Review Criteria: Consistency with Adopted Plans

Comprehensive Plan 2000

- Environmental Sustainability Strategy 2-F – *Conserve land by promoting infill development with Denver at sites where services and infrastructure are already in place; designing mixed use communities and reducing sprawl so that residents can live, work and play within their own neighborhoods.*
- Land Use Strategy 3-B – *Encourage quality infill development that is consistent with the character of the surrounding neighborhood; that offers opportunities for increased density and more amenities; and that broadens the variety of compatible uses.*
- Legacies 3-A – *Identify areas in which increased density and new uses are desirable and can be accommodated.*

Review Criteria: Consistency with Adopted Plans

Blueprint Denver (2002)

- Land Use Concept:
 - Single Family Residential
 - Single family residential is the predominant residential type
 - Area of Stability

Northeast Downtown Neighborhoods Plan (2011)

- Concept Land Use: Single Family Residential
- Recommendations for Low Intensity Development in Residential Neighborhoods:
 - Maintain the current mix of low scale building forms such as urban house, duplex and rowhouse.
 - Allow new development to replicate existing development patterns, including small lots, shallow setbacks and high building coverage with parking and access in the rear/off the alley...

Whittier Neighborhood Plan (2000)

- The plan identifies that “maintenance of a strong, diverse, low-density residential neighborhood is the central goal raised by residents.”
- Acknowledges that the neighborhood is almost fully developed and that as changes occur, additions to the neighborhood should complement the existing character.
