☒ Other: Purchase Order

2. Title: (Start with *approves*, *amends*, *dedicates*, etc., include name of company or contractor and indicate the type of request: grant acceptance, contract execution, contract amendment, municipal code change, supplemental request, etc.)

Approves a Purchase Order with Zivaro, Inc. for \$2,173,857.69 and a three-year term for the subscription renewal of the ProofPoint software application supporting Technology Services' email security protocols; citywide.

2021- \$589,619

2022- \$792,119

2023- \$792,119

3. Requesting Agency: Technology Services – Security Operations

4. Contact Person:

Contact person with knowledge of proposed ordinance/resolution	Contact person to present item at Mayor-Council and Council
Name: Julie Sutton	Name: Joe Saporito
Email: Julie.Sutton@denvergov.org	Email: Joseph.Saporito@denvergov.org

5. General description or background of proposed request. Attach executive summary if more space needed:

Technology Services originally conducted a solicitation through the Purchasing Dept. to purchase Proofpoint software licensing related to email security. Based off of this solicitation process, Zivaro's offer was determined to be within the best interests of the City. Zivaro is a certified Value Added Reseller (VAR) of Proofpoint software. Technology Services is seeking approval of a Purchase Order to Zivaro to continue the City's subscription to Proofpoint's Software as a Service (SaaS) Email Protection solution. Renewing this SaaS software is critical for the City's Enterprise email security. ProofPoint provides defense against email fraud tactics; targeted attack protection; digital asset security – encryption; analyzes internal email and blocks URL/attachment threats, spam, and viruses without impacting mail flow.

The Proofpoint software suite includes:

- Cloud Security Application Broker
- DMARC deployment – Up to 5 sending domains (and unlimited defensive registrations). Defense against all email fraud tactics used in an organization's email ecosystem.
- Enterprise licenses
- IMD Service – Analyzes internal email and blocks URL/attachment threats, spam, and viruses without impacting mail flow
- Platinum level support - Support includes vendor monitoring of the application as well as issue resolution assistance to ensure the application is functioning at its maximum performance.

To be completed by Mayor's Legislative Team:

Resolution/Bill Number: RR21 0171

Date Entered: _____

- Targeted attack protection – URL and Attachment defense, TAP Dashboard, Threat Response Auto-Pull, Dynamic Reputation, Spam, Virus Protection, Zero-Hour Anti-Virus, Email Firewall, Impostor email, graymail filtering, smart search, basic DLP, Basic Encrypt
