Consistency with Adopted Plans: Blueprint Denver

Land Use and Built Form- Housing Policy 4: Diversity housing choice through the expansion of accessory dwelling units throughout all residential areas.

Strategy E: A citywide approach to enable ADUs is preferred. Until a holistic approach is in place, individual rezoning to enable ADUs in all residential areas, especially where proximate to transit, are appropriate. Unless there is a neighborhood plan supporting ADUs, rezonings should be small in area in order to minimize impact to the surrounding residential area.

Consistency with Adopted Plans: East Area Plan

- **Low Residential: Single Unit**
 - Predominantly single-unit uses
 - Accessory dwelling units are appropriate

Consistency with Adopted Plans: East Area Plan

Policy L6: Ensure East Area neighborhoods are inclusive places by thoughtfully integrating compatibly-designed missing middle housing and accessory dwelling units (ADUs) in appropriate locations.

Strategy L6.D: Implement adopted citywide policies in Blueprint Denver to diversify housing choice through expansion of ADUs throughout all residential areas while also addressing context-sensitive ADU design and removing barriers to ADU construction.

East Colfax Neighborhood Section, Strategy EC-L1.B: Integrate accessory dwelling units and missing middle housing in appropriate locations
