34 **Section 6.** Subject to the approval of voters as provided in Section 7 of this ordinance,

1 Chapter 27, Article V, Division 4, D.R.M.C. concerning dedicated funding for affordable  
2 housing repealed and re-enacted to read as follows:

3  
4 **DIVISION 4. – AFFORDABLE DENVER FUND.**

5 **Sec. 27-170. – Legislative Intent.**

6 (a) The City Council finds, determines, and declares:

7 (1) According to the 2024 Regional Housing Needs Assessment conducted by the  
8 Denver Regional Council of Governments (“DRCOG”), Denver has not produced enough  
9 housing to keep pace with population and job growth, with an anticipated gap of 44,000 units  
10 under 100% of area median income (“AMI”) in the next 10 years. The study also found that a  
11 lack of dedicated funding and financing tools inhibits Denver’s ability to meet this demand of  
12 affordable housing;

13 (2) A 2019 study conducted by Root Policy Research found a nearly 50,000 unit  
14 shortage of affordable housing in Denver, with most need at 60% of AMI or below. The same  
15 study found that only 7% of the overall housing stock in Denver is income-restricted, falling  
16 short of the more than 130,000 households with incomes at or below 80% of AMI who do not  
17 have access to fair market housing;

18 (3) According to the 2023 Point in Time (“PIT”) study by the Metro Denver Homeless  
19 Initiative, there are more than 5,800 people experiencing homelessness on a single night in  
20 Denver, and over 24,000 people experience homelessness in a given year in Denver  
21 according to the region’s Homeless Management Information System (“HMIS”). Data in both  
22 the PIT and HMIS show the high cost of housing as the top cause of homelessness;

23 (4) According to the Denver Housing Market Analysis by Root Policy Research,  
24 between 2010 and 2019, 10,595 low-income households, or 21% of households between 0-  
25 60% of AMI, have been forced to move out of Denver in order to obtain affordable housing,  
26 harming the city’s cultural diversity and economic growth while reducing economic mobility;

27 (5) According to the 2022 U.S. Census Bureau, wages have risen in Denver by  
28 110% since 2000 and the cost of housing has risen 220%, meaning the average Denver  
29 resident’s income no longer keeps pace with their ability to pay a rent or mortgage;

30 (6) According to the 2022 American Community Survey (ACS) data from the U.S.  
31 Census Bureau, more than 50% of Denver’s renter households are housing burdened,  
32 including 80% of all renter households earning less than \$75,000 annually;

33 (7) The COVID-19 pandemic worsened the housing affordability crisis in Denver,  
34 leading to historic eviction rates for households unable to pay rent. In 2023, Denver had over

1 12,900 eviction actions, when the annual average over the past 15 years was a little over  
2 8,000. More and more households each year are unable to make ends meet due to the high  
3 cost of housing;

4 (8) In Denver’s Comprehensive Plan 2040, adopted by Denver City Council in May  
5 2019, there are 3 goals focused on housing affordability in Denver, including building housing  
6 as a continuum to serve residents across a range of incomes, ages, and needs, developing  
7 housing that is affordable to residents of all income levels, and preserving existing affordable  
8 housing. Investment is needed to advance these goals and create an equitable, inclusive city  
9 with a high quality of life for all residents, regardless of income level, race, gender, ability or  
10 age;

11 (9) The Department of Housing Stability’s (HOST) 5-Year Strategic Plan, approved  
12 by City Council in 2021, identifies key areas of investment for housing affordability, including  
13 the creation and preservation of affordable homes, the creation of new units of supportive  
14 housing, the creation of more truly mixed-income housing, increased homeownership, and  
15 expanding rental subsidies to create a healthy, housed, and connected Denver;

16 (10) HOST shall publish AMI levels for households of a given size as established  
17 annually by the U.S. Department of Housing and Urban Development, or its successor  
18 agency;

- 19 (11) It is the intent of City Council that the monies in this fund will:
- 20 a. support the goals of Comprehensive Plan 2040 and HOST’s periodic  
21 strategic plans;
  - 22 b. assist in efforts to increase the pace at which the affordable units are  
23 provided to all Denver residents for whom costs have outstripped affordability, while  
24 prioritizing areas of highest demonstrated community need for both rental and  
25 homeownership units and recognizing that public investment is most necessary for those least  
26 able to access market rate housing;
  - 27 c. reduce displacement of renters and homeowners who cannot afford  
28 prevailing housing costs, and those on fixed incomes, promote long-term affordability and  
29 neighborhood stability, and avoid increased concentration of poverty;
  - 30 d. promote equity and remedy historic and structural inequity and  
31 disinvestment and to increase public participation and control over affordable housing assets;
  - 32 e. support exploration of new financing models and the benefits of cross-  
33 subsidization and mixed-income development to catalyze additional affordable housing for  
34 owners and renters;

1 f. be spent to benefit all of Denver, including people with disabilities. Funds  
2 should be prioritized for housing compliant with the Americans with Disabilities Act's 2010  
3 Standards for Accessible Design, the Colorado Standards for Accessible Housing, and the  
4 architectural concept of universal design. Specifically, funds should encourage the  
5 construction of Type A dwelling units and focus on Type B dwelling units, as those terms are  
6 defined in the "Accessible and Usable Buildings and Facilities" standard, or any successor  
7 standard, promulgated and amended from time to time by the international code council. The  
8 structure itself should encourage common elements that allow everyone to access and use  
9 the space in a similar manner. Any application for affordable Denver funds should exceed  
10 these state and federal minimums in proportion to the amount of funds received; and

11 g. prioritize sustainable housing, promote community health and  
12 environmental sustainability by promoting sustainable and energy efficient environmental  
13 design that facilitates citywide decarbonization and environmental justice goals, and expand  
14 and enhance access to intentional green spaces and environmental amenities;

15 (12) A dedicated, additional funding source is necessary to increase the supply of  
16 affordable housing for owners and renters, to provide financial and service-related assistance  
17 to owners and renters, and to ensure Denverites can afford to live in the City and County of  
18 Denver long-term.

19 (b) Therefore, the City Council has determined that the question of whether the City  
20 shall be authorized to impose a 0.5% sales and use tax for the purposes and in the manner  
21 set forth in this ordinance should be submitted to the registered electors of the City at the  
22 special municipal election to be conducted in coordination with the state general election on  
23 November 5, 2024.

24 **Sec. 27-171. – Permitted uses of revenue in the Affordable Denver Fund.**

25 (a) Revenue received for the Affordable Denver Fund (the "fund") shall be used on  
26 the following programs designed to serve the demonstrated community housing needs for  
27 households living at or below eighty (80) percent of Denver's Area Median Income (AMI),  
28 except as otherwise provided in part (b) of this section:

29 (1) To increase the long-term supply of affordable housing units or prevent  
30 displacement of cost-burdened households through production, preservation, financing,  
31 acquisition, conversion, subsidies, or any other method; and

32 (2) To provide financial and service-related assistance to renters and other persons  
33 in need of housing.

34 (b) In addition to uses in part (a), the fund may be used:

1 (1) To support homebuyer and/or homeowner assistance programs designed to  
2 serve households living at or below one-hundred twenty (120) percent of AMI, including but  
3 not limited to, programs to ensure preservation of housing, programs to reduce housing costs  
4 for homeowners and persons seeking to purchase homes, and support for homeowner  
5 investments to expand affordable housing supply; and

6 (2) To increase the supply of affordable housing units for renters in innovatively  
7 funded mixed-income projects that have an income-average of one hundred (100) percent or  
8 less of AMI, provided the project delivers more low-income affordable units that would  
9 otherwise not be created.

10 (c) All housing produced under this fund shall be compliant with long-term  
11 affordability standards.

12 (d) *Cap on administrative costs.* Monies in the fund may be expended to pay the  
13 costs incurred by the city associated directly with the administration of the funds; except that,  
14 in no event may the amount expended from the fund for city administrative expenses in any  
15 year exceed three (3) percent of the amount of revenue received in the fund in that year.

16 (e) *Fund earnings.* Any interest earned on the balance of the fund accrues to the  
17 Fund.

18 (f) *Administration of funds.* The manager of finance shall manage the fund.

19 (g) *Definition of area median income.* As used in this section, the term area median  
20 income shall have the same meaning as provided in section 27-150.

21 (h) *Permanency.* If the monies in the fund are not expended at the end of the fiscal  
22 year, such monies must remain in the fund to be expended in subsequent fiscal years.

23 (i) Planning

24 (1) First Year Plan. The department of housing stability, in coordination with the manager  
25 of finance, shall prepare, and the housing stability strategic advisors shall take public input on,  
26 review, and make recommendations regarding, a first year-plan for use of the funds in 2025. The  
27 plan must expressly reflect the legislative intent in section 27-170(a)(11) and must include a  
28 prioritization plan for distribution of the funds in 2025 according to demonstrated community needs.  
29 The first-year plan shall be submitted for City Council approval no later than January 30, 2025.

8 supportive and affordable housing, including the income levels for which those units were  
9 produced, how the expenditures addressed the demonstrated community housing needs, and  
10 the number of renters and owners that avoided displacement, due to the monies expended  
11 from the fund. Such reports shall also include information on city control or ownership interest  
12 in affordable housing assets, including any public debt leveraged in whole or in part by such  
13 assets or revenues in the fund, and any other pertinent financial information; and

14 (2) The executive director of the department of housing stability shall produce a  
15 "Denver Housing Needs Assessment Study" (the "Study") and report the findings and any  
16 recommendations to City Council no later than December 31, 2026. The Study shall serve as  
17 guidance for areas with the greatest demonstrated community needs to be targeted under  
18 this section. The study shall be periodically updated as needed.

19 (k) *Review of fund.* The executive director of the department of housing stability  
20 and the manager of finance shall jointly conduct a policy review of the fund created in this
