Re: Permit Inactivation

This letter is to confirm that your REQUEST FOR INACTIVATION OF CONSTRUCTION ACTIVITIES STORMWATER DISCHARGE PERMIT has been received. The referenced site has been inspected and has been found to be in compliance with the final closure requirements of the City and County of Denver. As such Permit # 201001028 also known as Denver Zoo/Asian Tropics covering activities located at 3200 E 23<sup>rd</sup> Ave. has been closed effective September 26, 2013..

As such, you are reminded that you are no longer authorized to discharge stormwater associated with construction activities at site including but not limited to: clearing, grading, grubbing, or vertical construction. Should additional construction activities be warranted in the future, additional / new permitting must be applied for and granted prior to the commencement of any such activities. It is also recommended that you ensure any corresponding permits, such as State issued CDPS permits, be closed as well.

If you have any questions regarding this matter please contact me directly at 303-446-3485.

Respectfully,

Nancy M. Garcia  
Water Quality Investigator
