"Do you have any final thoughts to share about term limits for Denver's mayor, city council, city clerk and recorder, and city auditor?"

Sex	Age Range	Party	Race	Tenure in Years	CC Dist.	Response
M	18-34	Unaf	White	Less 5	1	I think a shorter term limit discourages voting for just a familiar name and promotes a more informed electorate and fresh ideas
F	35-44	Unaf	White	Less 5	1	Public safety does not exist in Denver
M	18-34	Rep	White	Less 5	1	They are all crooks and awful for the City of Denver
F	18-34	Unaf	White	5-10	1	It would be interesting to understand if support changes for different office (i.e. are people pro shortening term limits for mayor and city council but against clerk, auditor).
M	18-34	Unaf	White	5-10	1	This bill should be retroactive and apply to all officials it covers with no grand father clause.
M	35-44	Unaf	White	5-10	1	I have tried to provide a criminal allegation to the Department of Insurance. The current leader, has rejected even having a meeting. Highly concerning our leadership over HIPAA protected altering of patient medical records.
M	35-44	Unaf	White	5-10	1	The lack of care for residents seems to be showing more and more. I've lived in Colorado for 15 years, 10 of those years in downtown Denver. The influx of refugees, and the crime rates have surged year of year. Instead of working to minimize it has been put back on the residents to deal with it...pay increased taxes...or simply move out. It's sad. I love Denver, but not sure how much longer I want to live here when it feels that the people who earn a living are being pushed out for those living on the system. Find a balance. Remember, without my tax dollars you can't continue to support those who don't contribute.
F	45-54	Unaf	White	5-10	1	I think Denver and Colorado in general is being mismanaged and needs term limits and we need to go back to paper ballots same day voting with voter ID. Unaffiliated voter.
M	45-54	Unaf	White	5-10	1	I think the elected officials in Denver should have even shorter limits. The groups mentioned in this survey have shown their incompetence and have consistently implemented measures that are destroying Denver!
M	45-54	Unaf	White	5-10	1	Some roles I think are good to be in office longer, other roles shorter.
M	65+	Unaf	White	5-10	1	Mayors easier to "buy"; have more power; and, appear to be looking down the road to higher elected office - other officials, not so much.. Other officials either
M	18-34	Dem	White	5-10	1	I was more pleasantly surprised to learn we had term limits than I cared about the distinction between 2-3 terms. I agree with term limits but where the limit is set seems arbitrary and not worth fussing over. I don't think it would be an effective use of local governments time for some of it's people to be debating this topic while others are considering more substantive issues upon which human welfare in the city absolutely depends.
F	35-44	Dem	White	5-10	1	If someone is burnt out they can resign or not run again.
F	55-64	Dem	White	5-10	1	This survey was confusing as I wasn't sure what I was approving or rejecting as I got into the questions

F	45-54	Rep	White	5-10	1	There should be no careers in politics.
						Perhaps shorter term limits can make the Mayor and City Council more responsive to taxpaying voters. The Mayor and City Council have designated illegal immigrants as the problem that taxpayers must solve, costing us personally, reducing our services (like access to Rec Centers, DMV, etc.)--all to help who they embrace as "newcomers," but are here only because of Denver's irresponsible Sanctuary City status. You invite people who disrupt our neighborhoods, and who now make "13 demands" for free services that you want me to pay for--and you have no end game for providing permanent housing or jobs. You house them and Denver's homeless population in temporary facilities that are not safe (murders actually increase in the hotels you put them in). All this can stop if you decide to put taxpayers--and legal voters--first, not last.
M	55-64	Rep	White	5-10	1	They're all trash & need to be held accountable for ruining Denver
M	18-34	Oth	White	5-10	1	Pros and cons with both. I think lack of accountability is a bigger issue.
F	45-54	Unaf	White	11-20	1	Term limits are a must at all levels of government. Too many 'careers' and increase of bank accounts happen without them. And lobbyists need to be put in check too
F	55-64	Unaf	White	11-20	1	If anyone is actually reading this...I have lived in my condo for a long time. I am considering moving to a non immigrant city, county, state. Thanks for nothing.
M	55-64	Unaf	White	11-20	1	I'll definitely look more into the issue prior to the election.
F	35-44	Dem	White	11-20	1	Free Palestine and support a permanent ceasefire. Blood is on the representatives and taxpayers hands.
F	45-54	Dem	White	11-20	1	My opinion is split. I would prefer to have a strong mayor and weaker City Council and I don't know enough, embarrassingly, about what the other two positions do to yet have an opinion. I also think that when someone is in office for 12 yrs, lobbyists have a longer time to persuade them so can increase their power that way too. Basically our government at every level is set up for monied interests to win.
F	45-54	Dem	White	11-20	1	Term limits are essential. That's because the City consistently does not adhere to targets and budget - and you'd be fired in the private sector for poor performance but the City pretty much celebrates poor performance. Consequences. If you can't be fired then we need to have term limits. There's so little faith in the system.
F	45-54	Dem	White	11-20	1	Mayor has taken us in the wrong direction. Cutting funding to essential services and focusing solely on homeless issues. City council needs to turn over, only focused on their special interests. Conflict of interest should be noticed. We have a council member whose family member is the fire chief. please tell me there is no conflict there.
M	45-54	Dem	White	11-20	1	We need to give new fresh thoughts and ideas into our government, it makes a difference!

M	18-34	Rep	White	11-20	1	The Immigrant problem is ridiculous and shameful on denver's part!
M	18-34	Unaf	Hisp	11-20	1	Mayor needs to do more about homelessness. He shouldn't be going to superbowls or draft parties.
F	35-44	Unaf	Hisp	11-20	1	We all know our politicians are backed by \$\$\$. Current mayor is completely out of touch with reality and it is incredibly painful to watch him ignore what citizens want and continue to mishandle tax payer money. I hope to not even be in denver come next election time. This city has been ruined.
F	55-64	Unaf	Hisp	11-20	1	There should be accountability while in office. Promises made while campaigning, if not kept. There should be consequences and there never are. Lastly, Representatives are supposed to support their constituents and not migrants
M	65+	Dem	Black	11-20	1	The fewer times campaign funds are solicited, the clearer it will be for constituents to see how expenses are allocated
O	18-34	Unaf	White	More 20	1	FREE PALESTINE
M	35-44	Unaf	White	More 20	1	Let's do this for the senate and house on a federal level and get these old white straight men out of office
M	35-44	Unaf	White	More 20	1	No more sanctuary. Enforce the laws we have and there's little to no need for new ones. Get rid of the bike lanes and re-criminalize marijuana
F	45-54	Unaf	White	More 20	1	This is a needed change. Please refer it to the voters
F	45-54	Unaf	White	More 20	1	You are completely deluded if you think term limits would make the toxic lobbyist control of city hall worse. It literally can't get worse than the fascist shit show it's turned into since Webb left office. Lobbyists need to be banned from ever serving in city government. I would vote for that all day long.
M	45-54	Unaf	White	More 20	1	I like governor but mayor and the rest of Denver government has run city into toilet with homelessness migrants and crime.
F	55-64	Unaf	White	More 20	1	City is in bad shape & it need to change for the better. Currently the people are not doing a good job.
M	55-64	Unaf	White	More 20	1	The city government seems detached from tax paying property owners. They are much more concerned with the homeless and immigrants. It is completely absurd.
M	55-64	Unaf	White	More 20	1	This questionnaire is confusing & it reads as it was deliberately written to confuse so the results you want would be given. Every person I have spoken to agree's that it was probably deliberately made confusing though they had different reasons for it. So whoever made it out to be this way succeeded & I have two engineering degrees & almost every person I talked too are college graduates
F	65+	Unaf	White	More 20	1	I think if they are doing a good job, and have voter support, they should be able to be reelected.
M	65+	Unaf	White	More 20	1	Yes. Take money and lobbyists out of elections and elected officials can continue to run as long as they are elected and remain viable candidates.

F	18-34	Dem	White	More 20	1	I think seeing turnover in local government is helpful. It helps pave the way for younger candidates who better reflect the values of the city. It also gives space for up and coming leaders to step onto the national stage. Denver is changing fast wether we like it or not so I think we should have our elected officials reflect that change. I wish there were more programs out there to help people see their options to run for state offices to ease the transition when they do get it, and to help inspire young people. Then we would have to worry less about the fear of lobbyist manipulation.
F	45-54	Dem	White	More 20	1	Term limits need to be mandatory. If you need an example of how a lack of term limits damages our city- look no further than the path of destruction that Michael Hancock left on his way out of the door.
M	45-54	Dem	White	More 20	1	Thanks for survey.
F	55-64	Dem	White	More 20	1	Im not happy with the migrant situation and using tax dollars from other programs to fund it. Did we vote to be a sanctuary city? It's a huge issue and I'm not psyched how it's being handled . . . And I'm a Democrat.
F	55-64	Dem	White	More 20	1	Re: Affordable Housing. Affordable to whom. Most of us seniors are being rejected from affordable housing apartments. We are low income. There requirements for income level is still to high. Can we have more HUD housing for seniors and disabled? My friends and I are stuck in one very run down HUD building that is run down, not up to codes, filthy, and has infestation of bedbugs, cockroaches, mice, and campers using Meth and Fentanyl, high crime building, no heat, water off at least 3-4 times a month, no security, staff including housekeeper are seldom present or working when on site. There are NO openings in any HUD buildings to move, the waiting list are 5 or more years wait. I'm a retired nurse, over 30 years of service in Colorado and deserve to live in Affordable Housing or better HUD building. I want to stay in Denver, Colorado, but most of feel that we have no choice but to move to another state Food and basic Essentials are ridiculous high and taxes to high on everything. Cost of living in Colorado is ridiculous now. I have family and grandkids here their future is grim in Colorado. I love Colorado but, I may have to move to another state to live better. My friends as well, we're hungry, cold and living sub-standard in HUD, in Denver! Please make more housing for everyone. With the influx of homeless and immigrants they get priority over there is no longer any place for the rest of to move. Please help all people. Affordable Housing, affordable to whom? Not if you're on SSI, SSDI
M	55-64	Dem	White	More 20	1	Lifelong Democrat, that will never vote Democrat again because of immigration, crime, and the general Marxist philosophy of the current Democrats.
F	65+	Dem	White	More 20	1	This survey wasn't worded very well. It seems that you are trying to determine the effectiveness of propaganda.

M	65+	Dem	White	More 20	1	Term limits empower lobbyists. Hate term limits which destroy institutional knowledge and require a big ramping up for newly elected officials.
M	18-34	Rep	White	More 20	1	Term limits should be one term. None of these assholes care about any person living in this state.
M	65+	Rep	White	More 20	1	2 term limit should be the way it is. 8 years is enough for this position. These people who hold these positions get complacent and fail to a good job.
M	35-44	Oth	White	More 20	1	Stop destroying our city. We are not New San Francisco. Wake up you idiots.
M	45-54	Oth	White	More 20	1	Not much of it matters until we get corporate money and PAC's out of the political system. They're all bought off and serving their funders.
F	65+	Oth	White	More 20	1	We need a mayor that cares about the Taxpayers. Our city is a mess
M	45-54	Unaf	Refuse	More 20	1	Yes. We need the ability for a smoother swifter way to recall an election and get rid of Mike Johnson and City Council. They have ruined Denver as I knew it for 50 years. Impeach now
F	55-64	Unaf	Refuse	More 20	1	Survey questions were very difficult to understand due to the wording. Took me several rereads in responding to questions. Side note Denver's current elected officials have failed us...they need to do better. We want our beautiful city back!
M	55-64	Unaf	Refuse	More 20	1	In the last 20 years a 2 term mayor would've been ideal
M	55-64	Unaf	Refuse	More 20	1	It's kind of stuck in the middle kind of thing if you like the people you want them to serve three terms so you don't like them you only want them to serve too and there's no way to switch the law back and forth depending on what you like so you got to make the choice off the person that's there now so choosing not to person that's there now I would hope they have three terms
F	65+	Unaf	Refuse	More 20	1	Want more information and to have a think about it
F	45-54	Oth	Refuse	More 20	1	Clean the state up, get the roads together and get these rental rates under control and start leading with integrity, and honor leaving out biasness. Hire genuine people with high morals, standards and values vs. the traditional thinker's that have obviously been in their positions way to long
F	35-44	Unaf	Hisp	More 20	1	Many elected officials prioritize politics over policy. They get comfortable and lazy. For an example CW Sandoval in Dist.1. In her case it becomes a title vs an oath to help our community. I believe we need to have a grassroots accountability committee created made up of constituents to really weed out our current bad apples. Unfortunately they are rotting away right before our eyes and really making denver stinky! P.S. LOVE Mayor Mike Johnson and Paul Lopez, we need more humans like them in office who truly have the heart of the people's best interest! God bless and thank you for the opportunity to tell my truth. F	45-54	Unaf	Hispanic	More 20	1	I feel that these immigrants that are crossing the border do not deserve free money we have so many homeless people in Colorado it's not even funny and the help that they're getting is zero and these immigrants are getting money handed to them which I disagree completely
M	45-54	Unaf	Hispanic	More 20	1	2 term limits are important to the integrity of the rights of the voter and prevents favoritism and corruption
F	35-44	Dem	Hispanic	More 20	1	2 term limits ONLY
M	55-64	Dem	Hispanic	More 20	1	Shorten the Mayors position
F	65+	Dem	Hispanic	More 20	1	Hay que darles oportunidad a otras personas que realmente quieran participar y dar 100%. Hacer cambios para que las rentas de vivienda sean más baratas y accesibles
M	65+	Dem	Hispanic	More 20	1	Term limits will be known when deciding to serve your community.
F	35-44	Rep	Hispanic	More 20	1	Yeah this Mayor needs to be out as fast as possible!!!! I will never be uneducated about a mayoral race again.
F	65+	Rep	Hispanic	More 20	1	I feel all positions should only serve no more than 2 terms
F	35-44	Unaf	Black	More 20	1	It's very misleading to be sending this under the branding of City Council when this is not jointly created message testing. The person sending this is the EXACT reason term limits should be shortened.
M	65+	Unaf	White	Refuse	1	If the proposal would be to have a single two year term limit, I'd vote for that. Denver is run by idiots.
M	18-34	Unaf	White	Less 5	2	I think a 12 year term limit is fine for city council, as they serve as part of a committee and new members and ideas will still be joining in most elections. Positions like Mayor, City Clerk and Recorder, and Auditor should change more often! My thoughts on each have nothing to do with my personal opinion on each person or group currently elected.
M	35-44	Unaf	White	Less 5	2	Government at all levels in this country absolutely sucks. Our politicians should strongly consider meeting together, taking off their shoes, unlacing them, and tying the laces around their necks to choke some common sense and decency back into themselves. If the common sense and decency doesn't return then continue choking.
F	65+	Unaf	White	Less 5	2	If my official is doing a good job I don't want a 2 term limit. Being an incumbent does not guarantee re-election, so if voters are unhappy they can always vote incumbents out

F	65+	Unaf	White	Less 5	2	Personally, I think the Mayor/Council is doing a great job, however, I think we're doing too much for the migrants. I read they had a list of "demands." Give me a break. I hope the Mayor and Council understand that there are those of us that feel like our tax dollars are better spent. I'm not against immigration but we are spending our tax dollars on those that didn't come in legally. Use that money to get our unhoused VETERANS off the street. Use that money for our CITIZENS to get the mental health services they need. Use that money for infrastructure and city services. Keep our parks beautiful with flowers. The migrants don't pay taxes. I pay taxes and I can't even get my trash picked up on time (and now I'm paying extra for that). Also, what's with the new law to allow motorcycles to ride between cars? Are you kidding me? I'm giving you this feedback in response to one of the first questions of this survey that asked how the Mayor/Council are doing. With respect to term limits... I have no issue with it remaining at 3 terms. If the Mayor/Council are doing a good job, they'll get reelected...otherwise they won't. I think the clerk and recorder and the auditor should be hired positions... not elected officials. Those should not be political positions. Thank you for the survey.
M	65+	Unaf	White	Less 5	2	We need to keep good employees while still being informed enough to get rid of others
M	18-34	Dem	White	Less 5	2	Not having term limits increases the size and power of the government to a harmful extent
F	35-44	Dem	White	Less 5	2	I view the role of the mayor and city council as being very different from auditor, clerk and recorder. We benefit greatly from institutional knowledge with the latter three roles. I see the benefit of reducing the mayor and city council to two terms given the focus lobbyists have on those officials. If the measure does not differentiate between the roles, I would likely vote to reject.
M	55-64	Rep	White	Less 5	2	Get your act together. Do whats right for Denver
O	18-34	Unaf	White	5-10	2	Term limits are unnecessary if elected officials remain loyal to their constituents and don't bend to corporations and lobbyists.
M	45-54	Unaf	White	5-10	2	No, but my house payment went up 400 dollars a month (property tax ridiculousness) then they stupid trash tax.
M	18-34	Dem	White	5-10	2	With the current political climate it feels that longer, possible stability at a local level is actually an advantage than a disadvantage. While new people and ideas are good, they don't need to be elected to possibly influence policies.
F	35-44	Dem	White	5-10	2	I tend to agree w the research that says term limits turn power over to lobbyists, but I would be interested to hear arguments on all sides and why people think that research would not apply in this case (if they think that). The burnout argument didn't make sense to me since elected officials are not forced to run again they can just step down like Jolon Clark did.

M	35-44	Dem	White	5-10	2	I understand why there's terminal limits which is why George Washington wanted term limits however I do like the idea that if someone the people like is great to keep them longer, but just like we loved Obama, we couldn't have him for 12 years. it's a good thing to have term limits
F	65+	Dem	White	5-10	2	Good arguments on both sides, but it's still comes down to the people making a choice whether it's two terms or three.
M	45-54	Unaf	Refuse	5-10	2	I believe most politicians and bureaucrats are on a scale from incompetent to corrupt. Most are criminals. How about one term or none at all? We need to evolve past the need/dependency on government.
M	65+	Unaf	Refuse	5-10	2	I wish the voters would actually think about their vote.
F	35-44	Dem	Refuse	5-10	2	While I can see the value in both, my concern is that in 12 yrs time people change, motives change. In 12 yrs that person has had more time to be influenced by money but that could be said for 4 and 8 as well but 12 insures a larger influence from lobbyists and they make more decisions that effect the lives of citizens than the citizens ever will, sadly.
F	45-54	Dem	Hisp	5-10	2	The less the time the better.
M	65+	Unaf	Black	5-10	2	We need to do the same thing for the federal government positions.
F	35-44	Unaf	White	11-20	2	Lobbying needs to go away entirely. Thank you.
M	35-44	Unaf	White	11-20	2	MethCamp Mike is doing a horrible job and is degrading the quality of life for most of the citizens of Denver. This is the worst I have seen homelessness and this administration is trying to cover up the homeless/migrant deaths, overdoses, and how long they were staying in housing. He is a shady politician that has paper trails to his former colleagues and associates of the mayor that are earning millions in contracts. What a shame on Denver, he needs to be ousted immediately
M	35-44	Unaf	White	11-20	2	Not a single one of them deserved a SINGLE term! Liberalism is a mental disorder
M	45-54	Unaf	White	11-20	2	With shorter term limits, at least everyone would have to decide more often to make dumbass voting choices that have kept Denver going down this terrible path due to awful Leftist policies.
M	35-44	Dem	White	11-20	2	Regardless of term limits there should be consideration for onboarding, developing, and training new to office elected officials.
F	35-44	Oth	White	11-20	2	Denver is ran by communists that have no business making decisions in a democratic Republic. Johnston is the worse mayor in history and the amount of corruption is disgusting. Denver was once beautiful and has become a 3rd world country due to corruption and socialist agendas.
F	35-44	Dem	Refuse	11-20	2	Mayor Johnson is terrible, I strongly disapprove of how he has handled the migrant situation and his inflammatory response to student protests. Mike Johnson lacks maturity and I have never seen Denver worse off, more dirty, crime ridden AND gentrified. I'm embarrassed to have voted for him.

M	45-54	Dem	Hisp	11-20	2	I'd rather take my chances with potential 12 years of ELECTED officials who know they have to earn my vote, than hand more influence-power to lobbyists who are only responsible to the outside interests paying them
F	55-64	Unaf	Black	11-20	2	They should be accountable for bringing any illegals and not protecting our vets and costing Denver county and this beautiful state of Colorado tons of money if you should go to jail and be prosecuted for their negligence if they can't uphold their values to the constitution
M	35-44	Unaf	White	More 20	2	The city government in Denver has ruined this great city and we need to move on from the current regime
F	45-54	Unaf	White	More 20	2	I think it should be voted on & have to be re-elected after 1 term. If the people like someone, they can vote on them again after years. 8 is too long too. It lets someone get comfortable & go back on their word & screw things up. They have to remain uncomfortable, knowing their job is not secure if they mess up. It shouldn't be a guaranteed position if they go back on their word & the words that got them elected in the 1st place. Too many of our politicians never follow through with anything they promise & were elected upon.
F	45-54	Unaf	White	More 20	2	No words for the new mayor other than he is ruining this beautiful city we once had many years ago. Making it so much worse. I no longer have a desire to live in Denver and I'm a native! Sad!
F	45-54	Unaf	White	More 20	2	When the city officials are not doing a good job, we should be able to set limits stronger and bring in new candidates
M	45-54	Unaf	White	More 20	2	Don't need career politicians at any level
F	55-64	Unaf	White	More 20	2	The current administration has no idea how challenging it is to run a business. From leaning into tenant rights to the state of education - absolutely outrageous behavior.
M	55-64	Unaf	White	More 20	2	I strongly support term limits at every level of government
F	65+	Unaf	White	More 20	2	All elect official should be term limited including judges
F	65+	Unaf	White	More 20	2	No politician should be able to serve more then 2 terms. Including us congress and house of representatives.
F	65+	Unaf	White	More 20	2	The longer they are in the more greedy, biased, power hungry and susceptible to lobbyists and other personal gains. Two terms is plenty. Denver is headed in a terrible direction

F	65+	Rep	White	More 20	2	Mike Johnson sends 180 million meetings DEMANDS of illegals and can't fix our infrastructure. Mike you move to mexico
F	65+	Rep	White	More 20	2	Yes we need to get a Republican in office.taking from Denver residents to House a inch of illegals is Sicking!!!
M	65+	Rep	White	More 20	2	Term limits for Governor and all school board members as well
M	65+	Rep	White	More 20	2	The city is going the wrong way obviously. With longer terms they implement their agendas pushing the city the wrong way with no repercussions to their position.
F	45-54	NR	White	More 20	2	It just sucks that you guys are doing more for the immigrants than our own. People that have live here for up forever.i know I could use some help myself
M	18-34	Unaf	Refuse	More 20	2	Denver is a piece of shit town now. The government has destroyed our amazing state and city. Immigration policies are hurting every single true citizen in Colorado. You should be ashamed of the job governor polis has done in this state.

F	65+	Unaf	Refuse	More 20	2	Hancock was AWFUL!! The City Council was AWFUL during COVID! Hands down! Bunch of cowards & bought the lies about COVID & caused extreme hardship to metro Denver! I quit my Denver Commission appointment over their totalitarian handling of COVID. They all made big money while their constituents were fired, went out of business, or otherwise suffered. But Bach of self-serving corrupt politicians!

F	65+	Unaf	Refuse	More 20	2	It all depends on whether a person feels an elected official is doing a good job or not. Personally, I think the current officials, including our mayor, and my councilman, Kevin Flynn, are doing a great job. Even 1 term is too long for any position Hickenlooper has. Many of the ideas city council wants to see ruins neighborhoods, allowing all the apartment buildings in single family neighborhoods.
M	65+	Unaf	Refuse	More 20	2	Denver needs leaders to stand against social justice and sanctuary city status. Such leaders would only need one term.
F	65+	Dem	Refuse	More 20	2	I want to see who's running and what they bring to the table and think about shortening the years of terms might be beneficial
F	65+	Dem	Refuse	More 20	2	Yes, I strongly feel that the mayor and everyone else involved is doing too much for the immigrants they would rather help them than our people in the US, especially the veterans they can't even help the people that are getting out of prison that haven't committed any bad crimes these immigrants take over our city our state there has to be a stop to this. Help our people born here not illegal people. You treat them better than even our seniors that's pathetic. Get rid of the immigrants send them back to help their own country. Hope my voice is heard.
M	65+	Rep	Refuse	More 20	2	These offices need to be limited to two terms to reduce corruption.
M	65+	Unaf	Other	More 20	2	Denver going down the tubes
M	55-64	Rep	Other	More 20	2	Tired of the woke Democrat policies, the sooner we can remove them from office the sooner we can vote in Republicans and return to policies that don't normalize the evil ways of woke politicians.
M	35-44	Unaf	Hisp	More 20	2	We need stewards of the city that won't use their own personal interests to guide the decisions they are making about the city they serve

F	65+	Dem	Hisp	More 20	2	Wished we had them for Hancock!
F	65+	Dem	Hisp	More 20	2	You word this survey where a 70 year old can't understand. During all your decisions about term limits start helping seniors!! We need food stamps and grocery money! People who are young and able to work get 1,000 or more. You give kids in school a food stamp card with 60 a month. Do this for all seniors. We need the help too. I qualify for 10.00 a month. Not worth all the paper work! We need transportation to appointments. Paul lopez help us!!!

M	45-54	Rep	Hisp	More 20	2	They all should be Denver natives who have an invested interest from birth, not Johnny on the spot from other states that they can't fix themselves. 2 terms would keep everyone on the up and up, no favoritism or handouts just cause they know them.
M	55-64	Rep	Hisp	More 20	2	Denver is in terrible shape , Mayor needs to go
F	65+	Rep	Hisp	More 20	2	My only thought is that we have become more liberal because of a lack of term limits. Also, I believe that there should only be one person running for office from each party. Not the menagerie we had last election.
M	18-34	Oth	Hisp	More 20	2	Stop cutting funds to stuff we need in the city to help illegals. Help your own citizens first before trying to help others. Or you end up in the situation we are in right now VOTE RED 🇺🇸🇷🇪🇩🇺🇸
M	35-44	Dem	Black	More 20	2	If the people are overall satisfied with the job being done by elected officials they should be allowed to stay in office. A candidate deemed a better fit by popular vote is a good reason to replace an elected official, the passage of time in and of itself is a poor reason.
F	18-34	Unaf	Refuse	Refuse	2	I'm the person that believes the third term brings balance for experience to see if all of the "fresh ideas" from the new elected city member is worth keeping or needs tweaking. And is put on the elected official who had the idea in the first place so the person can see their mistakes instead of being judged by another official and use as propaganda for election material.
M	35-44	Rep	Refuse	Refuse	2	They should only be able to hold office for a max of 8 years just like the president!
M	18-34	Dem	White	Less 5	3	The will of the voter can choose to remove elected officials in election years. I suggest the city make it easier to remove officials who are incapable of doing there job. I also suggest the city work on changing incentives to reudce the need for officials to campaign during their term.
M	18-34	Dem	White	Less 5	3	Yes pls. Lobbyists already run shit we don't need mini dictators
M	35-44	Dem	White	Less 5	3	What about a primary to determine if an optional 3rd term should be allowed for a given candidate?
F	45-54	Oth	Hisp	Less 5	3	The Mayor has bankrupted our city. He is running this city to the ground. He needs to be recalled and removed.

M	18-34	Unaf	Other	5-10	3	No elected official should be able to serve longer than two (2) terms throughout their political career within the same position. Full stop. Hancock was a perfect example of a mayor who checked out to line his pockets through lobbyists; Mike Johnston is proving to follow the same suit within his first year of failing Denver constituents.
M	35-44	Unaf	Other	5-10	3	Everything is fine
O	18-34	Dem	Hisp	5-10	3	Denver's mayor is a piece of shit!
F	35-44	Unaf	White	11-20	3	There is literally nothing that would sway my opinion: we need shorter term limits for Denver's elected officials. I will vote to approve any ballot measure that reduces term limits from 3 to 2.
M	35-44	Unaf	White	11-20	3	I do think we have a moral obligation to help the immigrants and homeless people, but we shouldn't be reducing public safety budgets, or school budget's, and all other city budgets.
M	35-44	Unaf	White	11-20	3	Single six year term limits for all! Elected officials should not be spending ANY time and effort fundraising for reelection, even once.

F	35-44	Unaf	Hispanic	More 20	3	The current state of politics here in Colorado definitely has to improve especially if we the people are calling for action and change yet the elected officials are only worried about their own agendas not the citizens of this state. M	55-64	Unaf	Hispanic	More 20	3	How about looking into hud housing I have a house across from me where the woman that lives there has people living there paying her rent when her kids have grown up and moved out that's a misuse of resources
M	35-44	Dem	Hispanic	More 20	3	I think we should allow the local administration to keep serving a long term if they are voted in again
F	45-54	Dem	Hispanic	More 20	3	Another suggestion has been to stagger Council member terms so we aren't voting on all seats in the same year. Regardless, there has been consistent turnover each election of about 5 or 6 councilmembers anyway so not sure this is necessary but I'd support it if it was on the ballot. I think some members chose not to run for a 3rd term.
M	45-54	Dem	Hispanic	More 20	3	I am extremely concerned that Denver is becoming similar to San Francisco. While Denver has been fortunate to have a lot of money at its disposal, it is not doing enough to benefit the taxpayers who deserve the most value for their money. It is crucial to take action now before it's too late.
F	55-64	Dem	Hispanic	More 20	3	Good luck have a wonderful day
M	55-64	Dem	Hispanic	More 20	3	Some type of measure should be in place to allow the two terms but a provision to allow a third term if the voters approve that candidate to extend an additional third term
F	65+	Dem	Hispanic	More 20	3	These positions should only serve two terms!!
M	65+	Dem	Hispanic	More 20	3	I think they're doing a good job.
F	18-34	Rep	Black	More 20	3	I'm definitely not concerned about longer-term limits because I feel that an elected official will get burnt out but more so that if for instance you feel an elected official is not well representing your county, 12 years gives them a lot longer time and chance to wreak havoc. It also makes it a lot easier for them to change policies and remain in office longer. I feel just like the president that 8 years is plenty long enough.

M	18-34	Unaf	White	5-10	4	City is going to hell and we all know it. Money spending is out of control. Migrant crisis is out of control. Homelessness out of control. Ranking keeps dropping year after year. Something needs to change, but it won't. Never does!
M	45-54	Unaf	White	5-10	4	The city is overrun with liberals who have no idea of what they are doing. They have destroyed the two and run off business. It's now a cess pool. All of them should be in prison. They are nut jobs and crooks. Shame on all of you.
F	18-34	Dem	White	5-10	4	If the mayor is not meeting the needs of tax paying citizens, we should be able to terminate his position before he finishes serving his first term.
F	55-64	Dem	White	5-10	4	I think 2 terms for city officials would be appropriate.
M	35-44	Unaf	Hisp	5-10	4	Two term limits is too long for anyone to be in government. We need younger and fresher ideas leading political objectives.
M	18-34	Unaf	White	11-20	4	The way the city is headed, term limits should be a requirement. I cannot wait to move away from Denver. You all in office (Mike Johnston) should be ashamed. Handout city and bankrupting. I've never felt more unsafe and will not raise my family here.

M	35-44	Unaf	Refuse	11-20	4	Incumbents definitely have an advantage, there's many perks to being Mayor, and by the 3rd term I've seen Mayors get lazy. We need Mayors to come in, work hard, establish their legacy and if they're really concerned about continuation of their work, establish and endorse a successor. 3 terms is totally unnecessary. I am very pro 2-term maximum. Make it happen!

M	35-44	Unaf	Hisp	11-20	4	In general, it is frustrating for me to discuss a topic like this with people who are against shorter term limits. In particular, the term "lobbyists" is assumed to be negative by definition, and they are assumed to always have an advantage over seated public officials. For me, the term "lobbyist" has been overused to the point where I feel like I have to ask for more context. If that term is being used in the same manner as the term "boogeyman", there's not much of an intelligent discussion to be had.
F	35-44	Unaf	White	More 20	4	Johnson is human garbage, shame we can't kick him out now.
M	35-44	Unaf	White	More 20	4	Term limits are for a reason, people shouldn't need with them, 2 terms is 8 years to get stuff done, if you couldn't do it in that amount of time then you shouldn't be in office. The run up with a new candidate is fast but it's going to happen whether it's 2 terms or 3. Lobbyists need to be pushed out of politics by overturning citizens united

M	65+	Dem	White	Less 5	5	I think this discussion should only include the mayor and city council, not the other two offices. My gut reaction is that I don't like to take options away from voters. If our mayor or city council is making extraordinary progress for our city and we prohibit them from running for a third term and we end up being forced to choose between lesser qualified candidates, the voters lose. I have a choice every four years to choose the direction I want our city to take. I really don't want to lose that option.
F	55-64	Dem	Black	Less 5	5	Eight years is more than enough time for any elected official to implement their agenda and establish future maintenance goals for future administrations to continue to carry out the people's will.
M	18-34	Unaf	White	5-10	5	2 terms is perfect! No one should be in office for over a decade, that is too long. It's good to refresh every 8 years to get new people and ideas in. I find those who are in power for a long time tend to go down the path of corruption.
M	35-44	Unaf	White	5-10	5	The rule should apply to the current clowns in city council. City council should not be a stepping stone to positions of more power, it should be mundane, community focused work.
F	65+	Unaf	White	5-10	5	Keep up the energy!
M	18-34	Dem	White	5-10	5	The argument that lobbyists hold more power on shorter limits is a daft argument. With any newly elected official, the naivety and risk of being taken advantage of by lobbyists exists either way. For an elected official who placates to lobbyists, an additional 4 years to allow this to happen is at the detriment of the citizens of Denver. This measure should absolutely be placed on the ballet and if the concern is truly lobbying, then DENVER should be the EXAMPLE and be the first city to place RESTRICTIONS on LOBBYING on the BALLOT in addition to reducing the term limits of all city elected officials.
F	65+	Oth	White	5-10	5	Not passing the bill to reduce the 12 year term because new people coming don't know what they are doing is absurd. The more experienced going out should be around to train and answer questions

O	18-34	Unaf	Hisp	5-10	5	Defund the police so that money can be used for the community. Police don't keep us safe, they murder us and hide when there's mass shooters. Put defending the police on the ballot.
F	18-34	Unaf	White	11-20	5	Unfortunately, Mayor Hancock started out very strong as mayor, but by the end of his second term, I feel he was much more focused on retaining power than putting the city first. As a small business owner who had a chance to meet him and had a lot of ideas to share as part of a tour of a BID, it was incredibly disappointing to have his visit to my store be essentially a photo opportunity for him and a handshake. I had real questions and concerns, and they didn't care at all about that. I worry longer terms translate to less action and reduced urgency to get things done.
M	18-34	Unaf	White	11-20	5	The shorter the term limits, the more time elected officials have to spend campaigning and away from their actual elected duties. It's partly why government has become so unbelievably inefficient at all levels. Beyond that, if something goes wrong during your short term, it's the next guy's problem, not yours or your family's like in a traditional monarchy. Constant re-election means officials have no ownership of their actions, whereas a traditional hereditary monarchy means you and your family live by your decisions or die by their consequences. The stakes are much higher than under a democracy, as they should be. Reject democracy and remove all term limits.
M	35-44	Unaf	White	11-20	5	I'd honestly like to see an option to extend to an additional term if an incumbent is performing well. Sometimes we'd like someone to go away just after being re-elected and other times things are going well and a change is not what is wanted or needed.
M	55-64	Unaf	White	11-20	5	City council terms need to be staggered so we are only voting for 3 or 4 at a time and we can maintain consistency and not lose large percentages in any given election year.
M	55-64	Unaf	White	11-20	5	It seems difficult to get a major out during midterms, even if they are mediocre at best. Eight years is plenty.

						I am generally concerned about corruption and lack of oversight in Colorado; the Courts have had problems with corruption which strongly alarms me, Mayor Hancock seemed to me to be corrupt in many ways, RTD is a huge mess and I am not sure who is responsible, the lack of licensing and oversight of medical employees is incomprehensible to me, the funeral services scandalous nightmare is not surprising when one considers the general refusal to provide proper oversight in the state, and I attribute it in part to the misguided streak of libertarianism in the state, including in the Governor, but one place I applaud Colorado is that children may eat at public school locations throughout the summer for their breakfast and lunch meals with accompanying adults charged a minimal amount. Please continue that! That is so important! And make schools stricter about banning any students who are charged with harming any person: you hurt someone? You lose school and must attend daily schools through a juvenile justice program which is really good at providing a strict individualized program to advance the child's academic skills so that, after appropriate trial/incarceration/release the child can do well in school and SUCCEED because they have focused solely on gaining academic skills intensively while away from school in the justice system, which also protects those students who are in school and who are not violent. No violent child should stay in school one minute longer until they have satisfied justice requirements which include intensive educational remediation and behavioral interventions. Zero tolerance for people who hurt people. Period. You hurt someone? You lose school, except for intensive academic remediation through juvenile Justice, with privileges like TV time contingent on doing the individualized school work assigned by your IEP. This includes first offenses which should be handled with consequences the child doesn't like and which are meaningful. Never let anyone off because it is their first offense. City officials who perform poorly should be removed for cause instead of tightening term limits. Stricter general standards in Colorado will be a better approach than a revolving door of corrupt people one after another after another in quick succession because their terms are brief but the oversight is lax to nonexistent. Government regulation can ensure high standards and transparency; it is not a "curse" as alleged by those who would be corrupt and evil if they could only get away with it. Come on, Colorado. Be worthy of respect. Embrace virtue. And verify.

It's only gotten worse. Maybe stop letting expensive condos and apartments be built until everyone has a home.
M	35-44	Unaf	White	5-10	7	Get Meth Camp Mike out of here now! His homeless hotels and lack of care ore ruining this city!
M	35-44	Unaf	White	5-10	7	Short term limits are the best thing for our state.
M	35-44	Unaf	White	5-10	7	There is a lot bigger issues in Denver right now than term limits and you guys spending this much time and effort on yourselves is a great indication of why this city is in the condition it is.
M	35-44	Unaf	White	5-10	7	Who is asking for this? It seems there are far more important things the City and County should be focusing on to improve the lives of Demverites. Why haven't I ever been asked to weigh in on other potential policies before the City Council that have a far greater impact on my life than this issue?
O	35-44	Unaf	White	5-10	7	I think term limits are good for any office. Too many people stay in for too long and there should be opportunities for new candidates to come in.
F	55-64	Unaf	White	5-10	7	Please quit housing drug addicts that destroy the housing they are placed in. Families/children should have priority. Those actively using need treatment and consequences to encourage recovery.

F	35-44	Dem	White	5-10	7	I like our mayor but don't have an opinion on term limits
F	45-54	Dem	White	5-10	7	I think we need to completely change our elected officials. This city is hideously, horrifically expensive expensive for normal working class people like me. I'm a single parent, but with an advanced degree. I'm a certified public accountant and I've been an accountant for 26 years. I can't afford to raise my family here. I think that entrenched public officials have been wind, dined and generally enthralled by the money being brought into the city without a thought of how that changes the affordability and culture for regular people like me. I am sick and sad to have spent eight years of my life here and I will now have to leave and take my children back to Michigan to live near my family where it's more affordable. I dreamed about my son Skiing, hiking, growing up in a fresh and clean place like Colorado but you don't care about us. You care about rich people from Texas, New York and California in the money that they could bring. No thought about the people who were already here. Two terms, no more than that. We should have the right to get rid of jerks who only care about rich people more often.
F	55-64	Dem	White	5-10	7	The Mayor is doing a bad job. It's time to look after the people that are actually paying taxes, supporting the neighborhoods, and the economy. It's exhausting and now frightening to live in this city.

F	18-34	Unaf	Refuse	5-10	7	The questions were slightly confusing. Ultimately, based on the scenarios provided, seems like lessening would be counterproductive. Would prefer tangible data and research vs. just anecdotal what-ifs. Furthermore, I doubt a shorter or longer term will address the corruption we have. Seems like a ploy to oust people who won't play along with the existing corruption.
M	18-34	Unaf	Refuse	5-10	7	Clean up the rampant fentanyl, meth and needle use in our streets and public spaces. The petty crime, homelessness, and illegal migration plaguing our streets - It needs to stop! It is inhumane what this city and country's leadership allows to continue on a daily basis in Denver as well as every major metropolitan area across the country. De-regulate builders, zoning, cost of gas, materials and labor. MAKE HOMES MORE AFFORDABLE FOR THE MIDDLE CLASS! Lower state taxes and reduce the bloat within Colorado government. Get rid of the liberal policy makers driving this city into the gutter. Send Mike Johnston back to Vail valley where he belongs with the rest of his rich white liberal friends.

I challenge you to ride the light rail on a weekday and witness the absurd amount of them that will smoke fentanyl on a crowded train and try to sell you stolen electronics. The mayor and city councils polices are facilitating these problems and making it worse. I would vote for any measure to get them out quicker for someone who can address this problem. I'm tired of inhaling rent and stepping over urine and vomit drenched people on the way to work every day.
M	35-44	Unaf	White	11-20	7	Make it 1 term. Stop making career politicians.
F	35-44	Dem	White	11-20	7	I don't believe in term limits in general. I think it allows a continued lazy electorate – if you have bad representation, that's what elections are for. Term limits make legislators and leaders only focused on the short-term, and likely political. And don't take into account decisions that need to be made long term. Also, with term limits, you lose institutional knowledge, and in a time when our institutions are being undermined, it's very important for leaders to be focused on the long term, while addressing Denver resident concerns today and maintaining and protecting decorum, rules and democracy. Limiting term limits does nothing for this and only makes electeds more hyper-political or in a rush to get policy passed when it could be short sighted.

Right now where we live we've reached out to DOTI several times to help in our neighborhood and they have been mostly ignoring and dismissive. The neighborhood challenges are only going to get worse - Denver and DOTI could step in and help intervene proactively. However it's been more "throwing up their hands and saying not my problem until possibly a few years from now". F	45-54	Unaf	White	More 20	7	Even with a return to two, four year terms, a public servant can always continue to serve their community in other ways. F	45-54	Unaf	White	More 20	7	I see efforts to change the city how the individual's wish to see the city without looking at the costs to citizens and the negative impacts their decisions create. Change is not always for the better. Watching these negative changes pushes towards lower term limits.

						They have destroyed it. The common sense balance is out. They have far left wing people who believe they are making it better by destroying our beloved town. Denver city council liberals make Boulders look conservative. It's not these radical liberals look The overly liberal allowance of the homeless & illegal immigrants is insane. (I'm not opposed the taking care of our long term illegal families but we do not need new and need to get rid of our sanctuary city. The tipping point hit. It's over. The cost of living in Denver can't be cover by taxing to give to the poor, it's pushed the middle class out. The lack of police force is sad. Even before Covid Downtown was not safe to walk alone at certain times of day, now it's bike baths along the river, alleys. Denver use to make me proud now it's sad. The work of our officials is very hard work, but they shouldn't be given or take power to destroy the city. Councilwoman Candi CdeBaca is a nightmare on a good day. The contractors who get city projects are protected to give minority run businesses the leg up, when frankly we can't afford to not just go with who can do it for the best price without hiring people who use illegal workers (thus not paying fair rates on all things) and taking advantage of people. The money thrown around Denver's city haul is sad. The green movement maybe a tad over the top for older homes and neighborhoods. Ok not a tad, A Lot over the top. Please stop wasting our taxpayers money Please stop allowing radical activists to become a protected official of power. Please bring back common sense and people who are fiscally conservative and socially responsible, and are kind to all the different economic groups that do make the city great. Stop overvaluing old homes & giving yourselves huge budgets that you sometimes waste . No more immigrants!! No more killing the small businesses and working class folks of Denver. Denver is an example of how to destroy a city.

Creo que eso no es bueno para nuestra ciudad y también no estoy de acuerdo en recortar servicios. Otra cosa las calles y carreteras están llenas de baches . M	35-44	Unaf	White	Less 5	8	This is a complicated issue - to be honest, most elected officials are primarily focused on politics rather than empirical facts, which severely undermines the functioning of a democratic government. Rather than focusing on term limits I think it would be more worthwhile to focus on ensuring that elected officials are receiving and understanding balanced, empirical data and evidence about policy issues from experts so that they can make rational decisions that will actually benefit their constituents.

M	45-54	Unaf	Refuse	11-20	8	I would also support any future ballots regarding even shorter term limits for any public servant down to 2 years, with additional 2 years, taking a maximum of 4 years total in office. Things are evolving rapidly these days. If the government is unable to complete a project by 2 years and continue developing the project or other projects for an additional 2 years, the administration is not competent enough to be in the office. We should stop long terms commitments - they are not focused and lack objectivism.
M	35-44	Dem	Refuse	11-20	8	The mayor and city council are crooks, embezzling money, falsifying records to make their housing 1000 look like it's working when it's not. Crime is rampant and he is shoveling the homeless people into Stapleton

Too many people driving around with expired tags and those who are paying are making up the slack of those who don't. Also to see that guy at the 2024 NFL draft doing "research" for an NFL draft host is so disappointing. He was there to try and garner information for a draft in the future. Why?? M	45-54	Unaf	White	More 20	8	Terms should be shorter - Our society moves very fast and our elected officials are slow to change and adapt
M	45-54	Unaf	White	More 20	8	The city is in a terrible state right now. The mayor has prioritized virtual signaling Denver as a sanctuary city for immigrants over the needs of residents of the city. Crime and homelessness are out of control. Downtown Denver is a complete embarrassment compared to many other large cities. The mayor needs to get back to the promises he made during the election last year and get the city cleaned up and improve city services. The quality of life in Denver has declined substantially and I don't see it improving anytime soon based on how the mayor is handling things.
M	45-54	Unaf	White	More 20	8	We need to increase the rate in which younger members of the community can participate in government. Reducing term limits supports this kind of turnover which is why I'm fully in support of it. Government is, age-wise, very top heavy. Our elected officials make politics their career choice, and carry their influence well beyond normal retirement age. I support anything which can counteract this at the municipal, state or federal level.
F	55-64	Unaf	White	More 20	8	I don't think this survey is nuanced enough. The conversation needs to go beyond term limits and focus on the money in our elections. Everyone interested in running should be on a level financial playing field. Outside money should not be allowed. That would matter more than term limits
F	55-64	Unaf	White	More 20	8	The Mayors handling of the homeless situation is a disgrace! I live in Central Park and he has literally destroyed this area! The trash up and down Quebec from homeless addicts walking to from shelters is disgustingly dirty ! We need addiction and mental health mandatory treatment not free homes!! And why can't we put these people to work help cleaning up our city
F	55-64	Unaf	White	More 20	8	This city can be so divided that I believe 3 terms would be 2 long. Having been satisfied with all but 2 mayora. One of which I believe was burned out after 10 years and did very little to serve I would rather get someone fresh who wants to be there than ride out the last few years of a term.

If this exists, it's hard to find. Additionally, I do not think city council and Mayor should have the same term limits of clerk and recorder and auditor. Clerk and recorder and auditor should not held to two term limits.

M	35-44	Unaf	White	Refuse	8	Denver is on the wrong track and incumbents still hold a heavy advantage due to timing of elections, low information electorate and other factors. It's time to build stronger strategy to initiate healthy turnover.
F	45-54	Dem	Black	Refuse	8	I feel that term limits alone are outdated and that all elected officials should be held accountable for achieving a specified set of metrics (defined by their constituents) in order to maintain their office for another term. If the agreed upon constituent specified set of metrics are not met then the official is no longer able to hold said office. Thus, a defined set of constituent driven SMART goals tied to term limits would be the move toward a better future system.

Say the Mayor has served two, four year terms. After taking a break for say four or eight years, they would then be able to run for election again.
M	18-34	Unaf	White	5-10	9	Mayor Johnson, you are putting illegals before your own constituents. Please revoke Denver's sanctuary city status and save our city.
M	55-64	Unaf	White	5-10	9	Entrenchment of city leaders has led to issues. Mainly in the office of mayor and city council members.
F	45-54	Dem	White	5-10	9	The homeless situation is still the biggest threat to Denver. The homeless hotels are Not a solution
F	65+	Dem	White	5-10	9	It is very difficult to think long-term when our elected representatives are not allowed to serve sufficient amount of time to see the fruits of their long-term visions. As a result, they would be forced into a "quick fix" approach to governing. I think that would be bad for our city.
F	65+	Dem	White	5-10	9	Long terms make people complacent.
M	18-34	Rep	White	5-10	9	Meth camp Mike needs to stop being a liberal slime ball and stop spending our taxpayer dollars on illegals. Stop taking funding from police and parks and rec to fund fucking illegals. You clowns

F	35-44	Unaf	White	11-20	9	The city council purports to be closer to the people but they seem to follow divisive politics more than outcome-oriented policy making. We need more policy makers not politicians. Get money out of politics. Don't expand Peña.
M	35-44	Unaf	White	11-20	9	Get Mayor Johnston out of office, now. Fix this homeless issue, clean up the drugs and violence all over Denver. Get rid of these lenient crime laws and stop the influx of people being bussed up here. Decriminalization is not the answer. This used to be a safe city, an area of the country voted as one of the best places to live and look at it now. It's embarrassing.
M	45-54	Unaf	White	11-20	9	It seems both the current mayor and much of the city council has been bought by wealthy campaign donors. While term limits don't directly address this problem, it provides new candidates with fresh voices outside of the corrupted system an occasional opportunity.
M	18-34	Dem	White	11-20	9	Term limits will decrease the effectiveness of local government that has so far been doing a good job to help the city of Denver. Denver needs more change and more action, not less. 8 year term limits would make all of that harder to achieve
F	35-44	Dem	White	11-20	9	Please do it. Also make the recall process easier so we can get rid of mistakes like Mike Johnston faster. He's destroyed the city faster than I could have ever imagined and I voted for him.
M	35-44	Dem	White	11-20	9	He should be removed immediately before he further destroys our city and wastes more money! Denver has turned to a dump thanks to the mayor's policies!
M	35-44	Dem	White	11-20	9	Let the voters decide if the elected person deserves a third term.
M	35-44	Dem	White	11-20	9	Term limits subvert the will of voters who should have broad latitude to keep elected officials they like.
F	45-54	Dem	White	11-20	9	I am concerned that the City Auditor is acting far beyond his advertised duties in going after and attacking business in Denver for purported wage theft and seeking to enforce state law over which he has no jurisdiction. We need more accountability so that the public gets to decide if this is appropriate and not one single elected official looking to make a name for himself at the expense of the business community.
M	45-54	Dem	White	11-20	9	I have worked in state govt, and I really value long-term experience in govt
M	65+	Dem	White	11-20	9	No. I just need to read measures (?) carefully and hope they are written accurately with all hidden consequences made clear.
F	45-54	Rep	White	11-20	9	The current elected officials are ruining our city. Term limits are needed to prevent woke, socialist scum from controlling our city anymore.
F	35-44	Unaf	Hispanic	11-20	9	Lobbyist will be a factor no matter 2 or 3 terms. End lobbying and improve standard of living for those facing poverty. Thank you and God bless.

F	35-44	Dem	Hisp	11-20	9	Denver is filthy, unsafe, terrible education and cares more about homeless issues and race issues than actually helping the city grow and become better. We need to focus on preventing crime, cleaning the streets, and bringing back businesses into the city. The mayor needs to get involved with Denver Public Schools because the school board and the superintendent are deplorable and dont care about the quality of education nor the safety of our students.
M	35-44	Dem	Hisp	11-20	9	Two is not enough, four terms is too many. Three is just about right.
F	45-54	Dem	Hisp	11-20	9	Term limits are essential to government that has citizens as it priority.
M	45-54	Dem	Hisp	11-20	9	The mayor is just another racist rich white person who just wants to fatten his pocket. Worst mayor ever. Just because he speaks broken spanish, he thinks he is not racist against latinos. He is a 1 trick poney who wants brownie points by housing the migrants and using our hard earned tax payer money. Booooooooooooo! He sucks!!!!
M	35-44	Unaf	White	More 20	9	The fact that Hancock and his city council goons had 12 years to drive this city into the ground is enough of a reason for me to vote for stricter term limits.
M	35-44	Unaf	White	More 20	9	Voters should make these choices every election. Term limits are stupid.
F	45-54	Unaf	White	More 20	9	I would prefer 1 term of 6 years so that they don't waste time and money running a campaign and are less likely to be influenced by raising capital for their re-election.
M	45-54	Unaf	White	More 20	9	I think 4 terms is a fair term limit that also allows for more experience in a tough job.
M	45-54	Unaf	White	More 20	9	We constantly need new blood. The argument that new politicians are more likely to pan to special interests is a red herring. The long-time politicians are more likely to be deep in bed with political advocacy on either end of the political spectrum. Well imbedded politicians tend to hold to their status quo, and our city is changing rapidly. My guess is that most of them don't live near migrant depots, homelessness, tent camps, people passed out in your front yard (happened to me last night).
M	65+	Unaf	White	More 20	9	Shorter term limits for state, local and federal government positions. This abuse of power needs to halt.
M	35-44	Dem	White	More 20	9	12 years is a lot of change in a City. Having fresh ideas every decade is a good idea, and politicians are getting to comfortable as a career rather than public service.

O	18-34	Unaf	Refuse	More 20	9	The Denver city council is plunging our city into an unsafe place that honestly scares me. People are constantly smoking crack on the lightrail I've gotten second hand smoke from it 5 times that I can remember. This is unacceptable. I have lived here my whole life and now I do not feel safe to ride the RTD that I've spent 20 plus years riding. Also the fact that the Denver city council does not consider deaths in the homeless shelters they fund is disgusting. You are destroying our city !!!!! Shame on you!!!
M	35-44	Unaf	Refuse	More 20	9	We should absolutely have lower term limits. The city is in a negative trajectory and the current city officials don't do anything to change it.
M	45-54	Unaf	Refuse	More 20	9	Corruption is a rampant issue in the Denver city council - shorter term limits keeps this more in check.
M	45-54	Unaf	Refuse	More 20	9	Denver would be better off if it had limited Hancock to two terms. (Or none)
F	55-64	Unaf	Refuse	More 20	9	Throw the bums out and send them back.
F	35-44	Dem	Refuse	More 20	9	The way in which councilman Hinds introduced universal EVSE parking requirements into the Denver Building Code was completely unethical and not transparent. This amendment has had a HUGE impact on permitting delays in Denver and costs to build (costs which get passed on to the consumer and contribute to unaffordable housing). City council shouldn't be able to "sneak" amendments into the code without stakeholder involvement. Someone should take a look at this and hold him accountable. I'm making this observation as a government employee and not a developer*

M	35-44	Unaf	Refuse	Refuse	9	They are doing an absolutely terrible job. The city is full of drug abuse, homelessness, and illegal immigrants. This administration is absolutely pathetic and I hope they are not cashing a paycheck because the city is in shambles.
M	18-34	Unaf	White	Less 5	10	I think city officials should be term limited to two terms. If they want to continue to serve the public they can run for a different office.
M	18-34	Unaf	White	Less 5	10	The existing term limits seem sufficient in ensuring turnover and fresh ideas.
F	35-44	Unaf	White	Less 5	10	We didn't vote to be a sanctuary city and I hate what the mayor is doing. We are wasting our tax dollars on illegal border crossers and removing benefits for citizens. I'm glad the homeless are out of downtown but now we will have a new wave with the immigrants. Take the \$90M and split it up to ship them out. OVER the waste of our tax dollars. So yeah, I want term limits to limit the damage this group of people can do to this city.
M	35-44	Unaf	White	Less 5	10	People in power exist only to serve themselves and gain more power to foster trickle up economics. We should clean house and flush the drain as often as possible.
M	18-34	Dem	White	Less 5	10	I believe strongly in term limits, but I mainly see them as a tool to prevent decades long stints in public office like we see in the US Congress (I grew up in Iowa and I'm looking at you Chuck Grassley). I do understand that the incumbent has an advantage but citizens get the chance every four years to reject a leader and vote for somebody better. I think that is a sufficient control and worst case, nobody can stay longer than 12 years. I do think there is a significant advantage to having somebody that knows how to work within the systems of government and that can take years to master. Those last four years of service have the potential to be very effective for change within the city.
M	35-44	Dem	White	Less 5	10	The same term limits seem to be working fine for the governor and legislature. In fact, the legislature is hyper representative because of the turnover driven by term limits. It seems silly to suggest that running Denver is more complicated than running the state.
O	35-44	Dem	White	Less 5	10	Do your best, be fair, be responsible, and be kind.
M	35-44	Rep	White	Less 5	10	I don't think the Mayor is doing a good job. I don't feel safe downtown. I see open drug use everywhere.

F	18-34	Dem	Hisp	Less 5	10	12 years period is way too long for anyone to stay in office without being re-elected. Many people turn of voting age each year, and making someone wait 12 years to use their voice is too long.
F	65+	Dem	Hisp	Less 5	10	Our current mayor is doing an excellent job and would like him to run more than two terms. He has unbelievable challenges and meets them head on....
F	35-44	Oth	Hisp	Less 5	10	We vote out the ones we dont like at election time
M	18-34	NR	Hisp	Less 5	10	All I have to say is, too long into the mandate it is much more likely that they will lose track of the good mandate.
F	18-34	Unaf	White	5-10	10	I was mainly undecided because I would be more in favor of an age limit vs a term limit.
M	18-34	Unaf	White	5-10	10	Housing first. Stop the sweeps.
M	18-34	Unaf	White	5-10	10	I think that reducing time in office for City Council is a great idea because certain members consistently fail to represent their constituents, engage in unethical, self-serving behavior, impede progress, and their term limit is necessary to ensure the city's best interests are addressed.
F	35-44	Unaf	White	5-10	10	Personally, I have worked at the state of CO and I understand our political system is complex, and yes greater knowledge of the system is helpful for getting initiatives passed and running in a reasonable manner. And yes, the lobbyists have the upper hand against those who are easily persuaded and deterred. However, when someone is voted in and turns out to not be who you believed you were voting for- it's nice to know they will only be around for 8 years instead of 12. Hancock was in office too long in my opinion and he did not work with the Denver Council like he should have. It's more important to me to block the Hancocks (and I say that being a democrat). Turnover is important. An attribute I prefer in my candidates are ones that do not bend to lobbyists, but truly remembers the people they represent. Let's focus on that.
F	45-54	Unaf	White	5-10	10	I thoroughly agree with 2 term limits for every elected official. The city auditor may be the one I would hesitate on. Financials are a bit more intricate.
F	45-54	Unaf	White	5-10	10	We need experienced people making decisions.
M	65+	Unaf	White	5-10	10	No new arguments provided
M	18-34	Dem	White	5-10	10	Shaking things up every 8 years or so seems like it would allow for fresher ideas to be implemented then resting laurels on old policy.
M	18-34	Dem	White	5-10	10	Shorter term limits for the mayor, but longer terms for city council.
F	65+	Dem	White	5-10	10	As a former lobbyist, I don't favor term limits. Institutional knowledge is incredibly valuable for elected officials. Legislation is often cyclical and therefore their experience and subject knowledge facilitates swifter and more efficient outcomes.

						Denver definitely needs a make over, i have been living in Denver 12 years and i have seen changes from 2012 to now. We are a great big city but still small. I miss 16th st mall, and the shopping. I hate that we dont have the roght resources to help our homeless citizens. I seen some smoke drugs on the capital and not for mmj. We are such great and beautiful state. Housing is mid. I live on Colfax, what a great road right? And logan and the church! But my heart breaks seen homeless sleep and die in the side of the road. Im sad because in 2013. I was homeless and DENVER HELPED ME BECOME WHO I AM TODAY, BECAUSE I WAS ABLE TO FIND HELP. Now I work in a govt building and see the city everyday, the people, i work with people in this city but between housing cost, homeless, plus the immigration, its soo sad seeing family in so called camps, kids even. Or begging for money on the mall. No resources to better people. But lots of resources for building new expensive building. Id love to sit with the mayor and talk. I Love Denver. I even tried to move to NC but came back within a month because we do have so many great resources to help me be happy confident and independent w no car!.. also may i add we 100% have the best sports teams. NUGGETS!! BRONCOS (: NoLa here and yay for sean payton and dree breeds!!! :) i love the festivities in the summer. We are a community but still a huge exciting city! 420, Cinco De Mayo, Pride, 4th of July, Taste of Colorado. And we have the 16th st mall. The games and pianos and spots to sit used to be great. I'd love to help and give suggestions. I really feel Denver is one of the best city in America. 🧡💙🧡💙

M	35-44	Unaf	White	11-20	10	Term limits will encourage fresh ideas and a more dynamic governance of Denver. The current administration is woefully uninformed about what is important to Denver's electorate. We are saddled with damaging policies that rob us of our tax contributions to this city and redistribute those revenues to people that will never reinvest in this community.

M	18-34	Dem	White	More 20	10	12 years is a long time to give anyone, regardless of their positive or negative impacts on the city. 8 years seems a much more reasonable.
M	18-34	Dem	White	More 20	10	I am professional lobbyist at the state level, and term limits within the Colorado General Assembly have been a mistake. In the first place, lawmakers often turn to ME to write legislation since I have more institutional knowledge, better relationships, and overall knack for the process. That has to be bad for democracy; nobody has elected me to anything, but I'm the one making laws. What's more, the first four years of a city council term is functionally about learning the ropes and deciding if it's something you want to do. Why deprive voters of two additional, highly productive terms from someone who has stepped up to serve and took the time and care to learn the ropes? The voters decide the term limits. Leave it as is - or expand it so there are no term limits - but don't restrict folks to 8 years. Incumbents on city council lose from time to time, evidence the system works. The Clerk and Auditor positions are highly technical; we need experts in those roles, and expertise is only gained from doing the work. Not every mayor wants to serve 12 years, anyway. Hick didn't. Pena didn't. Webb did, but those were good years. Hancock probably stuck around too long, but none of the challengers who stepped up to replace him were that great and of the original bunch, only Romer probably could've done the job. The system is fine as is.
M	35-44	Dem	White	More 20	10	Term limits prevent elected officials from getting good at their jobs. Voters should have the ability to kick them out, but term limits just give more influence to staff/lobbyists and lead to amateur government.
F	45-54	Dem	White	More 20	10	This survey is dishonest—it is not from city council. It's from some dark money operation. Shame on you

The more I think about it, I would probably choose to reject the bill. Mostly because I feel it takes atleast 4 years to fully learn something before you become proficient at it. I've also been in situations where I completely disliked people in office during election seasons but the alternative candidates are even worse. I guess I would say, I would vote yes on the bill if there were consistently exciting pools of candidates to choose from during each election and not every other election.
M	45-54	Dem	Refuse	More 20	10	Shortening term limits increases volatility in local government.
F	65+	Dem	Refuse	More 20	10	I don't think any official should have any input in selecting his predecessor. If they failed at theirs job they should not continue representing the state.
F	18-34	Unaf	Other	More 20	10	Shorter term limits are better and more in alignment with the values stated in our constitution, they also assure that our elected officials are more focused on issues than reelection. However, lobbyist being able to exert too much politically influence is a concern that needs to be addressed regardless of term limits. We should also be voting on their involvement in our political process.
F	65+	Dem	Other	More 20	10	Do better with the homeless and immigrant problem!!!
F	55-64	Rep	Other	More 20	10	Term limits are an effective tool to keep things fresh and make sure there is no stagnation and too much comfort.
O	35-44	Oth	Other	More 20	10	I think shorter terms gets more work done
M	55-64	Unaf	Hisp	More 20	10	Too many newbies don't know the ropes, need experience as much as new blood
M	35-44	Dem	Hisp	More 20	10	Denver has a great history of 12 year mayors and if people want to remove someone their vote can already do that.

M	35-44	Dem	Hisp	More 20	10	We need the mayor to take better leadership and defend the college students who are protesting a genocide happening in Gaza. Also, he needs to take a housing-first lens to address the unhoused population. The camping ban is unethical and inhumane, and better options for these people need to be found. We have the resources to house these people. Get it done! Also, raise wages for ordinary workers, especially those in mental health services.
F	65+	Rep	Hisp	More 20	10	Please beautify this city.. all construction downtown is ugly.. and the barricades making it a pedestrian walkway is so ugly.. put flower planters instead of a sign saying do not enter.. we deserve to live in a beautiful city.. tourists regret coming to Denver with all this mess.. Hancock really messed up this city so hell no on 3 term limits.. we don't need a repeat performance like that ever again
M	18-34	Unaf	Black	More 20	10	Denver is too far gone. The city is only a playground for the elite
M	65+	Unaf	Black	More 20	10	If the officials in office are intelligent, a shorter term is enough time for them to take care of business, to allow a new official to come in with fresh ideas in the best interest of Denver residents. A shorter term would also motivate the official to get things done faster and not become complacent. Denver use to be a good place to live before the legalization of Marijuana. Marijuana is what destroyed Denver! Why not put Marijuana on the ballot every four years i.e. for legalization & against legalization?
F	35-44	Dem	Black	More 20	10	They serve the people and these jobs should not be a career. The Longer one holds these positions the increase chance of corruption. Former Mayor Hancock is a perfect example .
F	18-34	Dem	White	Refuse	10	The mayor SUCKS
O	18-34	Unaf	Refuse	Refuse	10	There are currently NO leaders in the state of Colorado only individuals who want to ensure the destruction of a once beautiful state!! We need safety, security and common sense back in our state government. The state and cities are being run down and crime continues to rise. Now migrants are making demands of the city when the city isn't taking care of actual citizens!!! Everyone currently in office should get booted - they are destroying everything!
F	18-34	Unaf	White	Less 5	11	I have no final thoughts to share about term limits for Denvers elected officials. I do however about the wording of the survey. I think offering the "Unsure or No opinion" option is a misleading answer. After reading some of the statements that support & oppose this ballot, I wish there was an option listed: "this statement does not influence my decision." I had opinions about each statement, some just didn't sway my stance on the matter the way others did. Answering "Unsure of No opinion" was my way of communicating this statement has no effect on my opinion of the matter.
F	18-34	Dem	White	Less 5	11	I think the concerns about losing the experience of limited to two terms by starting over are valid. But I would hope there would be more of a warm hand-off from old guard to new guard, regardless of political party shifts.

F	55-64	Dem	White	Less 5	11	Not really. Good civil servants should be able to stay.
M	35-44	Unaf	White	5-10	11	They have all failed this city. Dissolve the government, start over, and begin mass deportations.
M	55-64	Unaf	Hisp	5-10	11	Dos mandatos son suficientes para gestionar a favor de la ciudad y sus habitantes, resolviendo el problema del deambulamiento
F	45-54	Dem	Hisp	5-10	11	Our city government especially within public safety is very resistant to change. By having shorter terms we force the ability to bring in new ideas and a shorter timeline for elected officials to show those ideas have merit. This is how we evolve. 12 years is far too long. There are changes that Mayor Johnston is looking to institute that sat on Mayor Hancock's desk for several years of his last term. He did nothing to make hard choices and innovate in his last term because he knew he didn't have to. Seeing that makes me more sure than ever that term limits should be reduced
M	18-34	Dem	Asian	5-10	11	Good luck election 2024
F	18-34	Unaf	White	11-20	11	Term limits for congress next! Free Palestine 🇵🇸
F	65+	Rep	Refuse	11-20	11	I don't think any politician is worthy to serve more than 8 years. If they cannot get the job done by that time, they are just taking the citizens' money
M	35-44	Dem	Hisp	11-20	11	Cada mandato si no cumple con las expectativas se le tiene que revocar
M	18-34	Rep	Hisp	11-20	11	We need fresh ideas
M	65+	Unaf	White	More 20	11	Good survey and makes me want to do more research before I vote
M	18-34	Dem	White	More 20	11	I would have a lot better feelings about our leadership if our law enforcement was held accountable for both their actions and inaction.
M	55-64	Dem	White	More 20	11	Public safety and increasing PDP staffing and rebranding the force
M	45-54	Rep	White	More 20	11	They should all resign. We are moving out of Denver as quickly as we can.
F	35-44	Unaf	Refuse	More 20	11	This likely wouldn't be an issue that our current city officials had to worry about if they prioritized their actual tax-paying residents.
F	55-64	Unaf	Refuse	More 20	11	Who is in charge of property taxes? My property tax increases are ridiculous and I am now charged for sewer drains that are on public property, plus water lines/electrical coming from the street. I wish I knew where the monies I am charged are actually being spent, as it is not in my neighborhood.
F	55-64	Unaf	Refuse	More 20	11	Not at this time.
M	65+	Dem	Refuse	More 20	11	Things are fine like they are give the elected officials in applying officials the time they need to do the job properly
F	35-44	Rep	Refuse	More 20	11	Term limits are a must
F	55-64	Unaf	Hisp	More 20	11	I think the city auditor has the opportunity to serve three terms because they could bring the historical value and intent of laws to the people

M	65+	Unaf	Hisp	More 20	11	I'd even vote for one term limits. Politicians are only worried about staying in office, not helping their constituents.
F	45-54	Dem	Hisp	More 20	11	2 terms is definitely enough.
M	45-54	Dem	Hisp	More 20	11	We need to elect new representatives so we can have new ideas to help on this modern era
F	45-54	Rep	Hisp	More 20	11	Necesitamos más diversidad en partidos políticos al momento de elegir los candidatos, la pasada elección únicamente corrieron demócratas y ningún independiente. Estamos los ciudadanos americanos muy descontentos por todo el crimen en la ciudad, las calles horribles llenas de hoyos y el alcalde solo le da prioridad a los inmigrantes que no pagan impuestos pero si tienen muchas demandas e exigencias. En dónde quedamos los contribuyentes, nuestros impuestos y seguridad? Los homeless ciudadanos americanos no se les ve ninguna ayuda para solucionar el problema de no vivienda, pero no tienen ni voz y voto aparentemente. Muy desilusionada del actual gobierno en la ciudad de Denver.
M	55-64	Rep	Hisp	More 20	11	When a good mayor comes around, he/she acts quickly and decisively on good decisions. The present mayor has done quick decisions on the wrong things. So has his cabinet. Can't blame the people of Denver to try to get rid of him ASAP.
F	55-64	Unaf	Black	More 20	11	They need to get it together. I'm a native Coloradan of Denver born and raised and with so many people not born here here now we natives can't afford to live here anymore and don't recognize our city (not good)!!!! Stop, just stop!!!!
F	35-44	Dem	Black	More 20	11	I think staggering when a term expires for any of these positions would be wise. It would help avoid all terms expiring at the same time
M	45-54	Dem	Black	More 20	11	Why are you doing a survey on Denver's? Mayor when he just got into office? help me understand why this survey is being even sent out when the mayor and his cabinet has not even had sufficient time to do anything he just got into office! Respectfully Archbishop Dr. Dwayne P. Taylor
F	65+	Dem	Black	More 20	11	I would rather be stuck with a bad mayor for the shorter term. A good mayor doesn't stop working for the city when they leave office. They usually offer help and advice in keeping our city thriving.
M	55-64	Oth	Black	More 20	11	I appreciate all job they did than8
