9. General description or background. Attach executive summary if more space needed: (who, what, why)

This IGA allows DHS to use the State's agreement with TALX Corporation, the provider of Equifax Verification Services (“EVS”), to access The Work Number, a widely used income and employment verification tool that supports various DHS programs and functions. By using the State's existing agreement, the City benefits from bulk pricing and consistent access to essential employment data needed to administer benefits and services efficiently.

The State's contract number for this agreement is 27 IGA 205667.

Scope of work:

The State of Colorado (Colorado Department of Human Services) has a contract with TALX Corporation, a provider of Equifax Verification Services (“EVS”) to give Colorado counties access to The Work Number, a system that supplies up-to-date employment and income information. This IGA will allow EVS to provide employment verification services directly to DHS to support the function of various programs. The State acts as a pass-through entity, meaning that EVS will bill the State for fees incurred by the counties, and the State will then bill the counties individually. Under this agreement, TALX Corporation will:

- Provide DHS with employment verification and related employment information
- Provide DHS with employment data in batch-delivery mode and/or EVS website
- Provide DHS with income data in batch-delivery mode and/or EVS website

This shared arrangement allows DHS as Denver’s county human services department to efficiently gather reliable employment data while benefiting from the State’s negotiated pricing and streamlined administration. Payment pursuant to this Agreement will be made by DHS via the State Settlement Process.
