if provided for the Contractor's work, may have been prepared on the basis of interpretations by design professionals' investigations of the work site. The drawings, specifications, information or data are subject to sampling errors, and the interpretation of the information and data depends to a degree on the judgment of the design professional. Information about the degree of difficulty of the work to be done cannot totally be derived from either the drawings and specifications or from the Project Manager. The Contractor shall not be entitled to an adjustment to the contract time or contract amount for any condition which was or

would have been evident at the time of a pre-bid site inspection. The Contractor represents that it will visit the Work site if and to the extent it believes necessary, familiarize itself with the location and conditions under which the Work is to be performed, and correlate its observations with the requirements of the Contract.

2) Geotechnical and Other Design Professional Reports, Investigations and Tests:

a) The Contractor acknowledges that certain soils reports, borings, and other geotechnical data will be made available for inspection and review. The borings will be made available for the use of the City in the design of the Project and are intended as a resource for use in the Work by the Contractor.

b) The City in no way warrants the accuracy or reliability of said borings and other geotechnical data or of the data, information or interpretations contained in said soils reports, and is not responsible for any deduction, interpretation, or conclusion drawn therefrom by the Contractor. Said soil reports may contain interpretations by design professionals of borings and geotechnical data obtained at the work site. Such borings and geotechnical data are subject to sampling errors, and any interpretations or conclusions based on such borings and data depend to a degree on the judgment of the design professionals.

c) The Contractor agrees that it will make no claims against the City if, in performing the Work, it finds that the actual conditions encountered do not conform to those indicated by said soil reports, borings and other geotechnical data, or those reasonably inferred therefrom or reasonably discoverable by a thorough inspection of the site by the Contractor.

H. Warranties; Correction of Work: The Contractor warrants that all parts, materials, components, equipment, systems and other items incorporated into the Work (“Items”) shall be new, unless otherwise specified, and suitable for the purpose used, and will be of good quality, free from faults and defects, and in keeping with common industry standards and that said Items shall be properly installed or incorporated into the Work in accordance with manufacturer’s specifications and standard practices for said Items, and all of this shall be in conformance with the specifications and requirements of this Contract. The Contractor’s warranty shall be effective for a one-year period following the completion of the Work. The Contractor, when requested, shall furnish the Director with satisfactory evidence of the kind and quality of Items proposed to be incorporated into the Work. At any time while this Contract is in effect or during the warranty period, the Contractor shall, at no cost to the City, promptly investigate, repair, replace, or otherwise correct any of its workmanship and/or Items in the Work which contain fault(s) or defect(s),

whether such failure(s) are observed by the City or the Contractor, and promptly repair, replace, otherwise correct any damage to any personal or real property owned by the City or another person resulting from said fault(s) or defect(s) or from the repair, replacement, or correction of the fault(s) or defect(s).

I. **Title:** The Contractor warrants that it has full title to all items incorporated into the Work, that its transfer of such title to the City is rightful and free and clear from all security interests, liens, claims, or encumbrances whatsoever, and that the Contractor will defend such title against all persons claiming the whole or part of any Item, at no cost to the City.

J. **Completion; Deficiency:** The Contractor shall promptly notify the Department as to the completion of the Work so that inspection of the Work may be made by the City. If a Completion Notice is specified in the Work Order, the Contractor shall not submit a request for payment for the Work performed until a Completion Notice is issued by the Director or ten (10) calendar days after City is notified of Work completion, whichever is sooner. If the Work performed is determined by the Director to be defective, deficient or incomplete, whether or not a Completion Notice is required, the Contractor shall correct or complete the Work, at no additional cost to the City, within the timeframe specified in a Notice of Deficiency issued by the Director, and promptly notify the Director upon correction or completion of the Work.

K. **Time is of the Essence:** The Work is time sensitive. The Contractor acknowledges and affirms that it is imperative that the Contractor exercise due diligence and actively and expeditiously undertake all measures necessary: 1) in initiating, making good progress, and completing the Work Project, all within the timeframes specified in this Contract and applicable Work Order, and 2) in promptly and fully correcting or completing any Work noted in a Notice of Deficiency. Failure or refusal by the Contractor to initiate, make good progress, or complete the Work within the Performance Period may result, at the discretion of the Director, in termination of this Contract, or in assessment of liquidated damages under Section 5 of this Contract.

L. **Subcontracting:** The Contractor is prohibited from hiring any subcontractor currently debarred by the City in accordance with section 20-77 of the Denver Revised Municipal Code.

2. **METHODS OF WORK.**

A. **Resources, Personnel, and Time Commitment:** The Work shall be promptly commenced and actively prosecuted with the optimum complement of workers and equipment in order to complete the Work in an effective and expeditious manner. The Contractor shall furnish all labor, tools, supplies, equipment, materials and everything necessary for and required to perform and complete the Work. The Work shall be undertaken by workers skilled, proficient, and experienced in the trades required

by this Contract and shall be performed in an orderly and responsible manner in accordance with recognized standards and the plans and specifications contained in this Contract or provided to the Contractor by the City. If the City reasonably believes that the Work is not proceeding satisfactorily or timely because the Contractor has not utilized an adequate number of qualified and skilled personnel or workers or provided sufficient tools, supplies, equipment, or materials, then the City may require the Contractor, at no additional cost to the City, to utilize additional qualified and skilled personnel or workers or provide additional tools, supplies, equipment, or materials to perform the Work in a manner reasonably acceptable to the City.

B. Permits and Licenses: Any tasks specified under this Contract that require the employment of licensed or registered personnel shall be performed by licensed or registered personnel. The Contractor shall obtain, at its own expense, and maintain all permits or licenses, including any prescribed governmental authorizations or approvals, required for the performance of the Work and shall demonstrate, if requested, what actions the Contractor has taken to comply with the required permits, licenses, authorizations or approvals.

C. Work Site Conditions: Work sites and nearby locations shall be kept clean and neat. Equipment, vehicles, and materials no longer needed at the site shall be promptly removed from the site, and any such items lawfully stored for use on the site shall be so placed and secured as to protect the public health and safety. All scraps, debris, trash, excess soil, and other waste materials shall be regularly removed and properly disposed of. Disposal in solid waste containers provided by the City is prohibited unless written authorization is obtained.

D. Protection of Property: The Contractor shall assume full responsibility and expense for the protection of all public and private property, including but not limited to structures, street improvements, pathways, irrigation systems, landscaping, water lines, sewers, and other utilities, both above and below ground, at or near the site or sites of the Work or at any other location affected by the prosecution of the Work or the transportation or utilization of workers, equipment, or materials in connection with the Work. The Contractor shall provide, in a timely manner and in advance, written notice to: 1) the City department having charge of any property, right of way, or utility affected by the Work; 2) any utility having charge of any utility affected by the Work; and 3) any private property owner whose property or improvements will be affected by the Work, and shall make all necessary arrangements with such City department, utility, or private property owner for the removal and replacement or the protection of such property. The Contractor shall arrange and obtain any utility locations required by law or necessary to protect utilities or underground facilities on public or private property and shall be liable for any failure to obtain or comply with such utility locations. To the extent that any permit or license is required by a City

department or other governmental entity for any work on public property, said permit or license shall be obtained and paid for by the Contractor in advance of performing the Work and shall be complied with in the performance of the Work. If the Contractor or its employees, agents, or subcontractors destroy or damage any property, public or private, the Contractor shall promptly repair or replace such property, to the reasonable satisfaction of the Department, before the City will accept or pay for the Work performed. If the Contractor fails to make such repairs or replacement, the Director may, at the Director's discretion, undertake such repair or replacement and deduct the cost of the same from amounts payable to the Contractor under this Contract.

E. Safety: The Contractor is responsible for the health and safety of every person on or at the Work site and shall take all necessary and appropriate precautions and actions to protect such persons from injury, death or loss. The Contractor shall be responsible for being fully familiar with and complying with all applicable City, state or federal laws, ordinances, rules and regulations, requirements and guidelines, including the Occupational Safety and Health Act and any regulations or directives adopted thereunder ("Safety Laws"). The Contractor shall promptly notify the City in writing of any violations of said Safety Laws, along with copies of any injury reports, and any citations, orders, or warnings issued by governmental agencies in the enforcement of said Safety Laws. The Contractor shall provide and properly locate all necessary protective devices and safety precautions, including warning signs, barricades, or other devices or precautions as required by Safety Laws or the City. For all operations requiring the placement and movement of equipment or materials, the Contractor shall observe and exercise, and shall direct its employees or agents to observe and exercise, all appropriate and prudent caution so as to avoid injury to persons or damage to property and to minimize annoyance to or undue interference with the movement of the public and the performance of City functions. All ladders, scaffolding, or other devices used to reach objects not otherwise accessible, shall be of sound construction, firm and stable and shall be maintained in good, operable condition. All such equipment shall be moved, placed, shifted, and removed from work areas in such a manner as to provide maximum safety to persons and property and cause the least possible interference with the normal usage of such areas by the public and City personnel.

F. Disposal of Non-Hazardous Waste at DADS: In accordance with the Landfill Contract made between the City and Waste Management of Colorado, Inc., the Contractor will be required to haul dedicated loads (non-hazardous entire loads of waste) to the Denver-Arapahoe Disposal Site ("DADS") for disposal. DADS is located at Highway 30 and Hampden Avenue in Arapahoe County, Colorado. The City will pay all fees associated with such disposal but the Contractor shall be responsible for the costs of transporting the loads. Non-hazardous waste is defined as those substances and materials

not defined or classified as hazardous by the Colorado Hazardous Waste Commission pursuant to C.R.S. §25-15-207, as amended from time to time, and includes construction debris, soil and asbestos. Work Order proposals shall not use Gun Club Road between I-70 and Mississippi Avenue as a means of access to DADS.

G. Waiver of Part 8 of Article 20 of Title 13, Colorado Revised Statutes: The Contractor specifically waives all the provisions of Part 8 of Article 20 of Title 13, Colorado Revised Statutes regarding defects in the Work under this Contract.

H. Liens and Other Encumbrances: The Contractor shall not permit any mechanic's or materialman's liens or any other liens to be imposed and remain for more than ninety (90) days upon any City-owned property, or any part thereof, by reason of any worker labor performed or materials or equipment furnished by any person or legal entity to or on behalf of the Contractor, either pursuant to C.R.S. § 38-26-107 or by any other authority. The Contractor shall promptly pay when due all bills, debts and obligations incurred in connection with this Contract and shall not permit the same to become delinquent. The Contractor shall not permit any lien, mortgage, judgment, execution or adjudication of bankruptcy which will in any way impair the rights of the City under this Contract. The Contractor will indemnify and save harmless the City for the extent of any and all payments, interests, and penalties resulting from failure to comply with this section. The Contractor's obligations set out in this section shall survive the termination of this Contract.

I. Environmental Compliance: The Contractor shall obtain all necessary federal, state, and local environmental permits and comply with all applicable federal, state, and local environmental permit requirements relating to the Work. The Contractor shall comply with all applicable local, state, and federal environmental guidelines, rules, regulations, statutes, laws, and orders (collectively, "Environmental Requirements"), including but not limited to Environmental Requirements regarding the storage, use, transportation, and disposal of Hazardous Materials and regarding releases or threatened releases of Hazardous Materials to the environment. The term "Hazardous Materials" shall mean asbestos and asbestos-containing materials, special wastes, polychlorinated biphenyls (PCBs), any petroleum products, natural gas, radioactive source material, pesticides, any hazardous waste as defined at 42 U.S.C. § 6903(5) of the Solid Waste Disposal Act, any hazardous substance as defined at 42 U.S.C. § 9601(14) of the Comprehensive Environmental Response, Compensation and Liability Act, and chemical substance as defined at 15 U.S.C. § 2602(2) of the Toxic Substances Control Act, and any guidelines issued and rules or regulations promulgated pursuant to such statutes or any other applicable federal or state statute.

J. Attorney's Fees: Colorado Revised Statute 38-26-107 requires that in the event any person or company files a verified statement of amounts due and unpaid in connection with a claim for

labor and materials supplied on this project the City shall withhold from payments to the Contractor sufficient funds to insure the payment of any such claims. Should the City be made a party to any lawsuit to enforce such unpaid claims or any lawsuit arising out of or relating to such withheld funds, the Contractor agrees to pay to the City its costs and reasonable attorney's fee which cost shall be included as a Cost of the Work. Because the City Attorney Staff does not bill the City for legal services on an hourly basis, the Contractor agrees a reasonable fee shall be computed at the rate of two hundred dollars per hour of City Attorney time.

K. Environmental Sustainability: The Contractor shall demonstrate commitment to and experience in environmental sustainability and public health protection practices applicable to its line of services including, but not limited to, construction waste recycling and energy efficiency. Contractor shall work to reduce landfill waste by recycling and/or salvaging recyclable materials. Where applicable, vendor shall procure and install fixtures and equipment that reduce energy use.

L. Standards and Specifications for Construction; General Conditions: The City General Conditions to the Standards and Specifications for Construction, 2011 Edition, shall apply only as set forth in the specifications for the Work under this Contract and as referenced in this Contract. Reference to "Manager" shall be replaced with "Executive Director of Parks and Recreation"; and reference to "Deputy Manager" shall be replaced with "Deputy Executive Director of Parks and Recreation".

3. TERM. The term of this Contract will commence upon September 1, 2020 and will continue until through September 1, 2023 (the "Term"). If the time needed to complete any Work Order or Work Order Change extends beyond the Term specified above, this Contract shall remain in full force and effect but only as to such Work Order or Work Order Change in progress; however, in no event shall the Term of this Contract be extended by Work Order or Work Order Change for more than one (1) year beyond the Term, and the total amount paid to the Contractor shall not exceed the Maximum Contract Amount specified in sub-section 4.A below. The Contractor agrees to comply with all applicable Contract close-out procedures and requirements set forth in the Contract and as otherwise directed by the Director.

4. COMPENSATION & PAYMENT.

A. Maximum Contract Amount: Each Project will be assigned and authorized separately by Work Order and the maximum liability of the City for any one Work Order shall not exceed the sum of **TWO MILLION FIVE HUNDRED THOUSAND DOLLARS AND NO/100 Dollars (\$2,500,000.00)**, including all authorized Work Order changes. The Maximum Contract Amount to be paid by the City to the Contractor for satisfactory completion of all Work Orders authorized by the City and performed by the Contractor under this Contract shall in no event exceed the sum of **FIFTEEN MILLION**

AND NO/100 DOLLARS (\$15,000,000.00), unless this Contract is modified to increase said amount by a duly authorized and written amendment to this Contract executed by the Parties in the same manner as this Contract. The Maximum Contract Amount stated herein is not intended, and shall not be construed, as a promise or guarantee to the Contractor that the final price payable to the Contractor for all of the authorized Work will equal the Maximum Contract Amount.

B. Conditions of Payment: Payment shall be made upon satisfactory completion of the Work in accordance with the Work Order issued and this Contract. A properly issued and signed final receipt and lien waiver shall be a condition precedent to any obligation for the City to make final payment for Work performed by the Contractor. The request for payment submitted by the Contractor must fully document and itemize the Work rendered and all equipment, supplies, materials, labor, and other authorized and actually incurred costs. The request for payment shall affirmatively represent that: i) all of the Work specified in the Work Order has been fully performed and completed and any Deficiency Notice has been satisfied; ii) no claims, liens, or amounts owed to employees, suppliers, or materialmen are outstanding and all requirements and conditions of section 2.H. below have been fully complied with; iii) all rights, title and interests to the materials or improvements provided or installed as the result of the Work have transferred to the City; and iv) no interest or encumbrance of any kind associated with the Work will be asserted, has been acquired, or will be made by the Contractor or any other person or entity. If the request for payment does not contain these representations, the representations are hereby deemed to contain them. The request for payment must be approved by the Director in writing in order to be eligible for compensation under this Contract. Any payment may be reduced by any liquidated damages assessed by the Director under subsection 5.D.2 below. The City shall deduct and retain a total of five percent (5%) from the total amount of approved applications for payment, including change orders. The City may also deduct in addition to retainage as stated above, the additional amount(s) of any and all outstanding claims pursuant to CRS §38-26-107 from each approved application for payment. After ninety-five percent (95%) of the Work under the Contract has been satisfactorily accomplished by the Contractor, the Director, in his/her sole discretion, may decrease the retained amount to a level that is no less than twice the value of the estimate of remaining Work.

C. Subject to Appropriation; No Multiple Year Obligation: It is understood and agreed that any payment obligation of the City hereunder, whether direct or contingent, shall extend only to funds appropriated by the Denver City Council for the purpose of this Contract, encumbered for the purpose of the Contract and paid into the Treasury of the City. The Contractor acknowledges that (i) the City does not by this Contract, irrevocably pledge present cash reserves for payments in future fiscal years,

and (ii) this Contract is not intended to create a multiple-fiscal year direct or indirect debt or financial obligation of the City.

D. Amendments: The Contractor acknowledges that the City is not obligated to execute an amendment to this Contract, and that any work performed by Contractor beyond that specifically described or allowed under this Contract or without a fully and properly executed amendment to this Contract is performed at Contractor's risk and without authorization under this Contract.

5. TERMINATION & REMEDIES.

A. Termination for Convenience of the City: The Director, upon giving twenty (20) calendar days written notice (unless a longer period is given), may terminate this Contract, in whole or part, when it is in the best interest of the City as determined by the Director. To the extent that the Contractor has initiated or completed Work for which the Contractor has not yet been compensated in accordance with this Contract, appropriate compensation for all such authorized Work shall be paid to the Contractor in accordance with this Contract.

B. Termination, With Cause, by the City: The occurrence of any one or more of the following shall constitute a breach of this Contract ("Breach"), for which the Director may, at the Director's option, either terminate this Contract or withdraw a Work Order, with cause, upon written notice to the Contractor:

1) The Contractor fails or refuses, within three (3) calendar days of being notified, to expeditiously and actively undertake or substantially or timely perform its responsibilities and obligations or fails or refuses to make adequate progress in performing its responsibilities and obligations under this Contract, including the due diligence obligations set forth in section 1 of this Contract or the Work methods under section 2 of this Contract, provided that the failure or refusal to undertake, make good progress, or complete the Work is not due to matters beyond the Contractor's control such as weather disaster or persistent bad weather, floods, or other acts of God, civil unrest, acts of the public enemy, national calamity, or strike at a manufacturer or supplier for the Work Project;

2) There is substantial evidence that it has been or will be impossible for the Contractor to perform the Work required due to matters within the Contractor's control such as voluntary bankruptcy, strikes, boycotts, and labor disputes involving Contractor's employees or closure or suspension of operations by regulatory order of a governmental entity or an order of a court due to violations or infractions by the Contractor or Contractor's employees;

3) The Contractor has persistently or flagrantly failed to perform the Work or failed to timely perform the Work or to comply with the specifications and requirements as set forth in the Scope of Work in **Exhibit A** to this Contract;

4) The Contractor has submitted one or more requests for payment under this Contract that are fraudulent or persistently or flagrantly erroneous or misleading;

5) The Contractor has made an assignment or transfer of, or subcontracted, its responsibilities and obligations under this Contract without obtaining the Director's written consent or not in conformance with this Contract;

6) The Contractor fails to obtain, renew, replace, or maintain the insurance coverage required by this Contract or causes or is at fault for damage to property or injury to persons that is not covered or not adequately covered by insurance and the Contractor fails to remedy the situation to the satisfaction of the Director;

7) The Contractor fails to obtain or properly and timely maintain any financial assurances required by this Contract;

8) Any lien is filed against City property because of any act or omission of the Contractor and is not timely discharged, unless the Contractor furnishes to the City such bond or other financial assurance reasonably acceptable to the Director to protect the interests of the City;

9) The Contractor has failed to obtain or maintain any required permit or license or has utilized personnel or workers not licensed or registered as required by law;

10) The Contractor has failed to deliver title or warranties or has failed to honor warranties as required by this Contract;

11) The Contractor fails, within three (3) calendar days of being notified, to comply with, or fails to compel its subcontractors to comply with, the prevailing wage requirements or other City ordinances applicable to the type and nature of Work being performed under this Contract; or

12) The Contractor or any of its officers or employees are convicted, plead nolo contendere, enter into a formal contract in which they admit guilt, enter a plea of guilty, or otherwise admit culpability to criminal offenses of bribery, kickbacks, collusive bidding, bid-rigging, antitrust, fraud, undue influence, theft, racketeering, extortion or any offense of a similar nature, in connection with the Contractor's business.

C. Compensation: Upon termination of this Contract by the City, with cause, under sub-section 5.B above, the Contractor shall be compensated for the Work that the Director determines to have been satisfactorily completed, except that the City shall be entitled to keep any unpaid amount owing

to the Contractor to the extent that said amount or some portion of said amount is needed to compensate the City for: 1) liquidated damages, if specified under sub-section 5.D.2. below; 2) the costs of releasing any liens or satisfying any claims related to the Contractor's Work; and 3) the costs of paying a new contractor for those services necessary to complete or rectify the Contractor's Work or to repair or replace any damaged or lost property caused by the Breach of this Contract. The Contractor shall have no claim of any kind whatsoever against the City for any termination with cause, except for compensation for the Work satisfactorily performed as described herein.

D. Remedies:

1) **Termination:** For any termination with cause of this Contract, the City shall have the right to any or all of the following remedies through the courts or other means of legal recourse available to the City: a) cancellation of the Contract; b) actual damages or costs caused by Breach of the Contractor; and c) recovery of costs incurred by the City itself in paying for the release of liens related to the Contractor's Work or in completing or rectifying the Contractor's Work or in retaining and compensating another contractor to complete or rectify the Contractor's Work, to the extent not covered in sub-section 5.C. above. In any legal action brought by the Contractor, the Contractor shall not be entitled to recover any more than the full amount, not previously paid, of any Work Orders executed with and performed in whole or part by the Contractor. The City and the Contractor understand and agree that the rights of specific performance and to incidental, consequential, or punitive damages have been hereby expressly waived and released by both Parties.

2) **Liquidated Damages:** If the Director determines, for a Breach of this Contract under sub-section 5.B above, not to terminate the Contract but to apply liquidated damages as provided in this paragraph, the Contractor shall be liable to the City for liquidated damages in the amount of one thousand dollars (\$1,000.00) per day, calculated from the day that the Director issues notice to the Contractor of a Breach under sub-section 5.B through a) the day before the Breach is remedied, or b) the day before a new Work Order or Contract is executed with another contractor to perform the Work, as so determined by the Director. The Contractor and City hereby acknowledges and agrees that it would be impractical and extremely difficult to estimate the damages which the City might incur for said breach, and that, in the interest of assuring that the Work is timely and properly performed, the liquidated damages provided herein is the most fair and reasonable way to compensate the City for any delay or inadequate performance without termination of the Contract or litigation.

3) **Delay:** The Contractor agrees that delays resulting from any causes other than acts or omissions of the City, its employees, agents or officials shall be considered fully compensated by a

time extension, and agrees to make no claim for monetary damages for such delays. In no event shall the Contractor be entitled to recover any delay costs caused by the acts or omissions of the Contractor, its employees or agents. If the Contractor's completion of the entire Contract is delayed due to actions within the control of the City, or due to the acts or omissions of persons authorized by the Executive Director to act on behalf of the City with regard to the Contract, and if such delay causes an increase in the Contractor's total cost of performance of the Work, and if the Contractor has given timely notice of such delay and provided adequate documentation of any changes in cost associated with such delay, then the Contractor shall be entitled to an equitable adjustment to the Contract. Such equitable adjustment shall consist of a fair and reasonable adjustment in the Contract amount, an extension of the Contract time, or both.

6. **WHEN RIGHTS AND REMEDIES NOT WAIVED.** In no event will any payment or other action by the City constitute or be construed to be a waiver by the City of any breach of covenant or default that may then exist on the part of the Contractor. No payment, other action, or inaction by the City when any breach or default exists will impair or prejudice any right or remedy available to it with respect to any breach or default. No assent, expressed or implied, to any breach of any term of the Contract constitutes a waiver of any other breach.

7. **INDEPENDENT CONTRACTOR.** The Contractor is an independent contractor retained to perform services for limited periods of time. Neither the Contractor nor any of its employees are employees or officers of the City under Chapter 18 of the Denver Revised Municipal Code, or for any purpose whatsoever. The Contractor is responsible for the operational management, errors and omissions of the Contractor's employees, agents, and subcontractors. Without limiting the foregoing, the Contractor understands and acknowledges that the Contractor and the Contractor's employees, agents and subcontractors: a) are not entitled to workers' compensation benefits through the City; b) are not entitled to unemployment insurance benefits unless unemployment compensation coverage is provided by the Contractor or some other entity besides the City; and c) are obligated to pay federal and state taxes on any monies earned pursuant to this Contract. Furthermore, it is understood and agreed that nothing in this Contract is intended, or shall be construed, to constitute a joint venture between the Parties.

8. **INSURANCE.**

A. **General Conditions:** Contractor agrees to secure, at or before the time of execution of this Contract, the following insurance covering all operations, goods or services provided pursuant to this Contract. Contractor shall keep the required insurance coverage in force at all times during the term of the Contract, or any extension thereof, during any warranty period, and for three (3) years after termination of the Contract. The required insurance shall be underwritten by an insurer licensed or authorized to do

business in Colorado and rated by A.M. Best Company as “A-”VIII or better. Each policy shall contain a valid provision or endorsement requiring notification to the City in the event any of the above-described policies be canceled or non-renewed before the expiration date thereof. Such written notice shall be sent to the parties identified in the Notices section of this Contract. Such notice shall reference the City contract number listed on the signature page of this Contract. Said notice shall be sent thirty (30) days prior to such cancellation or non-renewal unless due to non-payment of premiums for which notice shall be sent ten (10) days prior. If such written notice is unavailable from the insurer, Contractor shall provide written notice of cancellation, non-renewal and any reduction in coverage to the parties identified in the Notices section by certified mail, return receipt requested within three (3) business days of such notice by its insurer(s) and referencing the City’s contract number. If any policy is in excess of a deductible or self-insured retention, the City must be notified by the Contractor. Contractor shall be responsible for the payment of any deductible or self-insured retention. The insurance coverages specified in this Contract are the minimum requirements, and these requirements do not lessen or limit the liability of the Contractor. The Contractor shall maintain, at its own expense, any additional kinds or amounts of insurance that it may deem necessary to cover its obligations and liabilities under this Contract.

B. Proof of Insurance: Contractor shall provide a copy of this Contract to its insurance agent or broker. Contractor may not commence services or work relating to the Contract prior to placement of coverages required under this Contract. Contractor certifies that the certificate of insurance attached as *Exhibit D*, preferably an ACORD certificate, complies with all insurance requirements of this Contract. The City requests that the City’s contract number be referenced on the Certificate. The City’s acceptance of a certificate of insurance or other proof of insurance that does not comply with all insurance requirements set forth in this Contract shall not act as a waiver of Contractor’s breach of this Contract or of any of the City’s rights or remedies under this Contract. The City’s Risk Management Office may require additional proof of insurance, including but not limited to policies and endorsements.

C. Additional Insureds: For Commercial General Liability, Automobile Liability and Contractors Pollution Liability Including Errors & Omissions, Contractor and subcontractor’s insurer(s) shall name the City and County of Denver, its elected and appointed officials, employees and volunteers as additional insured.

D. Waiver of Subrogation: For all coverages required under this Contract, Contractor’s insurer shall waive subrogation rights against the City.

E. Subcontractors and Subconsultants: All subcontractors and subconsultants (including independent contractors, suppliers or other entities providing goods or services required by this

Contract) shall be subject to all of the requirements herein and shall procure and maintain the same coverages required of the Contractor. Contractor shall include all such subcontractors as additional insured under its policies (with the exception of Workers' Compensation) or shall ensure that all such subcontractors and subconsultants maintain the required coverages. Contractor agrees to provide proof of insurance for all such subcontractors and subconsultants upon request by the City.

F. Workers' Compensation/Employer's Liability Insurance: Contractor shall maintain the coverage as required by statute for each work location and shall maintain Employer's Liability insurance with limits of \$100,000 per occurrence for each bodily injury claim, \$100,000 per occurrence for each bodily injury caused by disease claim, and \$500,000 aggregate for all bodily injuries caused by disease claims. Contractor expressly represents to the City, as a material representation upon which the City is relying in entering into this Contract, that none of the Contractor's officers or employees who may be eligible under any statute or law to reject Workers' Compensation Insurance shall effect such rejection during any part of the term of this Contract, and that any such rejections previously effected, have been revoked as of the date Contractor executes this Contract.

G. Commercial General Liability: Contractor shall maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$2,000,000 policy aggregate.

H. Business Automobile Liability: Contractor shall maintain minimum limits of \$1,000,000 combined single limit applicable to all owned, hired and non-owned vehicles used in performing services under this Agreement. If transporting wastes, hazardous material, or regulated substances, Contractor shall carry a pollution coverage endorsement and an MCS 90 endorsement on their policy. Transportation coverage under the Contractors Pollution Liability policy shall be an acceptable replacement for a pollution endorsement to the Business Automobile Liability policy.

I. Builder's Risk or Installation Floater: Contractor shall maintain limits equal to the completed value of the project. Coverage shall be written on an all risk, replacement cost basis including coverage for soft costs, flood and earth movement, if in a flood or quake zone, and, if applicable, equipment breakdown including testing. The City and County of Denver, Contractor, and subcontractors shall be Additional Named Insureds under the policy. Policy shall remain in force until acceptance of the project by the City.

J. Contractors Pollution Liability Including Errors and Omissions: Contractor shall maintain limits of \$1,000,000 per occurrence and \$2,000,000 policy aggregate. Policy to include

coverage for errors and omissions, bodily injury, property damage including loss of use of damaged property, defense costs including costs and expenses incurred in the investigation, defense or settlement of claims, and clean-up costs. Policy shall include a severability of interest or separation of insured provision (no insured vs. insured exclusion) and a provision that coverage is primary and non-contributory with any other coverage or self-insurance maintained by the City.

K. Additional Provisions:

- 1) For Commercial General Liability, the policy must provide the following:
 - (i) That this Contract is an Insured Contract under the policy;
 - (ii) Defense costs are outside the limits of liability;
 - (iii) A severability of interests, separation of insureds provision (no insured vs. insured exclusion); and
 - (iv) A provision that coverage is primary and non-contributory with other coverage or self-insurance maintained by the City.
- 2) For claims-made coverage:
 - (i) The retroactive date must be on or before the contract date or the first date when any goods or services were provided to the City, whichever is earlier.
 - (ii) Contractor shall advise the City in the event any general aggregate or other aggregate limits are reduced below the required per occurrence limits. At their own expense, and where such general aggregate or other aggregate limits have been reduced below the required per occurrence limit, the Contractor will procure such per occurrence limits and furnish a new certificate of insurance showing such coverage is in force.

9. DEFENSE & INDEMNIFICATION:

A. Contractor hereby agrees to defend, indemnify, reimburse and hold harmless City, its appointed and elected officials, agents and employees for, from and against all liabilities, claims, judgments, suits or demands for damages to persons or property arising out of, resulting from, or relating to the work performed under this Contract (“Claims”), unless such Claims have been specifically determined by the trier of fact to be the sole negligence or willful misconduct of the City. This indemnity shall be interpreted in the broadest possible manner to indemnify City for any acts or omissions of Contractor or its subcontractors either passive or active, irrespective of fault, including City’s concurrent negligence whether active or passive, except for the sole negligence or willful misconduct of City.

B. Contractor's duty to defend and indemnify City shall arise at the time written notice of the Claim is first provided to City regardless of whether Claimant has filed suit on the Claim. Contractor's duty to defend and indemnify City shall arise even if City is the only party sued by claimant and/or claimant alleges that City's negligence or willful misconduct was the sole cause of claimant's damages.

C. Contractor will defend any and all Claims which may be brought or threatened against City and will pay on behalf of City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation. Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City's exclusive remedy.

D. Insurance coverage requirements specified in this Contract shall in no way lessen or limit the liability of the Contractor under the terms of this indemnification obligation. The Contractor shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.

E. This defense and indemnification obligation shall survive the expiration or termination of this Contract.

10. COLORADO GOVERNMENTAL IMMUNITY ACT. The Parties hereto understand and agree that the City is relying upon, and has not waived, the monetary limitations and all other rights, immunities and protection provided by the Colorado Governmental Act, § 24-10-101 *et seq.*, C.R.S.

11. TAXES, CHARGES AND PENALTIES. The City is not liable for the payment of taxes, late charges or penalties of any nature, except for any additional amounts that the City may be required to pay under the City's prompt payment ordinance D.R.M.C. § 20-107, *et seq.* The Contractor shall promptly pay when due, all taxes, bills, debts and obligations it incurs performing the services under the Contract and shall not allow any lien, mortgage, judgment or execution to be filed against City property.

12. COMPLIANCE WITH ALL LAWS. Contractor shall perform or cause to be performed all services in full compliance with all applicable laws, rules, regulations and codes of the United States, the State of Colorado; and with the Charter, ordinances, rules, regulations and Executive Orders of the City and County of Denver.

13. EXAMINATION OF RECORDS & AUDITS. Any authorized agent of the City, including the City Auditor or his or her representative, has the right to access, and the right to examine, copy and retain copies, at City's election in paper or electronic form, any pertinent books, documents, papers and records related to Contractor's performance pursuant to this Contract, provision of any goods or services to the City, and any other transactions related to this Contract. Contractor shall cooperate with City representatives and City representatives shall be granted access to the foregoing documents and information

during reasonable business hours and until the latter of three (3) years after the final payment under the Contract or expiration of the applicable statute of limitations. When conducting an audit of this Contract, the City Auditor shall be subject to government auditing standards issued by the United States Government Accountability Office by the Comptroller General of the United States, including with respect to disclosure of information acquired during the course of an audit. No examination of records and audits pursuant to this paragraph shall require Contractor to make disclosures in violation of state or federal privacy laws. Contractor shall at all times comply with D.R.M.C. 20-276.

14. DIVISION OF SMALL BUSINESS OPPORTUNITIES REQUIREMENTS.

A. This Agreement is subject to Article III, Divisions 1 and 3 of Chapter 28, Denver Revised Municipal Code (“D.R.M.C.”), designated as Sections 28-31 to 28-40 and 28-51 to 28-90 (the “MWBE Ordinance”) and any Rules or Regulations promulgated pursuant thereto. The project goal for MWBE participation established for this Agreement by the Division of Small Business Opportunity (DSBO) is 50%.

B. Under § 28-68, D.R.M.C., the Contractor has an ongoing, affirmative obligation to maintain for the duration of this Agreement, at a minimum, compliance with its originally achieved level of MWBE participation upon which this Agreement was awarded, unless the City initiates a material alteration to the scope of work affecting MWBEs performing on this Agreement through change order, contract amendment, force account, or as otherwise described in § 28-70, D.R.M.C. The Contractor acknowledges that:

1) The Contractor is required to comply with the approved Utilization Plan and the requirements therein in accordance with § 28-62, D.R.M.C. Along with the Utilization Plan requirements, the Contractor must establish and maintain records and submit regular reports, as directed by DSBO, which will allow the City to assess progress in complying with the Utilization Plan and achieving the MWBE participation goal. The Utilization Plan is subject to modification by DSBO.

2) If change orders or any other contract modifications are issued under the Agreement, the Contractor shall have a continuing obligation to immediately inform DSBO in writing of any agreed upon increase or decrease in the scope of work of such contract, upon any of the bases discussed in § 28-70, D.R.M.C., regardless of whether such increase or decrease in scope of work has been reduced to writing at the time of notification.

3) If change orders or other amendments or modifications are issued under the contract that include an increase in the scope of work of this Agreement, whether by amendment, change order, force account or otherwise, which increases the dollar value of the contract, whether or not such

change is within the scope of work designated for performance by an MWBE at the time of contract award, such change orders or contract modification shall be immediately submitted to DSBO for notification purposes.

4) Those amendments, change orders, force accounts or other contract modifications that involve a changed scope of work that cannot be performed by existing project subcontractors are subject to the original contract goal. The Contractor shall satisfy the goal with respect to such changed scope of work by soliciting new MWBEs in accordance with § 28-70, D.R.M.C. The Contractor must also satisfy the requirements under §§ 28-60 and 28-73, D.R.M.C., with regard to changes in scope or participation. The Contractor shall supply to the DSBO Director all required documentation described in §§ 28-60, 28-70, and 28-73 D.R.M.C. with respect to the modified dollar value or work under the contract.

5) For contracts of one million dollars (\$1,000,000.00) and over, the Contractor is required to comply with § 28-72, D.R.M.C., as applicable, regarding prompt payment to MWBEs. Payment to MWBE subcontractors shall be made by no later than thirty-five (35) days after receipt of an MWBE subcontractor invoice.

6) Failure to comply with these provisions may subject the Contractor to sanctions set forth in § 28-76 of the MWBE Ordinance.

7) Should any questions arise regarding specific circumstances, the Contractor should consult the MWBE Ordinance or may contact the Project's designated DSBO representative at (720) 913-1999.

15. ASSIGNMENT; SUBCONTRACTING. The Contractor shall not voluntarily or involuntarily assign any of its rights or obligations, or subcontract performance obligations, under this Contract without obtaining the Director's prior written consent. Any assignment or subcontracting without such consent will be ineffective and void and will be cause for termination of this Contract by the City. The Director has sole and absolute discretion whether to consent to any assignment or subcontracting, or to terminate the Contract because of unauthorized assignment or subcontracting. In the event of any subcontracting or unauthorized assignment: (i) the Contractor shall remain responsible to the City; and (ii) no contractual relationship shall be created between the City and any sub-consultant, subcontractor or assign.

16. NO THIRD-PARTY BENEFICIARY. Enforcement of the terms of the Contract and all rights of action relating to enforcement are strictly reserved to the parties. Nothing contained in the Contract gives or allows any claim or right of action to any third person or entity. Any person or entity other than

the City or the Contractor receiving services or benefits pursuant to the Contract is an incidental beneficiary only.

17. NO AUTHORITY TO BIND CITY TO CONTRACTS. The Contractor lacks any authority to bind the City on any contractual matters. Final approval of all contractual matters that purport to obligate the City must be executed by the City in accordance with the City's Charter and the Denver Revised Municipal Code.

18. CONTRACT AS COMPLETE INTEGRATION-AMENDMENTS. The Contract is the complete integration of all understandings between the parties as to the subject matter of the Contract. No prior, contemporaneous or subsequent addition, deletion, or other modification has any force or effect, unless embodied in the Contract in writing. No oral representation by any officer or employee of the City at variance with the terms of the Contract or any written amendment to the Contract will have any force or effect or bind the City.

19. SEVERABILITY. Except for the provisions of the Contract requiring appropriation of funds and limiting the total amount payable by the City, if a court of competent jurisdiction finds any provision of the Contract or any portion of it to be invalid, illegal, or unenforceable, the validity of the remaining portions or provisions will not be affected, if the intent of the parties can be fulfilled.

20. CONFLICT OF INTEREST.

A. No employee of the City shall have any personal or beneficial interest in the services or property described in the Contract. The Contractor shall not hire, or contract for services with, any employee or officer of the City that would be in violation of the City's Code of Ethics, D.R.M.C. §2-51, et seq. or the Charter §§ 1.2.8, 1.2.9, and 1.2.12.

B. The Contractor shall not engage in any transaction, activity or conduct that would result in a conflict of interest under the Contract. The Contractor represents that it has disclosed any and all current or potential conflicts of interest. A conflict of interest shall include transactions, activities or conduct that would affect the judgment, actions or work of the Contractor by placing the Contractor's own interests, or the interests of any party with whom the Contractor has a contractual arrangement, in conflict with those of the City. The City, in its sole discretion, will determine the existence of a conflict of interest and may terminate the Contract if it determines a conflict exists, after it has given the Contractor written notice describing the conflict.

21. NOTICES. All notices required by the terms of the Contract must be hand delivered, sent by overnight courier service, mailed by certified mail, return receipt requested, or mailed via United States mail, postage prepaid, if to Contractor at the address first above written, and if to the City at:

By Contractor to: Executive Director of Parks and Recreation
201 West Colfax Avenue, Dept. 601
Denver, Colorado 80202

Notices hand delivered or sent by overnight courier are effective upon delivery. Notices sent by certified mail are effective upon receipt. Notices sent by mail are effective upon deposit with the U.S. Postal Service. The parties may designate substitute addresses where or persons to whom notices are to be mailed or delivered. However, these substitutions will not become effective until actual receipt of written notification.

22. DISPUTES. All disputes between the City and Contractor arising out of or regarding the Contract will be resolved by administrative hearing pursuant to the procedure established by D.R.M.C. § 56-106(b)-(f). For the purposes of that administrative procedure, the City official rendering a final determination shall be the Director as defined in this Contract.

23. GOVERNING LAW; VENUE. The Contract will be construed and enforced in accordance with applicable federal law, the laws of the State of Colorado, and the Charter, Revised Municipal Code, ordinances, regulations and Executive Orders of the City and County of Denver, which are expressly incorporated into the Contract. Unless otherwise specified, any reference to statutes, laws, regulations, charter or code provisions, ordinances, executive orders, or related memoranda, includes amendments or supplements to same. Venue for any legal action relating to the Contract will be in the District Court of the State of Colorado, Second Judicial District (Denver District Court).

24. NO DISCRIMINATION IN EMPLOYMENT. In connection with the performance of work under this Contract, the Contractor may not refuse to hire, discharge, promote or demote, or discriminate in matters of compensation against any person otherwise qualified, solely because of race, color, religion, national origin, gender, age, military status, sexual orientation, gender variance or gender identity, marital status, or physical or mental disability. The Contractor shall insert the foregoing provision in all subcontracts.

25. USE, POSSESSION OR SALE OF ALCOHOL OR DRUGS. The Contractor shall cooperate and comply with the provisions of Executive Order 94 concerning the use, possession or sale of alcohol or drugs. Violation of this provision or refusal to cooperate with implementation of the policy can result in the City barring the Contractor from City facilities or participating in City operations.

26. PREVAILING WAGES.

A. Contractor shall comply with, and agrees to be bound by, all requirements, conditions and City determinations regarding the Payment of Prevailing Wages Ordinance, Sections 20-76 through 20-79, D.R.M.C. including, but not limited to, the requirement that every covered worker working on a City

owned or leased building or on City-owned land shall be paid no less than the prevailing wages and fringe benefits in effect on the date the bid or request for proposal was advertised. In the event a request for bids, or a request for proposal, was not advertised, Contractor shall pay every covered worker no less than the prevailing wages and fringe benefits in effect on the date funds for the contract were encumbered. A copy of the applicable prevailing wage rate schedule is attached as *Exhibit E* and incorporated herein by reference.

B. Date bid or request for qualifications/proposals was advertised: May 6, 2020.

C. Prevailing wage and fringe rates will adjust on, and only on, the anniversary of the actual date of bid or proposal issuance, if applicable. Unless expressly provided for in this Contract, Contractor will receive no additional compensation for increases in prevailing wages or fringe benefits.

D. Contractor shall provide the Auditor with a list of all subcontractors providing any services under the contract.

E. Contractor shall provide the Auditor with electronically-certified payroll records for all covered workers employed under the contract.

F. Contractor shall prominently post at the work site the current prevailing wage and fringe benefit rates. The posting must inform workers that any complaints regarding the payment of prevailing wages or fringe benefits may be submitted to the Denver Auditor by calling 720-913-5000 or emailing auditor@denvergov.org.

G. If Contractor fails to pay workers as required by the Prevailing Wage Ordinance, Contractor will not be paid until documentation of payment satisfactory to the Auditor has been provided. The City may, by written notice, suspend or terminate work if Contractor fails to pay required wages and fringe benefits.

27. PAYMENT OF CITY MINIMUM WAGE. Contractor shall comply with, and agrees to be bound by, all requirements, conditions, and City determinations regarding the City's Minimum Wage Ordinance, Sections 20-82 through 20-84 D.R.M.C., including, but not limited to, the requirement that every covered worker shall be paid no less than the City Minimum Wage in accordance with the foregoing D.R.M.C. Sections. By executing this Contract, Contractor expressly acknowledges that Contractor is aware of the requirements of the City's Minimum Wage Ordinance and that any failure by Contractor, or any other individual or entity acting subject to this Contract, to strictly comply with the foregoing D.R.M.C. Sections shall result in the penalties and other remedies authorized therein.

28. PAYMENT AND PERFORMANCE BOND. Without limiting or waiving any other responsibilities or obligations of the Contractor under this Agreement, the Contractor shall provide a

payment and performance bond(s), an irrevocable letter of credit, or other performance guarantees. A bond in the amount of **Two Million Dollars and No Cents (\$2,000,000.00)** shall be provided at the time of Contract execution substantially in the form specified in *Exhibit F*, which is attached hereto and incorporated herein by reference. In the event the dollar amount of Work authorized under all Work Orders exceeds this amount, the Contractor shall provide properly executed bond Change Riders, also in the form specified in *Exhibit F*, totaling the amount of all authorized Work Orders/Task Orders (the “**Surety**”). The form of letters of credit or other performance guarantees must be acceptable to the City Attorney. The Contractor shall deliver to the Director, prior to the execution of the Agreement, a fully executed Surety which shall provide effective and sufficient financial assurance for the full and faithful performance of the Contractor’s duties and obligations under this Agreement and the payment of bills for labor and materials for the Work, along with appropriate powers of attorney. The Surety must be issued from a surety corporation or bank authorized to do business in the State of Colorado and which is acceptable to the City. Such Surety shall be payable to the City upon demand for the Contractor’s failure to perform as required under this Agreement and/or failure to pay all amounts owed to laborers, mechanics, subcontractors, and materialmen for work performed or materials, supplies, rental items, tools, and equipment provided for the Work under this Agreement. The Surety shall also assure the repair or replacement of any Work found to be defective or otherwise not in compliance with this Agreement. The Surety shall remain in effect or be promptly renewed or replaced by another Surety acceptable to the City during the Term of the Agreement and during the Term of any Extension Amendment and for a ninety (90) day period after the expiration or termination of this Agreement or any Extension Amendment and any warranty period or other period prescribed by law. Satisfactory proof of renewal or acceptable replacement must be provided to the Director at least sixty (60) days prior to the date of expiration or termination of the Surety. The Contractor’s obligations set out in this section shall survive the expiration or termination of this Agreement and failure to obtain or maintain said Surety shall be grounds for immediate termination.

29. LEGAL AUTHORITY. Contractor represents and warrants that it possesses the legal authority, pursuant to any proper, appropriate and official motion, resolution or action passed or taken, to enter into the Contract. Each person signing and executing the Contract on behalf of Contractor represents and warrants that he has been fully authorized by Contractor to execute the Contract on behalf of Contractor and to validly and legally bind Contractor to all the terms, performances and provisions of the Contract. The City shall have the right, in its sole discretion, to either temporarily suspend or permanently terminate the Contract if there is a dispute as to the legal authority of either Contractor the person signing the Contract to enter into the Contract.

30. CONFIRMATION OF LAWFUL EMPLOYMENT.

A. This Contract is subject to Division 5 of Article IV of Chapter 20 of the Denver Revised Municipal Code, and any amendments (the “Certification Ordinance”).

B. The Contractor certifies that:

1) At the time of its execution of this Contract, it does not knowingly employ or contract with an illegal alien who will perform work under this Contract.

2) It will participate in the E-Verify Program, as defined in § 8-17.5-101(3.7), C.R.S., to confirm the employment eligibility of all employees who are newly hired for employment to perform work under this Contract.

C. The Contractor also agrees and represents that:

1) It shall not knowingly employ or contract with an illegal alien to perform work under the Contract.

2) It shall not enter into a contract with a subconsultant or subcontractor that fails to certify to the Contractor that it shall not knowingly employ or contract with an illegal alien to perform work under the Contract.

3) It has confirmed the employment eligibility of all employees who are newly hired for employment to perform work under this Contract, through participation in either the E-Verify Program.

4) It is prohibited from using either the E-Verify Program procedures to undertake pre-employment screening of job applicants while performing its obligations under the Contract, and it is required to comply with any and all federal requirements related to use of the E-Verify Program including, by way of example, all program requirements related to employee notification and preservation of employee rights.

5) If it obtains actual knowledge that a subconsultant or subcontractor performing work under the Contract knowingly employs or contracts with an illegal alien, it will notify such subconsultant or subcontractor and the City within three (3) days. The Contractor shall also terminate such subconsultant or subcontractor if within three (3) days after such notice the subconsultant or subcontractor does not stop employing or contracting with the illegal alien, unless during such three-day period the subconsultant or subcontractor provides information to establish that the subconsultant or subcontractor has not knowingly employed or contracted with an illegal alien.

6) It will comply with any reasonable request made in the course of an investigation by the Colorado Department of Labor and Employment under authority of § 8-17.5-102(5), C.R.S., or the City Auditor, under authority of D.R.M.C. 20-90.3.

D. The Contractor is liable for any violations as provided in the Certification Ordinance. If Contractor violates any provision of this section or the Certification Ordinance, the City may terminate this Contract for a breach of the Contract. If the Contract is so terminated, the Contractor shall be liable for actual and consequential damages to the City. Any such termination of a contract due to a violation of this section or the Certification Ordinance may also, at the discretion of the City, constitute grounds for disqualifying Contractor from submitting bids or proposals for future contracts with the City.

31. NO CONSTRUCTION AGAINST DRAFTING PARTY. The parties and their respective counsel have had the opportunity to review the Contract, and the Contract will not be construed against any party merely because any provisions of the Contract were prepared by a particular party.

32. CONTRACT DOCUMENTS; ORDER OF PRECEDENCE. This Contract consists of sections 1 through 37 which precede the signature page(s) (“Contract Text”), and the following exhibits and attachments which are incorporated herein and made a part hereof by reference:

- Exhibit A Scope of Work
- Exhibit B Work Order Form
- Exhibit C Work Order Change Form
- Exhibit D Insurance Certificate
- Exhibit E Prevailing Wage Rate Schedules
- Exhibit F Form of Payment and Performance Bond

In the event of an irreconcilable conflict (i) between a provision of the Contract Text and any of the listed exhibits or attachments or (ii) among provisions of any exhibits or attachments, such that it is impossible to give reasonable effect to all, the order of precedence to determine which document shall control to resolve such conflict, is as follows, in descending order:

- Contract Text
- Exhibit A
- Exhibit B
- Exhibit C
- Exhibit D
- Exhibit E
- Exhibit F

33. **SURVIVAL OF CERTAIN PROVISIONS.** The terms of the Contract and any exhibits and attachments that by reasonable implication contemplate continued performance, rights, or compliance beyond expiration or termination of the Contract survive the Contract and will continue to be enforceable. Without limiting the generality of this provision, the Contractor's obligations to provide insurance and to indemnify the City will survive for a period equal to any and all relevant statutes of limitation, plus the time necessary to fully resolve any claims, matters, or actions begun within that period.

34. **INUREMENT.** The rights and obligations of the parties to the Contract inure to the benefit of and shall be binding upon the parties and their respective successors and assigns, provided assignments are consented to in accordance with the terms of the Contract.

35. **SECTION HEADINGS.** The captions and headings set forth herein are for convenience of reference only and shall not be construed so as to define or limit the terms and provisions hereof.

36. **CITY EXECUTION OF CONTRACT.** This Contract will not be effective or binding on the City until it has been fully executed by all required signatories of the City and County of Denver, and if required by Charter, approved by the City Council.

37. **ELECTRONIC SIGNATURES AND ELECTRONIC RECORDS.** Contractor consents to the use of electronic signatures by the City. The Contract, and any other documents requiring a signature under the Contract, may be signed electronically by the City in the manner specified by the City. The Parties agree not to deny the legal effect or enforceability of the Contract solely because it is in electronic form or because an electronic record was used in its formation. The Parties agree not to object to the admissibility of the Contract in the form of an electronic record, or a paper copy of an electronic document, or a paper copy of a document bearing an electronic signature, on the ground that it is an electronic record or electronic signature or that it is not in its original form or is not an original.

EXHIBIT A

Scope of Work

A. BIDS:

When installation, maintenance, rehabilitation, and renovation work in City parks is required, documents describing the nature of the work will be assembled into Request for Bid Proposal packages and issued to the on-call contractors for preparation of bids. The contractor is required to have a full team of subcontractors available to provide timely pricing of bids and performance of projects. The City reserves the right to request bids from more than one on-call contractor. The City expects the contractor to provide bids on a regular basis, and if the contractor does not respond to three consecutive requests for bids, at the Project Manager's discretion, the contractor may be evaluated for termination of contract.

The contractor will be required to select and utilize appropriate subcontractors, as necessary, to achieve MWBE utilization goals which are associated with the contract and with the scopes of work described within the Request for Bid packages.

B. SPECIFIC WORK REQUIREMENTS:

The general contractor's scope of work may entail work in any area of the City park system (including Mountain Parks system). Work may include, without limitation, grading, drainage, pavements, curbing small structures, landscaping or irrigation, and incidental electrical, utility, and materials testing, depending on the scope of the project.

- Demolition, clearing, and grubbing
- Site grading
- Storm drainage systems and structures
- Synthetic turf
- Erosion control and BMPs
- Native vegetation, revegetation and establishment
- Landscape maintenance
- Soft surface trails
- Fencing
- Structures such as shade and pre-fabricated restrooms
- Site amenities
- Playground equipment and surfacing
- Signage
- Landscape planting
- Irrigation
- Concrete walls and flatwork
- Concrete basketball courts
- Post-tensioned concrete tennis courts
- Asphalt paving, striping, and other incidental or miscellaneous work
- Masonry (block, brick and stone)
- Trucking/hauling/disposal
- Electrical lighting and service wiring
- Plumbing and pipe fitting
- Carpentry
- Regulated Asbestos Containing Soil (RACS) management

Typical projects anticipated under this contract may include:

- Neighborhood park renovation including new playground, replacing asphalt paths with concrete, ADA improvements to parking lot including ramps
- Major renovation of a regional park playground
- Complete irrigation replacement for a 10-acre park
- Installation of upgraded picnic facility including unit paving, concrete seat, shade structure and site furnishings
- Turf conversion including irrigation retrofit, sod removal, native seed establishment, and maintenance

C. TECHNICAL SPECIFICATIONS:

Work performed shall be governed by the applicable provisions of the following technical specifications:

- CCD - Standard Specifications for Construction, General Contract Conditions (2011) as applicable
- Denver Parks and Recreation Standards and Specifications

D. SUSTAINABILITY:

The City's High Performing Green Building Guidelines provides that all new projects and major renovations of facilities be built and certified to the Standard of LEED Silver (with a goal of achieving LEED Gold). In the event that LEED is not applicable, projects should strive to incorporate sustainability wherever possible. In addition, Denver Parks and Recreation strives to meet SITES criteria for horizontal projects. It is the City's judgment that the contract may offer opportunities for sustainable design and construction. The contractor shall research and present sustainable alternatives including, but not limited to, deconstruction and recycling of existing materials; materials, systems, and equipment that contain high recycled content and/or components which are Energy Star-rated; and any other opportunities where sustainability may be incorporated.

E. PUBLIC ART:

Projects over \$1,000,000 may be required to meet the City's one percent (1%) for Public Art program. The contractor may be required to coordinate with public art installation as part of a Work Order.

F. LOCAL PRESENCE:

All contractors performing work under the scope of work must be licensed in the State of Colorado.

G. COORDINATION:

Coordination meetings with City agencies, utility companies, other City consultants (including technology consultants) and user groups shall be a continuing work item for the contractor from the Notice to Proceed through program review, schematic design, design development, construction documents, and through the construction and warranty phases. The contractor shall comply with all provisions of all related codes, standards, City ordinances, and regulations.

Superseded General Decision Number: CO20190020

State: Colorado

Construction Type: Building

County: Denver County in Colorado.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.80 for calendar year 2020 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.80 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2020. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

TO: All Users of the City and County of Denver Prevailing Wage Schedules
FROM: Ryland Feno, Classification & Compensation Technician II
DATE: January 06, 2020
SUBJECT: Latest Change to Prevailing Wage Schedules

Please be advised prevailing wage rates for some building, heavy, highway, and residential construction trades have not been updated by the United States Department of Labor (DOL) since March 1, 2002. The Career Service Board, in their meeting held on April 21, 2011, approved the use of the attached supplemental wage rates until prevailing wage rates for these classifications of work are again published by the United States Department of Labor in accordance with the Davis-Bacon Act.

The effective date for this publication will be **Friday, January 03, 2020** and applies to the City and County of Denver for **HIGHWAY CONSTRUCTION PROJECTS** in accordance with the Denver Revised Municipal Code, Section 20-76(c).

General Wage Decision No. CO20200009
Superseded General Decision No. CO20190009
Modification No. 0
Publication Date: 01/03/2020
(6 pages)

Unless otherwise specified in this document, apprentices shall be permitted only if they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor (DOL). The employer and the individual apprentice must be registered in a program which has received prior approval by the DOL. Any employer who employs an apprentice and is found to be in violation of this provision shall be required to pay said apprentice the full journeyman scale.

Attachments as listed above.

***Career Service Board approved to adjust all Davis Bacon classifications under \$13.00 to comply with the city's minimum wage. The effective date is August 15, 2019. See page 7 for reference.**

APPLIANCE MECHANIC**Effective Date:** 05-16-19

Last Revision: 06-07-18

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Appliance Mechanic	\$23.21	\$7.16

Plus 10% shift differential for regularly scheduled hours worked between 6:00 p.m. and 6:00 a.m.

The Appliance Mechanic installs, services and repairs stoves, refrigerators, dishwashing machines, exercise equipment and other electrical household or commercial appliances, using hand tools, test equipment and following wiring diagrams and manufacturer's specifications. Responsibilities include: connects appliance to power source and test meters, such as wattmeter, ammeter, or voltmeter, observes readings on meters and graphic recorders, examines appliance during operating cycle to detect excess vibration, overheating, fluid leaks and loose parts, and disassembles appliances and examines mechanical and electrical parts. Additional duties include: traces electrical circuits, following diagram and locates shorts and grounds, using ohmmeter, calibrates timers, thermostats and adjusts contact points, and cleans and washes parts, using wire brush, buffer, and solvent to remove carbon, grease and dust. Replaces worn or defective parts, such as switches, pumps, bearings, transmissions, belts, gears, blowers and defective wiring, repairs and adjusts appliance motors, reassembles appliance, adjusts pulleys and lubricates moving parts, using hand tools and lubricating equipment.

Note: This position does not perform installations done at new construction.

BUILDING ENGINEER**Effective Date:** 08-15-19

Last Revision: 04-05-18

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Building Engineer	\$29.55	\$7.89

This classification of work is responsible for operating, monitoring, maintaining/repairing the facilities mechanical systems to ensure peak performance of the systems. This includes performing P.M. and repair work of the building mechanical systems, inspecting, adjusting, and monitoring the building automation and life safety systems, contacting vendors and place order replacement parts, responding to customer service requests and performing maintenance/repairs I tenant or public spaces, performing routine P.M. i.e. light plumbing and electrical repairs, ballast lamp and tube replacement, operating mechanical systems both on site and via a remote laptop computer, maintaining inventory of spare parts and tools, painting and cleaning mechanical equipment and machine rooms, etc.

CONVEYANCE SYSTEM MAINTENANCE SERIES**Effective Date:** 09-19-19

Last Revision: 09-20-18

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Entry-Support Mechanic	\$24.44	\$7.36
Machinery Maintenance Mechanic	\$27.36	\$7.70
Controls System Technician	\$30.33	\$8.04

Plus 10% shift differential for regularly scheduled hours worked between 6:00 p.m. and 6:00 a.m.

This classification was previously listed as Baggage Handling System Maintenance. The title of the series has been changed to be inclusive of other types of similar work.

Entry Support Mechanic

The Entry Support Mechanic (ESM) applies basic mechanical knowledge to perform maintenance and operational tasks on a conveyance system. Under supervision of a Machinery Maintenance Mechanic (MMM) or Control Systems Technician (CRO), the ESM performs cleaning, routine inspections, preventive, corrective and emergency maintenance based on an established maintenance program. The MMM clears jams and faults and may physically move items during failures.

Machinery Maintenance Mechanic

The Machinery Maintenance Mechanic (MMM) applies advanced mechanical knowledge to perform maintenance and operational tasks on a conveyance system. Performs cleaning of all parts of the system, routine inspections, preventive maintenance, corrective maintenance, and emergency maintenance within the system based on an established maintenance program. The MMM shall inspect all equipment for proper operation and performance including but not limited to conveyors, lifts, diverters and automatic tag readers. The MMM troubleshoots, repairs, replaces, and rebuilds conveyor components including but not limited to; motors, gearboxes, bearings, rollers, sheaves, hydraulic systems, conveyor belting, clutch brakes, tools, independent carrier systems, and other complex devices using basic hand tools, power tools, welders and specialized tools. The MMM may assist the Control Systems Technician (CST) with clearing electrical faults and electrical repairs. The MMM reads and interprets manufacturers' maintenance manuals, service bulletins, technical data, engineering data, and other specifications to determine feasibility and method of repairing or replacing malfunctioning or damaged components. The MMM clears jams and faults in the system and may physically move items during failures. The MMM will operate a Central Monitoring Facility/Control Room, these duties include; using multiple computer systems for monitoring the system and running reports, communicating faults in the system using a radio and telephone, and communicating with stakeholders. The MMM performs on-site training of ESM.

Controls System Technician

The Control Systems Technician (CST) applies advanced technical knowledge to perform maintenance and operational tasks on a conveyance system. Performs all duties assigned to an MMM in addition to the following routine inspections, preventive maintenance, corrective maintenance, and emergency maintenance of complex components within the system based on an established maintenance program. The CST is responsible for resolving difficult controls, electrical and mechanical problems. The CST troubleshoots, repairs, replaces, and rebuilds complex electro-mechanical systems and conveyor components including but not limited to; programmable logic controllers, input and output modules, electrical switches, variable frequency drives, 110V AC and 24V DC controls devices, automatic tag readers, electrical control panels, 110V - 480V AC components and motors, gearboxes, bearings, rollers, sheaves, hydraulic systems, conveyor belting, clutch brakes, tools, independent carrier systems, and other complex devices using basic hand tools, power tools, welders and specialized mechanical and electrical tools. The CST reads and interprets manufacturers' maintenance manuals, service bulletins, technical data, engineering data, and other specifications to determine feasibility and method of repairing or replacing malfunctioning or damaged components. The CST clears mechanical, electrical and controls faults, jams and may physically move items during failures. The CST performs on-site training and competency evaluations of MMM and ESM.

Note: Incumbents must possess an Electrician's license when work warrants.

CUSTODIANS**Effective Date:** 12-19-19**Last Revision:** 01-17-19

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Custodian I	\$15.98	\$6.53 (Single) \$9.71 (Children) \$10.41 (2-party) \$13.59 (Family)
Custodian II	\$16.33	\$6.59 (Single) \$9.76 (Children) \$10.47 (2-party) \$13.65 (Family)

Benefits and Overtime

Parking	With valid receipt from approved parking lot, employees are reimbursed the actual monthly cost of parking.
RTD Bus Pass	Employer will provide employees with the Bus Pass or pay (\$0.23) per hour for travel differential.
Shift Differential	2nd shift (2:30 p.m.-10:30 p.m.): \$.50/hour 3rd shift (10:31 p.m.-6:30 a.m.): \$1.00/hour
Overtime	Time worked in excess of seven and one-half (7 ½) hours in one (1) day or in excess of thirty-seven and one-half (37 ½) hours in one week shall constitute overtime and shall be paid for at the rate of time and one-half (1 ½) at the employee's basic straight time hourly rate of pay.
Lunch	Any employee working seven and a half (7.5) hours in a day is entitled to a thirty (30) minute paid lunch.
Note	The Career Service Board in their public hearing on March 15, 2007 approved to amend prevailing wages paid to the Custodian as follows: "All contractors shall provide fringe benefits or cash equivalent at not less than the single rate amount. Contractors who offer health insurance shall provide an employer contribution to such insurance of not less than the 2-party or family rate for any employee who elects 2-party or family coverage. Contractors who offer such coverage will be reimbursed for their employer contributions at the above rates under any City contract incorporating this wage specification."

Custodian I

Any employee performing general clean-up duties using equipment that does not require special training: i.e., dust mopping, damp mopping, vacuuming, emptying trash, spray cleaning, washing toilets, sinks, walls, cleaning chairs, etc.

Custodian II

Any employee performing specialized cleaning duties requiring technical training and the use of heavy and technical equipment, i.e., heavy machine operators, floor strippers and waxers, carpet shampooers, spray buffing, re-lamping, mopping behind machines, high ladder work, chemical stripping and finishing of stainless steel.

DIA OIL & GAS**Effective Date:** 04-16-20

Last Revision: 06-20-19

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Derrick Hand/Roustabout	\$14.49	\$6.21
Electrician	\$26.44	\$7.59
Mechanic	\$25.44	\$7.48
Pipefitter	\$26.70	\$7.62
Rig/Drill Operator	\$23.02	\$7.20
Truck Driver	\$23.62	\$7.27

Heavy Equipment Mechanic (Mechanic)

The Heavy Equipment Mechanic analyzes malfunctions and repairs, rebuilds and maintains power equipment, such as cranes, power shovels, scrapers, paving machines, motor graders, trench-digging machines, conveyors, bulldozers, dredges, pumps, compressors and pneumatic tools. This worker operates and inspects machines or equipment to diagnose defects, dismantles and reassembles equipment, using hoists and hand tools, examines parts for damage or excessive wear, using micrometers and gauges, replaces defective engines and subassemblies, such as transmissions, and tests overhauled equipment to insure operating efficiency. The mechanic welds broken parts and structural members, may direct workers engaged in cleaning parts and assisting with assembly and disassembly of equipment, and may repair, adjust and maintain mining machinery, such as stripping and loading shovels, drilling and cutting machines, and continuous mining machines.

Pipefitter

The Pipefitter, Maintenance installs or repairs water, steam, gas or other types of pipe and pipefitting. Work involves most of the following: laying out work and measuring to locate position of pipe from drawings or other written specifications, cutting various sizes of pipe to correct lengths with chisel and hammer, oxyacetylene torch or pipe-cutting machines, threading pipe with stocks and dies. This person is responsible for bending pipe by hand-driven or power-driven machines, assembling pipe with couplings and fastening pipe to hangers, making standard shop computations relating to pressures, flow and size of pipe required; and making standard tests to determine whether finished pipes meet specifications. In general, the work of the Maintenance Pipefitter requires rounded training and experience usually acquired through a formal apprenticeship or equivalent training and experience.

Well Driller (Rig/Drill Operator)

This incumbent sets up and operates portable drilling rig (machine and related equipment) to drill wells, extends stabilizing jackscrews to support and level drilling rig, moves levers to control power-driven winch that raises and extends telescoping mast. This person bolts trusses and guy wires to raise mast and anchors them to machine frame and stakes, and assembles drilling tools, using hand tools or power tools. The Well Driller moves levers and pedals to raise tools into vertical drilling position and lowers well casing (pipe that shores up walls of well) into well bore, using winch, moves levers and pedals and turns hand wells to control reciprocating action of machine and to drive or extract well casing.

Laborer (Derrick Hand/Roustabout)

The Laborer performs tasks that require mainly physical abilities and effort involving little or no specialized skill or prior work experience. The following tasks are typical of this occupation: The Laborer loads and unloads trucks, and other conveyances, moves supplies and materials to proper location by wheelbarrow or hand truck; stacks materials for storage or binning, collects refuse and salvageable materials, and digs, fills, and tamps earth excavations, The Laborer levels ground using pick, shovel, tamper and rake, shovels concrete and snow; cleans culverts and ditches, cuts tree and brush; operates power lawnmowers, moves and arranges heavy pieces of office and household furniture, equipment, and appliance, moves heavy pieces of automotive, medical engineering, and other types of machinery and equipment, spreads sand and salt on icy roads and walkways, and picks up leaves and trash.

Truckdriver

Straight truck, over 4 tons, usually 10 wheels. The Truckdriver drives a truck to transport materials, merchandise, equipment, or workers between various types of establishments such as: manufacturing plants, freight depots, warehouses, wholesale and retail establishments, or between retail establishments and customers' houses or places of business. This driver may also load or unload truck with or without helpers, make minor mechanical repairs, and keep truck in good working order.

ELEVATOR MECHANIC

Effective 1-18-2018, the Elevator Mechanic classification will utilize the base pay and fringe benefits for the Elevator Mechanic classification under the Davis Bacon [Building Wage Determination](#).

FINISHER & JOURNEYMAN
TILE, MARBLE AND TERRAZZO

Effective Date: 06-20-19
Last Revision: 09-20-18

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Finisher	\$25.01	\$10.06
Journeyman	\$31.21	\$10.12

Effective May 1, 2008, Local Union 7 of Colorado combined three classes of Finishers, Floor Grinders, and Base Grinders into Finisher using one pay schedule.

Tile Setter: Applies to workers who apply tile to floors, walls, ceilings, stair treads, promenade roof decks, garden walks, swimming pools and all places where tiles may be used to form a finished surface for practical use, sanitary finish or decorative purpose.

FIRE EXTINGUISHER REPAIRER

Effective Date: 07-19-19
Last Revision: 09-20-18

*OHR pulled the wages in July of 2019 and data has remained the same so there is no recommendation to change the base wage or fringes.

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Fire Extinguisher Repairer	\$19.74	\$6.76

The Fire Extinguisher Repairer performs the following duties: repairs and tests fire extinguishers in repair shops and in establishments, such as factories, homes, garages, and office buildings, using hand tools and hydrostatic test equipment, this repairer dismantles extinguisher and examines tubing, horns, head gaskets, cutter disks, and other parts for defects, and replaces worn or damaged parts. Using hand tools, this repairer cleans extinguishers and recharges them with materials, (such as soda water and sulfuric acid, carbon tetrachloride, nitrogen or patented solutions); tests extinguishers for conformity with legal specifications using hydrostatic test equipment and may install cabinets and brackets to hold extinguishers.

FUEL HANDLER SERIES**Effective Date:** 10-17-19

Last Revision: 11-15-18

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Fuel Distribution System Operator	\$23.41	\$7.18
Lead Fuel Distribution System Operator	\$24.48	\$7.36
Fuel Distribution System Mechanic	\$30.74	\$8.09
Lead Fuel Distribution System Mechanic	\$32.14	\$8.25

Plus 10% shift differential for hours worked between 6:00 p.m. and 6:00 a.m.

Fuel Distribution System Operator

Receives, stores, transfers, and issues fuel. Performs various testing procedures and documentation on fuel samples. Gauges tanks for water, temperature and fuel levels. Performs temperature and gravity testing for correct weight of fuel. Checks pumping systems for correct operating pressure or unusual noises. Inspects fuel receiving, storage, and distribution facilities to detect leakage, corrosion, faulty fittings, and malfunction of mechanical units, meters, and gauges such as distribution lines, float gauges, piping valves, pumps, and roof sumps. Operates a 24-hour control center; operates various computer equipment to determine potential equipment failure, leak and cathodic protection systems, pump failure, and emergency fuel shutoff systems. Monitors quality of fuel and drains excess condensation from fuel sumps and underground fuel pits. Inspects fuel tank farm for such items as leaks, low pressure, and unauthorized personnel. Performs general housekeeping and grounds maintenance for terminal, pipeline and dock areas, including fuel pits and valve vault cleaning and pump out activities. May connect lines, grounding wires, and loading and off-loading arms of hoses to pipelines. May assist Fuel Distribution System Mechanics by preparing work areas. Maintains record of inspections, observations and test results.

Lead Fuel Distribution System Operator

Performs lead duties such as making and approving work assignments and conducting on-the-job training as well as performing the various tasks performed by the Operator classification.

Fuel Distribution System Mechanic

Maintains and repairs fuel storage and distribution systems, equipment and filtration systems, and differential pressure valves. Corrects leakage, corrosion, faulty fittings, and malfunction of mechanical units, meters, and gauges such as distribution lines, float gauges, piping valves, pumps, and roof sumps. Inspects electrical wiring, switches, and controls for safe-operating condition, grounding, and adjustment; may make minor repairs. Lubricates and repacks valves. Lubricates pumps, replaces gaskets, and corrects pumping equipment misalignment. May clean strainers and filters, service water separators, and check meters for correct delivery and calibration. Overhauls system components such as pressure regulating valves and excess valves. Disassembles, adjusts, aligns, and calibrates gauges and meters or replaces them. Removes and installs equipment such as filters and piping to modify system or repair and replace system component. Cleans fuel tanks and distribution lines. Removes corrosion and repaints surfaces. Overhauls vacuum and pressure vents, floating roof seals, hangers, and roof sumps. Some positions maintain fuel-servicing equipment such as hydrant and tanker trucks. Maintains record of inspections and repairs and other related paperwork as required.

Lead Fuel Distribution System Mechanic

Performs lead duties such as making and approving work assignments and conducting on-the-job training as well as performing the various tasks performed by the Mechanic classification.

These classifications are recommended to be inclusive and to supersede any previously adopted classifications.

FURNITURE MOVERS

Moving, Storage and Cartage Workers

Effective Date: 10-17-19

Last Revision: 11-15-18

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Laborer/Helper	\$17.36	\$6.54
Furniture Driver/Packer	\$17.66	\$6.58
Lead Furniture Mover	\$18.46	\$6.67

GLYCOL FACILITY**Effective Date:** 06-20-19

Last Revision: 06-07-18

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
De-icing Facility Operator	\$27.64	\$7.67
Maintenance Mechanic	\$27.46	\$7.65
Glycol Plant Specialist	\$17.36	\$6.48

De-icing Facility Operator

The De-icing Facility Operator is responsible for the safe and efficient daily operation of all aircraft de-icing fluid equipment to include: mechanical vapor recompression (concentrators), distillation, polishing, distribution, and collection systems as well as daily routine chores to include: operating and controlling all facility machines and equipment associates with the aircraft deicing fluid system (ADS). Operate electrical motors, pumps and valves to regulate flow, add specific amounts of chemicals such as hydrochloric acid or sodium hydroxide to fluid(s) for adjustment as required, turn valves, change filters/activated carbon, and clean tanks as needed to optimize productivity. Monitor panel boards/HMI/PLC's, adjust control flow rates, repairs, and lubricate machinery and equipment using hand powered tools. Test fluids to determine quality controlling methods. Record data as necessary and maintain good housekeeping of the facility.

Maintenance Mechanic

The position of the Machinery Maintenance Mechanic will be primarily responsible for the routine maintenance and repairs of all facility equipment. Responsible for repairs to machinery and mechanical equipment, examine machines and mechanic equipment to diagnose source of trouble, dismantling or partly dismantling machines and performing repairs that mainly involve the use of hand tools in scraping and fitting parts, replacing broken or defective parts with items obtained from stock, ordering replacement parts, sending parts to a machine shop or equivalent for major repairs, preparing specific written specifications for repairs, SOP's for minor repairs, reassembly of machines and mechanical equipment, and making any necessary adjustments to all equipment for operational optimization.

Glycol Plant Specialist/Material Handling Laborer

The Material Handling Laborer is responsible for the safe and efficient daily documentation/recording of all ADF processors, distillation and polishing systems, as well as the distribution and collection system. Performing physical tasks to transport and/or store materials or fluids. Duties involve one or more of the following: manually loading or unloading trucks, tankers, tanks, totes, drums, pallets, unpacking, placing items on storage bins or proper locations. Utilizing hand carts, forklift, or wheelbarrow. Completing daily fluid inventory, to include tank measuring and completing fluid accountability records. Responsible for the overall facility housekeeping and general cleanliness. Escort vehicles and tankers in and out of the facility, change out filters as required on all systems, take samples and test for quality control and document the findings.

PARKING ELECTRONICS TECHNICIAN**Effective Date: 10-17-19**

Last Revision: 11-15-18

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Parking Electronics Technician	\$24.85	\$7.41

Plus 10% shift differential for regularly scheduled hours worked between 6:00 p.m. and 6:00 a.m.

This classification of work installs, modifies, troubleshoots, repairs and maintains revenue control equipment at manned and unmanned parking entrance and exit gates. Replaces consumable items such as tickets, printer ribbons, and light bulbs. Replaces modules and related equipment as needed to repair existing equipment, modify applications, or resolve unusual problems. Troubleshoots, tests, diagnoses, calibrates, and performs field repairs. Performs preventive maintenance such as inspection, testing, cleaning, lubricating, adjusting and replacing of serviceable parts to prevent equipment failure for electromechanical control to minimize repair problems and meet manufacturers' specifications.

PEST CONTROLLER**Effective Date: 07-19-19**

Last Revision: 09-20-18

*OHR pulled the wages in July of 2019 and data has remained the same so there is no recommendation to change the base wage or fringes.

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Pest Controller	\$20.41	\$6.84

The Pest Controller sprays chemical solutions or toxic gases and sets mechanical traps to kill pests that infest buildings and surrounding areas, fumigates rooms and buildings using toxic gases, sprays chemical solutions or dusts powders in rooms and work areas, places poisonous paste or bait and mechanical traps where pests are present; may clean areas that harbor pests, using rakes, brooms, shovels, and mops preparatory to fumigating; and may be required to hold State license

QUALITY CONTROL & ASSURANCE TECHNICIAN**Effective Date: 04-16-20**

Last Revision: 05-16-19

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Quality Control & Assurance Technician	\$25.81	\$7.52

The Quality Control & Assurance Technician provides support to Inland Technologies operations by independently performing standard analysis on samples related to the manufacture of spent de-icing fluid to a 99% recycled glycol product and waste water discharge. The Quality Control and Assurance Technician will continually look at ways to improve products and processes to exceed customer quality demands and decrease operational costs.

SIGN ERECTOR**Effective Date: 03-15-18**

Last Revision: 10-15-10

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Sign Erector	\$23.82	\$7.16

This classification of work erects, assembles, and/or maintains signs, sign structures and/or billboards using various tools. Erects pre-assembled illuminated signs on buildings or other structures according to sketches, drawings, or blueprints. Digs and fills holes, places poles. Bolts, screws, or nails sign panels to sign post or frame. Replaces or repairs damaged or worn

signs. May use welding equipment when installing sign. This classification is not a licensed electrician and therefore cannot make connections to power sources (i.e., provide exit lighting).

TRANSIT TECHNICIANS

Effective 1-18-2018, the Transit Technician classification series and associated wages will no longer be published because these classifications are not being used at this time.

TREE TRIMMERS

Effective Date: 09-19-19

Last Revision: **09-20-18**

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Tree Trimmer	\$20.55	\$6.91

This classification of work trims, removes, and applies insecticides to trees and shrubbery including trimming dead, diseased, or broken limbs from trees utilizing rope and saddle, chain, handsaw and other related equipment common to the care of trees and shrubs. Removes limbs, branches and other litter from the work area, observes safety rules, inspects and identifies tree diseases and insects of the area distinguishing beneficial insects and environmental stress, takes samples from diseased or insect infested trees for lab analysis, operates a wide variety of heavy and power equipment in trimming and removing trees and shrubbery i.e. mobile aerial tower unit, tandem trucks, loaders, chipper, etc., maintains all equipment.

WINDOW CLEANER

Effective Date: 12-19-19

Last Revision: 11-15-18

<u>Classification</u>	<u>Base Wage/Hour</u>	<u>Fringes/Hour</u>
Window Cleaner	\$26.64	\$9.73 (Single) \$12.91 (Children) \$13.62 (2-party) \$16.80 (Family)

Benefits/Overtime

Parking	With valid monthly parking receipt from approved parking lot, employees are reimbursed for the cost of parking. The employer shall reimburse employees for parking expenses from other parking lots up to the amount reimbursed for DIA Employee Parking Lot upon the submission of a monthly parking receipt. Only (1) one receipt per month.
Shift Differential	\$0.75 per hour for employees assigned to 3rd shift (11:00 p.m. to 7:00 a.m.)
Overtime	One and one-half (1½) times the basic rate of pay in excess of 7.5 hours worked per day or 37.5 hours worked per week.
Lunch	Any employee working seven and a half (7.5) hours in a day is entitled to a thirty (30) minute paid lunch.
Lead Work	\$1.25 per hour above highest paid employee under supervision
High Work	\$1.75 per hour (21 feet or more from ground (base) to top of surface/structure being cleaned)
Training	\$0.25 per hour
ECOPASS	The Company will provide an Eco-Pass to all bargaining unit employees or pay \$.24 per hour for travel differential.
Note:	The Career Service Board in their public hearing on April 3, 2008, approved to amend prevailing wages paid to the Window Cleaners as follows: "All contractors shall provide fringe benefits or cash equivalent at not less than the single rate amount. Contractors who offer health insurance shall provide an employer contribution to such insurance of not less than the 2-party or family

rate for any employee who elects 2-party or family coverage. Contractors who offer such coverage will be reimbursed for their employer contributions at the above rates under any City contract incorporating this wage specification.”

PERFORMANCE AND PAYMENT BOND

KNOW ALL MEN BY THESE PRESENTS, that we, the undersigned CTM INC, dba COLORADO TOTAL MAINTENANCE, INC., a corporation organized and existing under and by virtue of the laws of the State of COLORADO, hereafter referred to as the "Contractor", and NATIONWIDE MUTUAL INSURANCE COMPANY, a corporation organized and existing under and by virtue of the laws of the State of IOWA, and authorized to transact business in the State of Colorado, as Surety, are held and firmly bound unto the CITY AND COUNTY OF DENVER, a municipal corporation of the State of Colorado, hereinafter referred to as the "City", in the penal sum of Two Million Dollars (\$2,000,000.00), lawful money of the United States of America, for the payment of which sum, well and truly to be made, we bind ourselves and our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents;

THE CONDITION OF THE FOREGOING OBLIGATION IS SUCH THAT:

WHEREAS, the above bounden Contractor has on the _____ day of _____, 2020, entered into a written contract with the aforesaid City for furnishing all labor and tools, supplies, equipment, superintendence, materials and everything necessary for and required to do, perform and complete the work and obligations of CONTRACT NO. _____, [ON-CALL PARKS SERVICES], Denver, Colorado, and has bound itself to complete the project within the time or times specified or pay liquidated damages, all as designated, defined and described in the said Contract and Conditions thereof, and in accordance with the Plans and Technical Specifications therefore, a copy of said Contract being made a part hereof;

NOW, THEREFORE, if the said Contractor shall and will, in all particulars well and truly and faithfully observe, perform and abide by each and every Covenant, Condition and part of said Contract, and the Conditions, Technical Specifications, Plans, and other Contract Documents thereto attached, or by reference made a part thereof and any alterations in and additions thereto, according to the true intent and meaning in such case, then this obligation shall be and become null and void; otherwise, it shall remain in full force and effect;

PROVIDED FURTHER, that if the said Contractor shall satisfy all claims and demands incurred by the Contractor in the performance of said Contract, and shall fully indemnify and save harmless the City from all damages, claims, demands, expense and charge of every kind (including claims of patent infringement) arising from any act, omission, or neglect of said Contractor, its agents, or employees with relation to said work; and shall fully reimburse and repay to the City all costs, damages, and expenses which it may incur in making good any default based upon the failure of the Contractor to fulfill its obligation to furnish maintenance, repairs or replacements for the full guarantee period provided in the Contract Documents, then this obligation shall be null and void; otherwise it shall remain in full force and effect;

PROVIDED FURTHER, that if said Contractor shall at all times promptly make payments of all amounts lawfully due to all persons supplying or furnishing it or its subcontractors with labor and materials, rental machinery, tools or equipment used or performed in the prosecution of work provided for in the above Contract and that if the Contractor will indemnify and save harmless the City for the extent of any and all payments in connection with the carrying out of such Contract, then this obligation shall be null and void; otherwise it shall remain in full force and effect;

PROVIDED FURTHER, that if the said Contractor fails to duly pay for any labor, materials, team hire, sustenance, provisions, provender, gasoline, lubricating oils, fuel oils, grease, coal, or any other supplies or materials used or consumed by said Contractor or its subcontractors in performance of the work contracted to be done, or fails to pay any person who supplies rental machinery, tools or equipment, all amounts due as the result of the use of such machinery, tools or equipment in the prosecution of the work, the Surety will pay the same in any amount not exceeding the amount of this obligation, together with interest as provided by law;

PROVIDED FURTHER, that the said Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract, or to contracts with others in connection with this project, or the work to be performed thereunder, or the Technical Specifications and Plans accompanying the same, shall in any way affect its obligation on this bond and it does hereby waive notice of any change, extension of time, alteration or addition to the terms of the Contract, or contracts, or to the work, or to the Technical Specifications and Plans.

IN WITNESS WHEREOF, said Contractor and said Surety have executed these presents as of this _____ day of _____, 2020.

Power of Attorney

KNOW ALL MEN BY THESE PRESENTS THAT:

Nationwide Mutual Insurance Company, an Ohio corporation

hereinafter referred to severally as the "Company" and collectively as "the Companies" does hereby make, constitute and appoint:

ANN M. RITACCO, CHRISTINE A. CROWDER, SCOTT E. METZGER, TIM MITCHELL

each in their individual capacity, its true and lawful attorney-in-fact, with full power and authority to sign, seal, and execute on its behalf any and all bonds and undertakings, and other obligatory instruments of similar nature, in penalties not exceeding the sum of

UNLIMITED

and to bind the Company thereby, as fully and to the same extent as if such instruments were signed by the duly authorized officers of the Company; and all acts of said Attorney pursuant to the authority given are hereby ratified and confirmed.

This power of attorney is made and executed pursuant to and by authority of the following resolution duly adopted by the board of directors of the Company:

"RESOLVED, that the president, or any vice president be, and each hereby is, authorized and empowered to appoint attorneys-in-fact of the Company, and to authorize them to execute and deliver on behalf of the Company any and all bonds, forms, applications, memorandums, undertakings, recognizances, transfers, contracts of indemnity, policies, contracts guaranteeing the fidelity of persons holding positions of public or private trust, and other writings obligatory in nature that the business of the Company may require; and to modify or revoke, with or without cause, any such appointment or authority; provided, however, that the authority granted hereby shall in no way limit the authority of other duly authorized agents to sign and countersign any of said documents on behalf of the Company."

"RESOLVED FURTHER, that such attorneys-in-fact shall have full power and authority to execute and deliver any and all such documents and to bind the Company subject to the terms and limitations of the power of attorney issued to them, and to affix the seal of the Company thereto; provided, however, that said seal shall not be necessary for the validity of any such documents."

This power of attorney is signed and sealed under and by the following bylaws duly adopted by the board of directors of the Company:

Execution of Instruments. Any vice president, any assistant secretary or any assistant treasurer shall have the power and authority to sign or attest all approved documents, instruments, contracts, or other papers in connection with the operation of the business of the company in addition to the chairman of the board, the chief executive officer, president, treasurer or secretary; provided, however, the signature of any of them may be printed, engraved, or stamped on any approved document, contract, instrument, or other papers of the Company.

IN WITNESS WHEREOF, the Company has caused this instrument to be sealed and duly attested by the signature of its officer the 27th day of February, 2019.

Antonio C. Albanese

Antonio C. Albanese, Vice President of Nationwide Mutual Insurance Company

ACKNOWLEDGMENT

STATE OF NEW YORK, COUNTY OF NEW YORK: ss
On this 27th day of February, 2019, before me came the above-named officer for the Company aforesaid, to me personally known to be the officer described in and who executed the preceding instrument, and he acknowledged the execution of the same, and being by me duly sworn, deposes and says, that he is the officer of the Company aforesaid, that the seal affixed hereto is the corporate seal of said Company, and the said corporate seal and his signature were duly affixed and subscribed to said instrument by the authority and direction of said Company.
