Comprehensive Plan 2040

The proposed rezoning furthers *Comprehensive Plan 2040* policies by increasing additional housing units, allowing more building forms at an infill location where amenities are accessible including transit and mixed-use services.

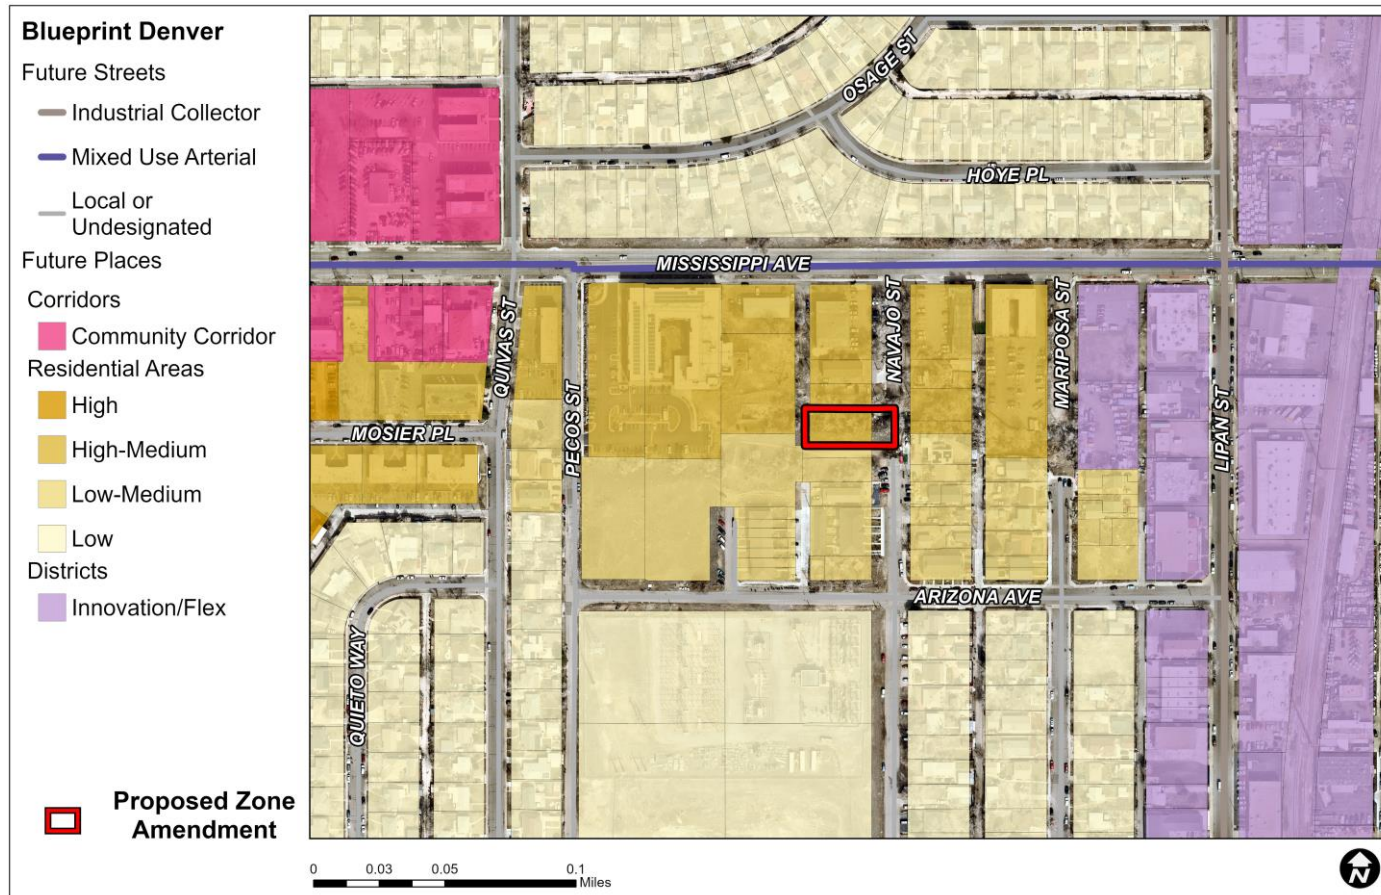

Blueprint Denver 2019

Neighborhood Context General Urban

- Homes in this context vary from multi-unit complexes to compact single-unit homes. Development should be sensitive to the existing neighborhood character and offer residents a mix of uses, with good street activation and connectivity. Residents living in this context are well served by transit and enjoy access to abundant amenities and entertainment options (p. 237).

Blueprint Denver 2019

Future Place Type

High-Medium Residential

- Mix of mid-scale multi-unit residential options. Some neighborhood-serving mixed-use may be appropriate, especially along arterial streets or at non-local street intersections. Buildings are generally up to 5 stories in height. Building heights and scaling help provide transitions to adjacent places” (217).

Future Street Type

- Navajo, Local
- Mississippi, Mixed-Use Collector

Evaluation is based on the proposed zone district is consistent with the Future Street Classification, not to assess the traffic impacts of a specific development proposal.

Blueprint Denver 2019

- **Growth Areas Strategy:**
All other areas of the city
 - 10% jobs by 2040
 - 20% housing by 2040

Additional Blueprint Policies

Land Use & Built Form: Housing Policy 02, Diversify housing options by exploring opportunities to integrate missing middle housing into low and low-medium residential areas (p. 82) .

Land Use and Built Form Policy 1: Promote and anticipate planned growth in major centers and corridors and key residential areas connected by rail service and transit priority street” (p. 94).
