Consistency with Adopted Plans: Comprehensive Plan

- Equitable, Affordable and Inclusive Goal 2, Strategy A – Create a greater mix of housing options in every neighborhood for all individuals and families (p. 28).

- Strong and Authentic Neighborhoods Goal 1, Strategy B – Ensure neighborhoods offer a mix of housing types and services for a diverse population (p. 34).

- Homes are typically low-scale single- and two-unit residential with some small-scale multi-unit residential and commercial.
- Offers good walkability with short, predictable blocks.

Consistency with Adopted Plans: Blueprint Denver

Residential Low Future Place Type

Consistency with Adopted Plans: Blueprint Denver

All Other Areas of the City

- 10% of new employment
- 20% of new housing

Most growth is guided to regional centers, community centers and corridors, select districts and high and medium-high intensity residential areas. Other areas of the city are still expected to see some growth, however more limited.

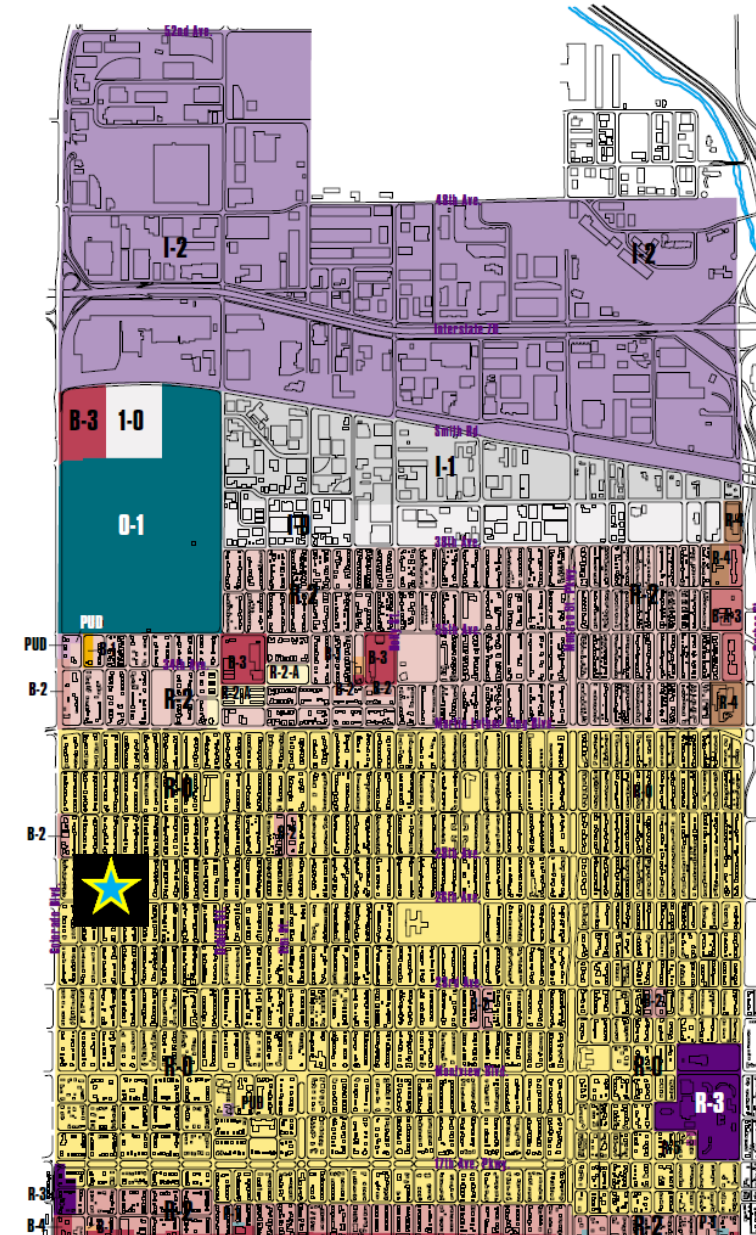

Consistency with Adopted Plans: Blueprint Denver

Land Use and Built Form – Housing Policy 4: Diversity housing choice through the expansion of accessory dwelling units throughout all residential areas.

Strategy E: A citywide approach to enable ADUs is preferred. Until a holistic approach is in place, individual rezoning to enable ADUs in all residential areas, especially where proximate to transit, are appropriate. Unless there is a neighborhood plan supporting ADUs, rezonings should be small in area in order to minimize impact to the surrounding residential area.

Consistency with Adopted Plans: Park Hill Neighborhood Plan

- **Land Use and Zoning section:** “Maintain the existing integrity of the residential character of Park Hill. Assure that continued growth and development in Park Hill results in a balanced and compatible mix of housing types and densities” (p. 32.” (p. 32).
- **Action Number LZ3:** “Create and maintain a mix of housing types that are attractive and affordable.” (p. 34).
