19. WARRANTIES AND REPRESENTATIONS

19.1. Notwithstanding the acceptance of any Work or Deliverable, or the payment of any invoice for such Work or Deliverable, the Contractor warrants that any Work or Deliverable provided by the Contractor under this Agreement shall be free from material defects and shall function as intended and in material accordance with the applicable specifications. The Contractor warrants that any Work or Deliverable, and any media used to distribute it, shall be, at the time of delivery, free from any harmful or malicious code, including without limitation viruses, malware, spyware, ransomware, or other similar function or technological means designed to disrupt, interfere with, or damage the normal operation of the Work or Deliverable and the use of City resources and systems. The Contractor's warranties under this Section shall apply to any defects or material nonconformities discovered within 180 days following delivery of any Work or Deliverable.

19.2. Upon notice of any defect or material nonconformity, the Contractor shall submit to the City in writing within 10 business days of the notice one or more recommendations for corrective action with sufficient documentation for the City to ascertain the feasibility, risks, and impacts of each recommendation. The City's remedy for such defect or material non-conformity shall be:

19.2.1. The Contractor shall re-perform, repair, or replace such Work or Deliverable in accordance with any recommendation chosen by the City. The Contractor shall deliver, at no additional cost to the City, all documentation required under this Agreement as applicable to the corrected Work or Deliverable; or

19.2.2. The Contractor shall refund to the City all amounts paid for such Work or Deliverable, as well as pay to the City any additional amounts reasonably necessary for the City to procure alternative goods or services of substantially equivalent capability, function, and performance.

19.3. Any Work or Deliverable delivered to the City as a remedy under this Section shall be subject to the same quality assurance, acceptance, and warranty requirements as the original Work

or Deliverable. The duration of the warranty for any replacement or corrected Work or Deliverable shall run from the date of the corrected or replacement Work or Deliverable.

19.4. Customization Services: The Contractor warrants that it will perform all customization services, if any, in a professional and workmanlike manner. In case of breach of the warranty of the preceding sentence, the Contractor, at its own expense, shall promptly re-perform the customization services in question or provide a full refund for all nonconforming customization services.

19.5. Third-Party Warranties and Indemnities: The Contractor will assign to the City all third-party warranties and indemnities that the Contractor receives in connection with any Work or Deliverables provided to the City. To the extent that the Contractor is not permitted to assign any warranties or indemnities through to the City, the Contractor agrees to specifically identify and enforce those warranties and indemnities on behalf of the City to the extent the Contractor is permitted to do so under the terms of the applicable third-party agreements.

19.6. Intellectual Property Rights in the Software: The Contractor warrants that it is the owner of all Deliverables, and of each and every component thereof, or the recipient of a valid license thereto, and that it has and will maintain the full power and authority to grant the intellectual property rights to the Deliverables in this Agreement without the further consent of any third party and without conditions or requirements not set forth in this Agreement. In the event of a breach of the warranty in this Section, the Contractor, at its own expense, shall promptly take the following actions: (i) secure for the City the right to continue using the Deliverable as intended; (ii) replace or modify the Deliverable to make it non-infringing, provided such modification or replacement will not materially degrade any functionality as stated in this Agreement; or (iii) refund 100% of the fee paid for the Deliverable for every month remaining in the Term, in which case the Contractor may terminate any or all of the City's licenses to the infringing Deliverable granted in this Agreement and require return or destruction of copies thereof. The Contractor also warrants that there are no pending or threatened lawsuits, claims, disputes, or actions: (i) alleging that any of the Work or Deliverables infringes, violates, or misappropriates any third-party rights; or (ii) adversely affecting any Deliverables or Services, or the Contractor's ability to perform its obligations hereunder.

19.7. Disabling Code: The Work and any Deliverables will contain no malicious or disabling code that is intended to damage, destroy, or destructively alter software, hardware, systems, or data. The Contractor represents, warrants and agrees that the City will not receive from the Contractor any virus, worm, trap door, back door, timer, clock, counter or other limiting routine, instruction or design, or other malicious, illicit or similar unrequested code, including surveillance software or routines which may, or is designed to, permit access by any person, or on its own, to erase, or otherwise harm or modify any City system, resources, or data (a "Disabling Code"). In the event a Disabling Code is identified, the Contractor shall take all steps necessary, at no additional cost to the City, to: (i) restore and/or reconstruct all data lost by the City as a result of a Disabling Code; (ii) furnish to City a corrected version of the Work or Deliverables without the

presence of a Disabling Code; and, (iii) as needed, re-implement the Work or Deliverable at no additional cost to the City. This warranty shall remain in full force and effect during the Term.

20. ACCESSIBILITY AND ADA WEBSITE COMPLIANCE

- 20.1. Compliance:** The Contractor shall comply with, and the Work and Work Product provided under this Agreement shall be in compliance with, all applicable provisions of §§ 24-85-101, *et seq.*, C.R.S., and the *Accessibility Standards for Individuals with a Disability*, as established pursuant to Section § 24-85-103 (2.5), C.R.S (collectively, the “Guidelines”). The Contractor shall also comply with Level AA of the most current version of the Web Content Accessibility Guidelines (WCAG), incorporated in the State of Colorado technology standards.
- 20.2. Testing:** The City may require the Contractor’s compliance to be determined by a third party selected by the City to attest that the Contractor’s has performed all obligations under this Agreement in compliance with §§ 24-85-101, *et seq.*, C.R.S., and the *Accessibility Standards for Individuals with a Disability* as established pursuant to Section § 24-85-103 (2.5), C.R.S.
- 20.3. Validation and Remediation:** The Contractor agrees to promptly respond to and resolve any instance of noncompliance regarding accessibility in a timely manner and shall remedy any noncompliant Work Product, Service, or Deliverable at no additional cost to the City. If the City reasonably determines accessibility issues exist, the Contractor shall provide a “roadmap” for remedying those deficiencies on a reasonable timeline to be approved by the City. Resolution of reported accessibility issue(s) that may arise shall be addressed as high priority, and failure to make satisfactory progress towards compliance with the Guidelines, as agreed to in the roadmap, shall constitute a breach of contract and be grounds for termination or non-renewal of this Agreement.

21. CONFIDENTIAL INFORMATION

- 21.1.** “Confidential Information” means all information or data, regardless of form, not subject to disclosure under the Colorado Open Records Act, § 24-72-201, *et seq.*, C.R.S. (“CORA”), and is marked or identified at the time of disclosure as being confidential, proprietary, or its equivalent. Each of the Parties may disclose (a “Disclosing Party”) or permit the other Party (the “Receiving Party”) access to the Disclosing Party’s Confidential Information in accordance with the following terms. Except as specifically permitted in this Agreement or with the prior express written permission of the Disclosing Party, the Receiving Party shall not: (i) disclose, allow access to, transmit, transfer or otherwise make available any Confidential Information of the Disclosing Party to any third party other than its employees, Subcontractors, agents and consultants that need to know such information to fulfill the purposes of this Agreement, and in the case of non-employees, with whom it has executed a non-disclosure or other agreement which limits the use, reproduction and disclosure of the Confidential Information on terms that afford at least as much protection to the Confidential Information as the provisions of this Agreement; or (ii) use or reproduce the Confidential Information of the Disclosing Party for any reason other than as reasonably necessary to fulfill the purposes of this Agreement. This Agreement does not transfer ownership of Confidential Information or grant a license thereto. The City will retain all right, title, and interest in its Confidential Information.

21.2. The Contractor shall provide for the security of Confidential Information and information which may not be marked, but constitutes personally identifiable information, HIPAA, CJIS, or other federally or state regulated information (“Regulated Data”) in accordance with all applicable laws and regulations. If the Contractor receives Regulated Data outside the scope of this Agreement, it shall promptly notify the City.

21.3. Disclosed information or data that the Receiving Party can establish: (i) was lawfully in the Receiving Party’s possession before receipt from the Disclosing Party; or (ii) is or becomes a matter of public knowledge through no fault of the Receiving Party; or (iii) was independently developed or discovered by the Receiving Party; or (iv) was received from a third party that was not under an obligation of confidentiality, shall not be considered Confidential Information under this Agreement. The Receiving Party will inform necessary employees, officials, Subcontractors, agents, and officers of the confidentiality obligations under this Agreement, and all requirements and obligations of the Receiving Party under this Agreement shall survive the expiration or earlier termination of this Agreement.

21.4. Nothing in this Agreement shall in any way limit the ability of the City to comply with any laws or legal process concerning disclosures by public entities. The Parties understand that all materials exchanged under this Agreement, including Confidential Information, may be subject to CORA. In the event of a request to the City for disclosure of possible confidential materials, the City shall advise the Contractor of such request to give the Contractor the opportunity to object to the disclosure of any of its materials which it marked as, or otherwise asserts is, proprietary or confidential. If the Contractor objects to disclosure of any of its material, the Contractor shall identify to the City the legal basis under CORA for any right to withhold. In the event of any action or the filing of a lawsuit to compel disclosure, the Contractor agrees to intervene in such action or lawsuit to protect and assert its claims of privilege against disclosure of such material or waive the same. If the matter is not resolved, the City will tender all material to the court for judicial determination of the issue of disclosure. The Contractor further agrees to defend, indemnify, and save and hold harmless the City, its officers, agents, and employees, from any claim, damages, expense, loss, or costs arising out of the Contractor’s intervention to protect and assert its claim of privilege against disclosure under this Section, including but not limited to, prompt reimbursement to the City of all reasonable attorney fees, costs, and damages that the City may incur directly or may be ordered to pay.

22. SAFEGUARDING PERSONAL INFORMATION: “PII” means personally identifiable information including, without limitation, any information maintained by the City about an individual that can be used to distinguish or trace an individual’s identity, such as name, social security number, date and place of birth, mother’s maiden name, or biometric records. PII includes, but is not limited to, all information defined as personally identifiable information in §§ 24-73-101, C.R.S. “PII” shall also mean “personal information” as set forth at § 24-73-103(1)(g), C.R.S. If the Contractor or any of its subcontractors will or may receive PII under this Agreement, the Contractor shall provide for the security of such PII, in a manner and form acceptable to the City, including, without limitation, City non-disclosure requirements, use of appropriate technology, security practices, computer access

security, data access security, data storage encryption, data transmission encryption, security inspections, and audits. When applicable, the Contractor shall be a “Third-Party Service Provider” as defined in §24-73-103(1)(i), C.R.S., and shall maintain security procedures and practices consistent with §§24-73-101, *et seq.*, C.R.S. In addition, as set forth in § 28-251, D.R.M.C., the Contractor, including, but not limited to, the Contractor’s employees, agents, and subcontractors, shall not collect or disseminate individually identifiable information about the national origin, immigration, or citizenship status of any person, over and above the extent to which the City is required to collect or disseminate such information in accordance with any federal, state, or local law.

23. DATA MANAGEMENT, SECURITY, AND PROTECTION

23.1. Compliance with Data Protection Laws and Policies: The Contractor shall comply with all applicable laws, rules, regulations, directives, and policies relating to data protection, use, collection, disclosures, processing, and privacy as they apply to the Contractor under this Agreement, including, without limitation, applicable industry standards or guidelines based on the data’s classification relevant to the Contractor’s performance hereunder and, when applicable, the most recent iterations of § 24-73-101, *et seq.*; C.R.S., IRS Publication 1075; the Health Information Portability and Accountability Act (“HIPAA”); the U.S. Department of Justice, Federal Bureau of Investigation, Criminal Justice Information Services (“CJIS”) Security Policy for all Criminal Justice Information; the Colorado Consumer Protection Act, the Payment Card Industry Data Security Standard (“PCI-DSS”), and the Minimum Acceptable Risk Standards for Exchanges (collectively, “Data Protection Laws”). If the Contractor becomes aware that it cannot reasonably comply with the terms or conditions contained herein due to a conflicting law or policy, the Contractor shall promptly notify the City.

23.2. Safeguarding Protected and Sensitive Information: “Protected Information” means data, regardless of form, that has been designated as sensitive, private, proprietary, protected, or confidential by law, policy, or the City. Protected Information includes, but is not limited to, employment records, protected health information, student and education records, criminal justice information, personal financial records, research data, trade secrets, classified government information, other regulated data, and personally identifiable information as defined by §§ 24-73-101(4)(b) and 6-1-716(1)(g)(I)(A), C.R.S., as amended. Protected Information shall not include public records that by law must be made available to the public under CORA. To the extent there is any uncertainty as to whether data constitutes Protected Information, the data in question shall be treated as Protected Information until a determination is made by the City or an appropriate legal authority. Unless the City provides security protection for the information it discloses to the Contractor, the Contractor shall implement and maintain reasonable security procedures and practices that are both appropriate to the nature of the Protected Information disclosed and that are reasonably designed to help safeguard Protected Information from unauthorized access, use, modification, disclosure, or destruction and shall only use, hold, and maintain Protected Information in facilities located within the United States. Disclosure of Protected Information does not include disclosure to a third party under circumstances where the City retains primary responsibility for implementing and maintaining reasonable security procedures and practices

appropriate to the nature of the Protected Information, and the City implements and maintains technical controls reasonably designed to safeguard Protected Information from unauthorized access, modification, disclosure, or destruction or effectively eliminate the third party's ability to access Protected Information, notwithstanding the third party's physical possession of Protected Information. If the Contractor has been contracted to maintain, store, or process personal information on the City's behalf, the Contractor is a "Third-Party Service Provider" as defined by § 24-73-103(1)(i), C.R.S.

23.3. Data Access and Integrity: The Contractor shall implement and maintain all appropriate administrative, physical, technical, and procedural safeguards necessary and appropriate to ensure compliance with the Data Protection Laws applicable to the Contractor's performance hereunder to ensure the security and confidentiality of data. The Contractor shall protect against threats or hazards to the security or integrity of data; protect against unauthorized disclosure, access to, or use of data; restrict access to data as necessary; and ensure the proper and legal use of data. The Contractor shall not engage in "data mining" except as specifically and expressly required by law or authorized in writing by the City. Unless otherwise required by law, the City has exclusive ownership of all City Data under this Agreement, and the Contractor shall have no right, title, or interest in City Data obtained in connection with the services provided herein. The Contractor has a limited, nonexclusive license to access and use data as provided in this Agreement solely for the purpose of performing its obligations hereunder. The City retains the right to access and retrieve City Data stored on the Contractor's infrastructure at any time during the Term. All City Data created and/or processed by the Work, if any, is and shall remain the property of the City and shall in no way become attached to the Work, nor shall the Contractor have any rights in or to the City Data without the express written permission of the City. This Agreement does not give a Party any rights, implied or otherwise, to the other's data, content, or intellectual property, except as expressly stated in this Agreement. The City retains the right to use the Work to access and retrieve data stored on the Contractor's infrastructure at any time during the Term. Upon written request, the Contractor shall provide the City its policies and procedures to maintain the confidentiality of City Data and Protected Information.

23.4. Response to Legal Orders for City Data: If the Contractor is required by a court of competent jurisdiction or administrative body to disclose City Data, the Contractor shall first notify the City and, prior to any disclosure, cooperate with the City's reasonable requests in connection with the City's right to intervene, quash, or modify the legal order, demand, or request, and upon request, provide the City with a copy of its response. If the City receives a subpoena, legal order, or other legal demand seeking data maintained by the Contractor, the City will promptly provide a copy to the Contractor. Upon notice and if required by law, the Contractor shall promptly provide the City with copies of its data required for the City to meet its necessary disclosure obligations.

23.5. Data Retention, Transfer, Litigation Holds, and Destruction: Using appropriate and reliable storage media, the Contractor shall regularly backup data used in connection with this Agreement and retain such backup copies consistent with the City's data and record retention

policies. All City Data shall be encrypted in transmission, including by web interface, and in storage by an agreed upon National Institute of Standards and Technology (“NIST”) approved strong encryption method and standard. The Contractor shall not transfer or maintain data under this Agreement outside of the United States without the City’s express written permission. Upon termination of this Agreement, the Contractor shall securely delete or securely transfer all data, including Protected Information, to the City in an industry standard format as directed by the City; however, this requirement shall not apply to the extent the Contractor is required by law to retain data, including Protected Information. Upon the City’s request, the Contractor shall confirm, by providing a certificate, the data disposed of, the date disposed of, and the method of disposal. With respect to any data in the Contractor’s exclusive custody, the City may request, at no additional cost to the City, that the Contractor preserve such data outside of record retention policies. The City will promptly coordinate with the Contractor regarding the preservation and disposition of any data and records relevant to any current or anticipated litigation, and the Contractor shall continue to preserve the records until further notice by the City. Unless otherwise required by law or regulation, when paper or electronic documents are no longer needed, the Contractor shall destroy or arrange for the destruction of such documents within its custody or control that contain Protected Information by shredding, erasing, or otherwise modifying the Protected Information in the paper or electronic documents to make it unreadable or indecipherable. The Contractor and its third-party services providers must develop and maintain a written policy for the destruction of such records.

23.6. Software and Computing Systems: At its reasonable discretion, the City may prohibit the Contractor from the use of certain software programs, databases, and computing systems with known vulnerabilities to collect, use, process, store, or generate data and information received under this Agreement. The Contractor shall fully comply with all requirements and conditions, if any, associated with the use of software programs, databases, and computing systems as reasonably directed by the City. The Contractor shall not use funds paid by the City for the acquisition, operation, or maintenance of software in violation of any copyright laws or licensing restrictions. The Contractor shall maintain commercially reasonable network security that, at a minimum, includes network firewalls, intrusion detection/prevention, and enhancements or updates consistent with evolving industry standards. The Contractor shall use industry-standard and up-to-date security tools, technologies and procedures including, but not limited to, anti-virus and anti-malware protections. The Contractor shall ensure that any underlying or integrated software employed under this Agreement is updated on a regular basis and does not pose a security threat. The Contractor shall provide a software bill of materials (“SBOM”) annually or upon major changes to the solution(s) provided to the City under this Agreement. The Contractor shall provide a complete SBOM for the supported life of the solution(s). The Contractor shall monitor for security vulnerabilities in applicable software components and use a risk-based approach to mitigate any vulnerabilities.

23.7. Background Checks: The Contractor shall ensure that, prior to being granted access to Protected Information, the Contractor’s agents, employees, Subcontractors, volunteers, or assigns

who perform work under this Agreement have all undergone and passed all necessary criminal background screenings, have successfully completed annual instruction of a nature sufficient to enable them to effectively comply with all data protection provisions of this Agreement and Data Protection Laws, and possess all qualifications appropriate to the nature of the employees' duties and the sensitivity of the data. If the Contractor will have access to federal tax information ("FTI") under this Agreement, the Contractor shall comply with the background check and other provisions of Section 6103(b) of the Internal Revenue Code, the requirements of IRS Publication 1075, and the Privacy Act of 1974, 5 U.S.C. § 552a, *et. seq.*, related to federal tax information.

23.8. Subcontractors and Employees: If the Contractor engages a Subcontractor under this Agreement, the Contractor shall impose data protection terms that provide at least the same level of data protection as in this Agreement and to the extent appropriate to the nature of the Work provided. The Contractor shall monitor the compliance with such obligations and remain responsible for its Subcontractor's compliance with the obligations of this Agreement and for any of its Subcontractors acts or omissions that cause the Contractor to breach any of its obligations under this Agreement. Unless the Contractor provides its own security protection for the information it discloses to a third party, the Contractor shall require the third party to implement and maintain reasonable security procedures and practices that are appropriate to the nature of the Protected Information disclosed and that are reasonably designed to protect it from unauthorized access, use, modification, disclosure, or destruction. Any term or condition within this Agreement relating to the protection and confidentiality of any disclosed data shall apply equally to both the Contractor and any of its Subcontractors, agents, assigns, employees, or volunteers. Upon request, the Contractor shall provide the City copies of its record retention, data privacy, and information security policies. The Contractor shall ensure all Subcontractors sign, or have signed, agreements containing nondisclosure provisions at least as protective as those in this Agreement, and that the nondisclosure provisions are in force so long as the Subcontractor has access to any data disclosed under this Agreement. Upon request, the Contractor shall provide copies of those signed nondisclosure agreements to the City.

23.9. Security Breach: If the Contractor becomes aware of a suspected or unauthorized acquisition or disclosure of unencrypted data, in any form, that compromises the security, access, confidentiality, or integrity of City Data, Protected Information, or other data maintained or provided by the City ("Security Breach"), the Contractor shall notify the City in the most expedient time and without unreasonable delay but no less than forty-eight (48) hours. A Security Breach shall also include, without limitation, (i) attempts to gain unauthorized access to a City system or City Data regardless of where such information is located; (ii) unwanted disruption or denial of service; (iii) the unauthorized use of a City system for the processing or storage of data; or (iv) changes to the City's system hardware, firmware, or software characteristics without the City's knowledge, instruction, or consent. Any oral notice of a Security Breach provided by the Contractor shall be immediately followed by a written notice to the City. The Contractor shall maintain documented policies and procedures for Security Breaches including reporting, notification, and mitigation.

- 23.10. Cooperation:** The Contractor shall assist the City with its efforts regarding recovery, lawful notices, investigations, remediation, and the necessity to involve law enforcement, as determined by the City and as required by law. The Contractor shall preserve and provide all information relevant to the Security Breach to the City; provided, however, the Contractor shall not be obligated to disclose confidential business information or trade secrets. Unless the Contractor can establish that neither it nor any of its agents, employees, assigns, or Subcontractors are the cause or source of the Security Breach, the Contractor shall indemnify, defend, and hold harmless the City for all claims, including reasonable attorneys' fees, costs, and expenses incidental thereto, which may be suffered by, accrued against, charged to, or recoverable from the City in connection with a Security Breach and any required lawful notices.
- 23.11. Reporting:** The Contractor shall provide a written report to the City that identifies: (i) the nature of the unauthorized use or disclosure; (ii) the data used or disclosed; (iii) the parties responsible for the Security Breach (if known); (iv) what the Contractor has done or shall do to mitigate the effect of the Security Breach; and (v) what corrective action the Contractor has taken or shall take to prevent future Security Breaches. Except as expressly required by law, the Contractor will not disclose or otherwise provide notice of the incident directly to any person, regulatory agencies, or other entities, without prior written permission from the City.
- 23.12. Costs:** Notwithstanding any other provision of this Agreement, and in addition to any other remedies available to the City under law or equity, the Contractor will promptly reimburse the City in full for all costs incurred by the City in any investigation, remediation or litigation resulting from any Security Breach, including but not limited to providing notification to third parties whose data was compromised and to regulatory bodies, law-enforcement agencies, or other entities as required by law or contract; establishing and monitoring call center(s), and credit monitoring and/or identity restoration services to assist each person impacted by a Security Breach in such a fashion that, in the City's sole discretion, could lead to identity theft; and the payment of legal fees and expenses, audit costs, fines and penalties, and other fees imposed by regulatory agencies, courts of law, or contracting partners as a result of the Security Breach.
- 23.13. Remediation:** After a Security Breach, the Contractor shall take steps to reduce the risk of incurring a similar type of Security Breach in the future as directed by the City, which may include, but is not limited to, developing and implementing a remediation plan that is approved by the City at no additional cost to the City. The City may adjust or direct modifications to this plan, and the Contractor shall make all reasonable modifications as directed by the City. The City may, in its sole discretion and at the Contractor's sole expense, require the Contractor to engage the services of an independent, qualified, City-approved third party to conduct a security audit. The Contractor shall provide the City with the results of such audit and evidence of the Contractor's planned remediation in response to any negative findings. Implementation of corrective actions to remedy the Security Breach and restore the City's access to the Work shall occur within five (5) calendar days of the date the Contractor becomes aware of any Security Breach.

23.14. Request for Additional Protections and Survival: In addition to the terms contained herein, the City may reasonably request that the Contractor protect the confidentiality of certain Protected Information or other data in specific ways to ensure compliance with Data Protection Laws and any changes thereto. Unless a request for additional protections is mandated by a change in law, the Contractor may reasonably decline the City's request to provide additional protections. If such a request requires the Contractor to take steps beyond those contained herein, the Contractor shall notify the City with the anticipated cost of compliance, and the City may thereafter, in its sole discretion, direct the Contractor to comply with the request at the City's expense; provided, however, that any increase in costs that would increase the Maximum Contract Amount must first be memorialized in a written amendment complying with City procedures. Obligations contained in this Agreement relating to the protection and confidentiality of any disclosed data shall survive termination of this Agreement, and the Contractor shall continue to safeguard all data for so long as the data remains confidential or protected and in the Contractor's possession or control.

24. TAXES, CHARGES AND PENALTIES: The City shall not be liable for the payment of taxes, late charges, or penalties of any nature other than the compensation stated herein, except for any additional amounts which the City may be required to pay under D.R.M.C. § 20-107 to § 20-115.

25. ASSIGNMENT; SUBCONTRACTING: The Contractor shall not voluntarily or involuntarily assign any of its rights or obligations, or subcontract performance obligations, under this Agreement without obtaining the City's prior written consent. Any assignment or subcontracting without such consent will be ineffective and void and shall be cause for termination of this Agreement by the City. The City has sole and absolute discretion whether to consent to any assignment or subcontracting, or to terminate this Agreement because of unauthorized assignment or subcontracting. In the event of any subcontracting or unauthorized assignment: (i) the Contractor shall remain responsible to the City; and (ii) no contractual relationship shall be created between the City and any subconsultant, Subcontractor, or assign.

26. NO THIRD-PARTY BENEFICIARY: Enforcement of the terms of this Agreement and all rights of action relating to enforcement are strictly reserved to the Parties. Nothing contained in this Agreement gives or allows any claim or right of action to any third person or entity. Any person or entity other than the City or the Contractor receiving services or benefits pursuant to this Agreement is an incidental beneficiary only.

27. NO AUTHORITY TO BIND CITY TO CONTRACTS: The Contractor lacks any authority to bind the City on any contractual matters. Final approval of all contractual matters that purport to obligate the City must be executed by the City in accordance with the City's Charter and the Denver Revised Municipal Code.

28. AGREEMENT AS COMPLETE INTEGRATION-AMENDMENTS: Except for the functional requirements provided in response to a request for proposal and/or any subsequent enhancement of the SOW or other implementation documentation that may be developed after execution of this Agreement, this Agreement is the complete integration of all understandings between the Parties as to the subject matter of this Agreement. No prior, contemporaneous, or subsequent addition, deletion,

or other modification has any force or effect, unless embodied in this Agreement in writing. No oral representation by any officer or employee of the City at variance with the terms of this Agreement or any written amendment to this Agreement will have any force or effect or bind the City.

- 29. PAYMENT OF CITY MINIMUM WAGE:** To the extent applicable to the Contractor's provision of Services hereunder, the Contractor shall comply with, and agrees to be bound by, all requirements, conditions, and City determinations regarding the City's Minimum Wage Ordinance, Sections 20-82 through 20-84 D.R.M.C., including, but not limited to, the requirement that every covered worker shall be paid no less than the City Minimum Wage in accordance with the foregoing D.R.M.C. Sections. By executing this Agreement, the Contractor expressly acknowledges that the Contractor is aware of the requirements of the City's Minimum Wage Ordinance and that any failure by the Contractor, or any other individual or entity acting subject to this Agreement, to strictly comply with the foregoing D.R.M.C. Sections shall result in the penalties and other remedies authorized therein.
- 30. SEVERABILITY:** Except for the provisions of this Agreement requiring appropriation of funds and limiting the total amount payable by the City, if a court of competent jurisdiction finds any provision of this Agreement or any portion of it to be invalid, illegal, or unenforceable, the validity of the remaining portions or provisions will not be affected, if the intent of the Parties can be fulfilled.
- 31. CONFLICT OF INTEREST:** No employee of the City shall have any personal or beneficial interest in the services or property described in this Agreement. The Contractor shall not hire, or contract for services with, any employee or officer of the City that would be in violation of the City's Code of Ethics, D.R.M.C. § 2-51, *et seq.* or the Charter §§ 1.2.8, 1.2.9, and 1.2.12. The Contractor shall not engage in any transaction, activity or conduct that would result in a conflict of interest under this Agreement. The Contractor represents that it has disclosed any and all current or potential conflicts of interest. A conflict of interest shall include transactions, activities or conduct that would affect the judgment, actions or work of the Contractor by placing the Contractor's own interests, or the interests of any party with whom the Contractor has a contractual arrangement, in conflict with those of the City. The City, in its sole discretion, will determine the existence of a conflict of interest and may terminate this Agreement in the event it determines a conflict exists, after it has given the Contractor written notice describing the conflict.
- 32. NOTICES:** All notices required by the terms of this Agreement must be hand delivered, sent by overnight courier service, mailed by certified mail, return receipt requested, electronic mail, or mailed via United States mail, postage prepaid, if to the Contractor at the aforementioned address, and if to the City at: Chief Information Officer, Denver Technology Services, 201 West Colfax Avenue, Dept. 301, Denver, Colorado 80202; with a copy to: Denver City Attorney's Office, 1437 Bannock St., Room 353, Denver, Colorado 80202. Notices hand delivered, sent by overnight courier, or electronic mail are effective upon delivery. Notices sent by certified mail are effective upon receipt. Notices sent by mail are effective upon deposit with the U.S. Postal Service. The Parties may designate electronic and substitute addresses where or persons to whom notices are to be mailed or delivered. However, these substitutions will not become effective until actual receipt of written notification.
- 33. DISPUTES:** All disputes between the City and the Contractor arising out of or regarding this Agreement will be resolved by administrative hearing pursuant to the procedure established by

D.R.M.C. § 56-106(b)-(f). For the purposes of that administrative procedure, the City official rendering a final determination shall be the CIO as defined in this Agreement. In the event of a dispute between the Parties, the Contractor will continue to perform its obligations under this Agreement during the resolution of the dispute until this Agreement is terminated in accordance with its terms.

34. **GOVERNING LAW; VENUE**: This Agreement will be construed and enforced in accordance with applicable federal law, the laws of the State of Colorado, and the Charter, Revised Municipal Code, ordinances, regulations and Executive Orders of the City and County of Denver, which are expressly incorporated into this Agreement. Unless otherwise specified, any reference to statutes, laws, regulations, charter or code provisions, ordinances, executive orders, or related memoranda, includes amendments or supplements to same. 35. **NO DISCRIMINATION IN EMPLOYMENT**: In connection with the performance of work under this Agreement, the Contractor may not refuse to hire, discharge, promote, demote, or discriminate in matters of compensation against any person otherwise qualified, solely because of race, color, religion, national origin, ethnicity, citizenship, immigration status, gender, age, sexual orientation, gender identity, gender expression, marital status, source of income, military status, protective hairstyle, or disability. The Contractor shall insert the foregoing provision in all subcontracts.

This Section is a material part of this Agreement.
38. **NO CONSTRUCTION AGAINST DRAFTING PARTY**: The Parties and their respective counsel have had the opportunity to review this Agreement, and this Agreement will not be construed against any party merely because any provisions of this Agreement were prepared by a particular party.
39. **ORDER OF PRECEDENCE**: In the event of any conflicts between the provisions in the body of this Agreement and the Exhibits, the provisions in the body of this Agreement shall control. For the avoidance of doubt, no subsequent order form, invoice, or quote issued by the Contractor shall take precedence over the terms of the body of this Agreement regardless of any term contained therein to the contrary.
40. **SURVIVAL OF CERTAIN PROVISIONS**: The terms of this Agreement and any exhibits and attachments that by reasonable implication contemplate continued performance, rights, or compliance

beyond expiration or termination of this Agreement survive this Agreement and will continue to be enforceable. Without limiting the generality of this provision, the Contractor's obligations to provide insurance and to indemnify the City will survive for a period equal to any and all relevant statutes of limitation, plus the time necessary to fully resolve any claims, matters, or actions begun within that period.

41. **INUREMENT**: The rights and obligations of the Parties herein set forth shall inure to the benefit of and be binding upon the Parties hereto and their respective successors and assigns permitted under this Agreement.
42. **TIME IS OF THE ESSENCE**: The Parties agree that in the performance of the terms, conditions, and requirements of this Agreement, time is of the essence.
43. **FORCE MAJEURE**: Neither Party shall be responsible for failure to fulfill its obligations hereunder or liable for damages resulting from delay in performance as a result of war, fire, strike, riot or insurrection, natural disaster, unreasonable delay of carriers, governmental order or regulation, complete or partial shutdown of manufactures, unreasonable unavailability of equipment or software from suppliers, default of a Subcontractor or vendor (if such default arises out of causes beyond their reasonable control), the actions or omissions of the other Party and/or other substantially similar occurrences beyond the Party's reasonable control ("Excusable Delay"). In the event of any such Excusable Delay, time for performance shall be extended for as may be reasonably necessary to compensate for such delay.
44. **PARAGRAPH HEADINGS**: The captions and headings set forth herein are for convenience of reference only and shall not be construed to define or limit the terms and provisions hereof.
45. **CITY EXECUTION OF AGREEMENT**: This Agreement is expressly subject to and shall not be or become effective or binding on the City until it has been fully executed by all signatories of the City and County of Denver.
46. **ADVERTISING AND PUBLIC DISCLOSURE**: The Contractor shall not include any reference to this Agreement or to services performed pursuant to this Agreement in any of the Contractor's advertising or public relations materials without first obtaining the City's written approval. Any oral presentation or written materials related to services performed under this Agreement will be limited to services that have been accepted by the City. The Contractor shall notify the City in advance of the date and time of any presentation. Nothing in this provision precludes the transmittal of any information to City officials.
47. **EXTERNAL TERMS AND CONDITIONS DISCLAIMER**: Notwithstanding anything to the contrary herein, the City shall not be subject to any provision including any terms, conditions, or agreements appearing on the Contractor's or a Subcontractor's website or any provision incorporated into any click-through or online agreements related to the Work unless that provision is specifically incorporated into this Agreement.
48. **PROHIBITED TERMS**: Any term included in this Agreement that requires the City to indemnify or hold the Contractor harmless; requires the City to agree to binding arbitration; limits the Contractor's liability for damages resulting from death, bodily injury, or damage to tangible property; or that conflicts with this provision in any way shall be *void ab initio*.

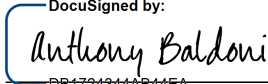

- 49. USE, POSSESSION OR SALE OF ALCOHOL OR DRUGS:** The Contractor shall cooperate and comply with the provisions of Executive Order 94 and Attachment A thereto concerning the use, possession or sale of alcohol or drugs. Violation of these provisions or refusal to cooperate with implementation of the policy can result in the City barring the Contractor from City facilities or participating in City operations.

- 51. ELECTRONIC SIGNATURES AND ELECTRONIC RECORDS:** The Contractor consents to the use of electronic signatures by the City. This Agreement, and any other documents requiring a signature hereunder, may be signed electronically by the City in the manner specified by the City. The Parties agree not to deny the legal effect or enforceability of this Agreement solely because it is in electronic form or because an electronic record was used in its formation. The Parties agree not to object to the admissibility of this Agreement in the form of an electronic record, or a paper copy of an electronic document, or a paper copy of a document bearing an electronic signature, on the ground that it is an electronic record or electronic signature or that it is not in its original form or is not an original.
