

## **Amendment 03 to Council Bill 25-0628 Concerning Waste No More**

Council members Alvidrez, Hinds, Lewis, and Parady

September 8, 2025

Council members,

I move to amend **CB25-0628** in the following particulars:

1. On page 15, after line 1, add a new subsection “(c)”, as follows: “(c) *Education and training*. The responsible party must work with waste haulers and vendors staff to reduce contamination through control of materials allowed on site and ensure training on proper bin use is provided.”
2. On page 15, line 7, strike “three hundred fifty (350)” and replace with “three hundred (300)”.
3. On page 15, line 9, strike “daily” and replace with “weekly”.
4. On page 16, strike lines 7-12, and replace with “No later than September 1, 2028, and at least every three years thereafter until September 1, 2034, after which, at least every five years, the director of the office of climate action, sustainability and resiliency shall provide a written report to City Council which shall include, but is not limited to, data on how many permitted events met or did not meet the thresholds in Section 48-155 subsections (a)-(c); explanations of adjustments under subsection 48-155(d), compliance rates, market conditions, and other information related to this article.”

### **PURPOSE OF THE AMENDMENT**

The purpose of this amendment is to change sections related to special event requirements for recyclables and organic materials to change signage requirements, thresholds for event attendance that require composting and recycling, and to adjust reporting requirements for the Climate Action, Sustainability, and Resiliency Department.

**If the amendment passes it will not require a delay in publication**
