# Consistency with Adopted Plans: Blueprint Denver 2019

## Low Residential

“It is only appropriate to allow smaller lot sizes than the existing zone district if there is an established pattern in the surrounding blocks of smaller lots with similar uses that would be consistent with the zone district request” (p. 231).

# Consistency with Adopted Plans: Blueprint Denver 2019

## Policy 4: Diversity housing choice through the expansion of accessory dwelling units throughout all residential areas.

Strategy E: A citywide approach to enable ADUs is preferred. Until a holistic approach is in place, individual rezoning to enable ADUs in all residential areas, especially where proximate to transit, are appropriate. Unless there is a neighborhood plan supporting ADUs, rezonings should be small in area in order to minimize impact to the surrounding residential area.
