Scope of work:

The Comprehensive Housing and Residential Treatment Services (CHARTS III) Program will expand access and availability of evidence-based treatment services to individuals experiencing homelessness, recently released from detox.

1. The Denver CARES community detox unit will be used as a point of entry to determine if patient meets eligibility criteria (experiencing homelessness for at least 12 months with multiple utilization of systems). Patients may move from the detox unit to the Return TRT Program housed in the Denver CARES facility.
2. The Return TRT program provides the patient with intensive individual and group therapy. This includes case management to assist the patient with the initial phase of recovery. All participants will work with their primary counselor for individual therapy and attend a minimum of three group therapy sessions per week.
3. All eligible patients will receive assistance in applying for Medicaid benefits and obtain a primary care provider (PCP) within the Denver Health system whenever possible.
4. In the CHARTS III program, the case coordinator will assist patients with benefit, housing, and employment applications as applicable. Patients may graduate from the
