

DEPARTMENT OF AVIATION

CITY COUNCIL ORDINANCE REQUEST SUMMARY

Advanced Network Management (ANM) Contract

Purpose and Use of Agreement(s)

This request is for a contract with ANM to provide Cisco professional services at Denver International Airport (DEN). DEN maintains network infrastructure that provides services to all DEN facilities. DEN's network provides connectivity, transport for data, wireless, datacenter compute and storage, video, and voice services. It is designed and maintained using Cisco equipment and products. DEN's connectivity is a combination of dark fiber, DSL, routing, and switching. It operates 24x7x365 and carries several mission critical functions, including airport operations, parking, financial services, public safety, public facing wireless services, and physical security networks.

Contract(s) Description

This is a 3-year contract with 2 one-year options for extension with a termination date of 10/16/2026 and a maximum contract valuation of \$5,000,000 over that period.
