

Amendment to CB22-0426 concerning enhancing housing accessibility.

Committee Members,

I move that Council Bill 22-0426 be amended in the following particulars:

- 1) On page 17, line 4, strike “public or”.

Purpose of the Amendment

Explanation: This removes “public” because it can mean an alley or a street. This can have negative consequences because we do not want to lose more street connections in a context where we have a terrible street grid, especially in marginalized communities. This eliminates the negative potential safety hazards of expanding through public right of ways.
